Unit 303: Contribute to business success

Handout 8: Training needs analysis

This is an example of a training needs analysis, with questions that could be used when meeting with a member of the team.

Cher's name:		
	How long have you been a chef?	Briefly describe the level of your experience within the professional kitchen:

Give brief details of any qualifications you have:

Describe the main purpose of your present job:

In order of importance, list the main tasks of your job:

List the skills, knowledge, abilities and experience necessary to do your job effectively:
