Test Specification

Subject **Basic Construction Skills – Health and Safety**
Paper No. **6217 – 099** **No. of items 30**

GOLA Reference	Units	Outcomes	Underpinning Knowledge		No. of items
01.01.01	01	Health and safety at work	01.01	Individuals requirements and responsibilities related to Health and Safety	**3**
02.01.01	02	Accident reporting and emergency procedures	01.01	All accidents must be reported. The emergency procedures for the work place	**1**
03.01.01	03	Accident prevention	01.01	How to prevent accidents	**2**
04.01.01	04	Health and hygiene	01.01	Importance and requirements of health and hygiene to themselves and others	**2**
05.01.01	05	Manual Handling	01.01	Correct manual handling to prevent injuries	**2**
06.01.01	06	Working with electricity	01.01	Safe working with electricity	**2**
07.01.01	07	Use of hand-held equipment and tools	01.01	Safe use of hand-held equipment and tools	**2**
08.01.01	08	Personal protective equipment (PPE)	01.01	Importance of using PPE	**3**
09.01.01	09	Noise	01.01	Dangers of noise in the work place	**1**
10.01.01	10	Fire protection	01.01	Methods of preventing, extinguishing fires and emergency procedures	**2**
11.01.01	11	Safe working methods	01.01	Awareness of safe working methods	**3**
12.01.01	12	Control of substances hazardous to health	01.01	How to work with hazardous materials	**3**
13.01.01	13	First aid	01.01	Correct first aid procedures	**1**
14.01.01	14	Safety signs	01.01	Identification of safety signs	**1**
15.01.01	15	Store Materials and equipment	01.01	The correct method to receive and store materials and equipment safely.	**2**
