- Handling Refrigerants (2078) as an interim certificate – changes to legislation

Handling Refrigerants (2078) as an interim certificate – changes to legislation

We have been asked by F-Gas support to clarify the status of the Handling Refrigerants (2078) as an interim qualification under the new F-Gas legislation.

F-Gas Support have stressed that the 2078 qualification **will not be valid as an interim qualification if achieved after 9 March 2009** (for existing engineers) or **after 4 March 2009** for new entrants to the industry. Achieved 2078's before these dates **would** be counted as an interim certificate under the legislation.

If you need clarification on this issue please contact F-Gas Support who can provide further detailed guidance on the suitability of interim qualifications and the legislation in general. **Please note** City & Guilds cannot provide support or guidance relating to the F-Gas legislation. F-Gas support can be contacted by email at: fgas-support@enviros.com
