

New publication! City & Guilds and The IEE

July 2007

Second release in the Exam Success series!

New publication!

City & Guilds and The IEE

With full exam preparation including sample tests, advice from examiners, and tips on taking an online exam, this new book from City & Guilds and the IEE is the ideal way to prepare for exam success!

Written by experts who are closely involved in preparing the *IEE Code of Practice*, this book is designed for candidates of the City & Guilds Level 3 Certificate in the Code of Practice for In-service Inspection and Testing of Electrical Equipment (2377). It incorporates the revisions to the *IEE Code of Practice*, third edition, to be published in January 2008.

This highly accessible book includes three sample tests that mirror the online exam in style and content. These are followed by worked-through answers, cross referenced to the Code of Practice. Screen shots, clear explanations of online features, exam advice, tips and FAQs make this an invaluable resource for all candidates.

Exam Success IEE Code of Practice 2377

- ✓ reinforces learning and understanding of course content
- ✓ gives learners focused exam practice
- ✓ answers candidates' most frequently asked questions
