

Hairdressing & Barbering - Qualifications offer

The following City & Guilds qualifications have been approved for delivery as part of the modern apprenticeship for Hairdressing and Barbering.

About City & Guilds

We put quality and learning at the heart of our modern apprenticeship training and education – City & Guilds is a name you can trust.

City & Guilds works with government, employers, colleges and training providers, and trainees across a wide variety of sectors in Scotland. We are focused on meeting the needs of today's workplace.

City & Guilds is part of the City & Guilds Group – a group of five businesses all focused on giving individuals, businesses and economies the skills they need to progress.

How are the qualifications quality assured?

Our approach to quality assurance is designed to support your centre in upholding our rigorous quality standards by assigning a subject matter expert called an 'External Quality Assurer' or 'EQA'.

Our EQAs are from industry and are trained to offer advice and guidance around the delivery of qualifications. As well as being our guardian for quality, EQAs also act as mentors and provide recommendations on how your centre can continue to meet our quality requirements.

What support materials are available?

At City & Guilds, part of our promise is to support you and your learners succeed by providing you with a comprehensive level of support, ensuring you have the advice, guidance, and resources (including schemes of work, lesson plans, handout and plenty more) you need to deliver the best possible experience for your learners.
