## About the standard

Hospitality supervisors work in a variety of businesses from bars and restaurants to conference centres and contract caterers. They provide vital support to management teams and can supervise hospitality services and running shifts. They typically work under pressure and must be able to deliver customer service and motivate a team. Supervisors can specialise in specific functions or work across different functions that reflect the varied nature of the industry.

City & Guilds will be offering the following pathways:

- food and beverage supervisor
- bar supervisor
- events supervisor.

The new standard is approved by ESFA and directly replaces the Level 3 Advanced Level Apprenticeship in Hospitality Supervision and Leadership under SASE framework.

## On-programme: what apprentices need to learn

Apprentices need to complete 20% off-the-job training during the on-programme phase of their apprenticeship. Specific rules govern this and it must take place in the apprentice's contracted hours.

Formative assessment of knowledge, skills and behaviours required in the delivery of the level 3 Hospitality Supervisor apprenticeship are broken down into the following areas:

- Customer
- Business
- People
- Leadership.

Refer to the [IfATE website](#) for further details on the standard and assessment plan.

City & Guilds has developed teaching and learning materials to support employers and learning providers to deliver on and off-the-job learning for this standard. For more information, [visit our webpage for Hospitality Supervisor here](#).

## Gateway requirements

Before you can book end-point assessment (EPA), the provider and employer sign off that the apprentice will be ready for EPA.

For this standard, the employer and provider will need to sign a declaration to agree the apprentice has met the relevant Hospitality Supervisor knowledge, skills and behaviours as set out in the standard. The apprentice must have achieved maths and English at Level 2 and prepared a two week work schedule, business project and business operations brief.

Prior to any assessment occurring an initial meeting will take place with the apprentice, employer and IEPA where the assessment process and schedule of assessments will be discussed and agreed. This may be face to face or via conference call.

As part of our EPA service, City & Guilds will check all gateway evidence before the EPA event so you can have the confidence that the apprentice is ready for EPA.

## EPA: how apprentices demonstrate their learning

As defined in the assessment plan, the assessment events for this standard are:

### Synoptic knowledge test

Two-hour multiple choice test via e-volve, our platform for online testing. Graded distinction, pass or fail.

### Practical observation

Four-hour practical workplace observation. Graded distinction, pass or fail. The IEPA will assess the apprentice in the workplace.

### Business project

A project looking at an idea/opportunity to make improvements to the business. It will require a research phase and will be included in the professional discussion as a separate presentation. Graded distinction, pass or fail.

### Professional discussion

One and a half hours, graded distinction, pass or fail. Face to face or via our online video conference platform.

City & Guilds will allocate a skilled and experienced professional to assess the apprentice objectively against the standard. All assessments are standardised and quality assured.

To help you prepare apprentices and ensure they feel ready for assessment, we have created a suite of preparation resources, including:

- **EPA pack:** Details behind the standard and assessment plan, guidance on EPA tasks and grading, procedures for re-sits, timelines, venue and resource requirements for EPA. It is important that you are familiar with this information
- **EPA exemplar materials:** Available for tutors, providing real assessment examples for each assessment type, such as transcripts and examples of good practice

- **EPA preparation tool:** Personalised login for each apprentice with useful learning resources relevant to the assessment skills required for their standard, ensuring they feel ready for their EPA experience
- **recording forms:** Supporting you to complete key stages of EPA readiness, we have prepared forms to give you peace of mind and confidence that everything is covered
- **LIEPA report:** A report produced by our lead independent end-point assessor (LIEPA) with insight into the EPA results for this standard and findings across all centres. These reports can help you refine your delivery to improve success rates
- our dedicated **EPA customer success team** will be on hand to support you through your EPA journey.

## Apprenticeship certification

As well as receiving their IfATE apprenticeship certificate, the apprentice will receive a City & Guilds statement of achievement for EPA.
