Introduction

The Covid-19 pandemic caused significant disruption to the summer 2020 assessment series.

City & Guilds, working in consultation with regulators and other awarding bodies, adopted several mitigation options to ensure that affected learners received a valid and reliable result for assessments they were unable to sit. These were either estimated grades, adapted assessment or delayed assessment until they could be sat safely.

As we move into the 2020/21 academic year, we recognise that the ongoing nature of this pandemic will likely cause further disruptions for learners and centres. The observation of government guidance will bring additional challenges for the administration of assessments

For the academic year 2020/21, centres should plan to, and wherever possible, deliver all assessments in line with the requirements set out in City & Guilds handbooks and assessment materials.

Where this is not possible City & Guilds has devised adaptation guidance. This will provide details of what adaptations can be used to provide centres and learners with flexibility to support the delivery of assessment during these challenging times.

This document sets out the qualification specific adaptations available and the conditions for their adoption. This document has been designed to complement the **City & Guilds Qualification assessment adaptation guidance** document which can be found on City & Guilds COVID-19 webpages.

What is adaptation?

Adaptations should only apply if a learner(s) is not able to be assessed in the way the assessment design intended. The adaptations are in relation to the conditions and controls for assessments, the delivery of the assessments, or in some instances the assessment methodology. This document specifies the adaptations that are permitted and the qualifications and assessments to which they apply. Where an adaptation is permitted it is indicated by ✓ and where there is no adaptation permitted or needed it is indicated by ✗.

Centres are not permitted to make any further adaptation to the assessments beyond what is set out in this document.

Scope of learners

The adaptations within this document are **ONLY** available to learners who meet the following criteria:

- Are undertaking their assessment in the United Kingdom or Republic of Ireland
- Are scheduled to complete their qualification or assessments during the 2020/21 academic year

Please note these adaptations do not apply to international or End-point Assessment products.

Adaptations for:

Assessments for occupational competency. Portfolio of evidence.	All	✓ Remote assessment

For portfolio of evidence assessing competency:

If assessment is undertaken remotely by video link, it must be completed in line with the remote assessment requirements set out below **and** those listed in section 3 'Remote assessment and invigilation' in the City & Guilds 'Qualification assessment adaptation guidance' document available on our website www.cityandguilds.com/covid-19

- A vocationally competent employer or a vocationally competent senior member of staff must be present during the practical skills observation, for safety and to assist the assessor, on areas of clarification or where the assessor needs to see a close-up image
- Consent must be sought and retained as evidence from clients/customers and employers
- Assessors must complete standard assessment documentation as they would face-to-face
- Live assessments do not have to be recorded but if they are, the recording must adhere to the guidance as specified in section 3 of the 'Qualification assessment adaptation guidance' document available on our website www.cityandguilds.com/covid-19

For centre marked assignments or tasks assessing only knowledge and understanding:

These can be taken remotely by learners provided they are supervised and the centre has software or processes that maintain the security of the assessment materials, generate evidence that can be retained by the centre and authenticate that the responses are the learner's own.

Mark schemes/marking guidance and grade boundaries from tests should be used to mark the assessment and determine the final grade.

Please refer to section 3 'Remote assessment and remote invigilation' of our 'Qualification assessment adaptation guidance' document available from www.cityandguilds.com/covid-19

Where remote assessment is not an option, centres can assess learners 1:1 via oral questioning. The test content should be used as a basis for the questioning, where questions have images or tables, these can either be shared discretely from the test, an alternative equivalent image sourced or the questions can be rephrased around the image.

Oral questioning/Q&A session must be carried out by an assessor who is occupationally competent and in a way that authenticates the responses are the learners' own. These will need to be recorded in written or verbal format and linked to the assessment criteria.
