

# City & Guilds Category B1 VRQ qualifications

## 2021 Timeline for Teacher Assessed Grades (TAG)

**Submission Window 1** is a priority window and should be restricted to students who are due to complete their qualification by 31 August 2021. This window ensures that results can be processed by the published dates in August.

City & Guilds will conduct risk based external quality assurance sampling, including random sampling, carried out by our External Quality Assurers (EQAs) to determine whether TAGs can be released.

Centres will be notified **after** submission if evidence is required.

External Quality Assurance sampling activities will take place (by EQAs) to validate TAGs submitted and to ensure the correct processes have been followed
