

All about Building Services

Issue 02 May 2018

A newsletter from City & Guilds on professional and technical educational updates in Building Services for all nations.

In this issue:

- Qualification extensions and withdrawals
- New qualifications
- SmartScreen updates
- Regional Network Meetings
- Webinars
- Update on government reform

Extensions and Withdrawals

Qualification extensions and withdrawals

2365-02/03 – The assessment strategies for these two awards (Level 2 and 3) changed in October 2017. As part of our qualification review process we updated our 2365 qualifications ensuring both levels are aligned to the new 5357 apprenticeship. Initial guidance gave centres a run-out time for any Evolve based assessments and also Centre marked Unit tasks. Centre feedback has identified that further dispensation has been applied to allow some centres to continue with the old assessments for the remainder of this academic year with a change then being in place from August 2018. From that date all centres should **only** be working towards the new versions of assessments and old versions cannot be claimed.

New qualifications

Technical Qualifications approved for delivery

8202 Technical qualification - <https://www.cityandguilds.com/qualifications-and-apprenticeships/building-services-industry/electrical-installation/8202-technical-in-building-services-engineering#tab=information>

Electrical Inspection and Testing (2391) - <https://www.cityandguilds.com/qualifications-and-apprenticeships/building-services-industry/electrical-installation/2391-electrical-inspection-and-testing#tab=documents>

2382 – Going live on the website soon

JIB registration

The JIB introduced the requirement that all new apprentice registrations must hold the ECS H&S assessment, prior to an apprentice registration being made, early last year.

The H&S unit of the apprenticeship can be used as an exemption for apprenticeship registration if (and only if) the apprenticeship registration is made directly by their college or training provider.

JIB apprenticeship registration includes the first apprentice ECS card at stage 1, ECS cards at stages 2, 3 & 4 and the final full ECS gold card when the full training pathway has been completed and certificated.

Apprentice registration is made electronically by the college or training provider once they have signed up to become a JIB Registered Training Provider. Registered training providers are also able to offer the ECS H&S assessment to their students and order ECS Work Experience cards. There is no charge for a college or training provider to become a JIB Registered Training Provider. The JIB also offers a JIB Preferred Provider status for colleges and training providers that meet the requirements. There is an annual fee to become a JIB Registered Training Provider but this also attracts discounts on JIB products and additional advantages such as the use of the JIB Preferred Provider logo.

For more information about the JIB Registered and Preferred Training Provider registration please visit

<https://www.jib.org.uk/provider>

New Learning Support Materials

New enhanced SmartScreen packages available

Level 2 E-Learning for electrical and plumbing – updated with additional units since launch

- <https://vimeo.com/231921511/d24c1e8bed>

New Textbooks

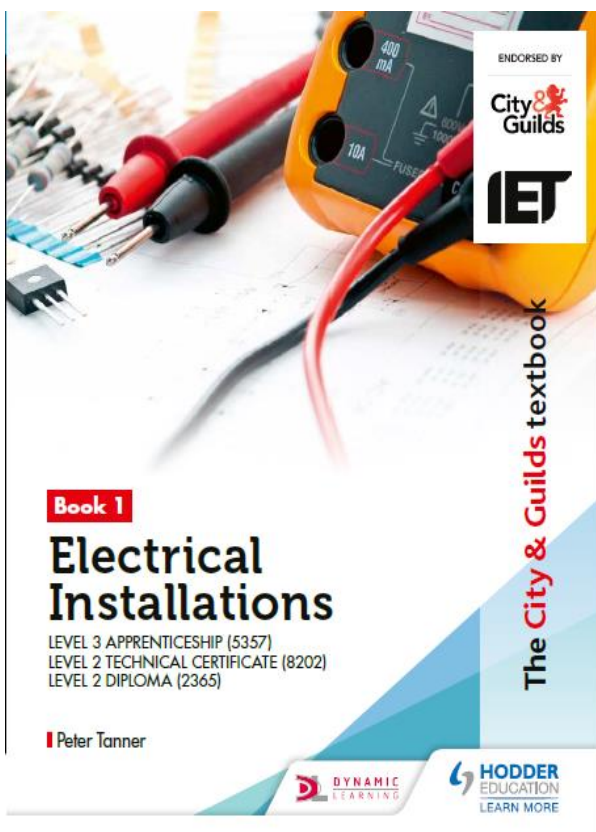

New electrotechnical books available

Book 1 Electrotechnical – September 2018

Book 2 Electrotechnical – November 2018

Book 1 Plumbing – August/September 2018

Book 2 Plumbing – Early 2019

The City & Guilds Textbook
Plumbing Book 1
for the Level 3 Apprenticeship and Level 2 Technical Certificate

Author: Michael B. Maskrey

Hodder Education and City & Guilds: partners in vocational education

Equip your learners with the tools for success with Plumbing Book 1, published in association with City & Guilds

Encourage learners to study with confidence, covering all core units for the new specifications, end of unit practice questions and activities, and practice mini-assignments for synoptic assessment

Helps students get to grips with technical content presented in accessible language and enhance their understanding of plumbing practice with clear and accurate illustrations and diagrams demonstrating the technical skills they need to master

Help students practise Maths and English in context, with embedded Improve your maths and English activities

Prepare learners for the workplace with up-to-date information on relevant key regulations and industry standard, and keeps knowledge current, with clear coverage of major modern cold water, hot water, central heating, sanitation and rain water systems

Price: £29.99
Available: August 2018
ISBN: 9781510416482

This title will also be available as a:

Student eTextbook
A downloadable version of the printed textbook that students can use offline on their own devices.
Price: 1 year: £7.50; 2 year: £12; 3 year: £17.99 • Available September 2018 • ISBN: 9781510416031

Whiteboard eTextbook
An online, interactive version of the printed textbook for front-of-class teaching and lesson planning.
Price: Small college: £150, Large college: £200 • Available August 2018 • ISBN: 9781510416000

5357 – Logbooks and Apprenticeship training manual available as writeable pdfs through a smartscreen subscription - £350

Smartscreen

2391 – Planned July 2018

2382 – Planned for 2nd July availability – prices TBC

In Partnership with the IET we can offer the following packages

- Registration alone
- Registration and short e-learning course
- Registration and short e-learning course plus Regs book and on-site guide

Following products are also available to buy independently

- Short e-learning course (7 hours)
- Full e-learning course (35 hours)
- 18th ed. Wiring Regs book
- On-site guide

Level 3 Gas Engineer Apprenticeship Training Manual

Available now - This training manual (£30) supports practical learning for the new gas apprenticeship and associated 9074 qualification – ordered through walled garden, smartscreen version coming soon

Gas Engineering smartscreen available – August 2018 £350

Regional Network Meetings/Events

With education changing at a rapid pace, City & Guilds Technical Advisors are keen to keep everyone up to date.

All our dates for networks across all areas can be found on the below link. This is constantly updated so worth having a look at various intervals to make the most of the network meetings.

Note - Look out for the Plumbing & Heating Domestic Technician National launch from the NAPT (National Association of Plumbing Teachers) is planned for the 15th June in the Midlands area. The NAPT will be writing to all centres

18th Edition IET Wiring Regulations 2018

City & Guilds and IET – 18th Edition Webinar

This webinar will focus on the upcoming 18th edition Wiring regulations (Level 3 Award in the Requirements for Electrical Installations BS 7671:2018). We will be providing a comprehensive overview of technical content, support resources and how City & Guilds can help you transition from the current 17th edition to the new 18th edition. Your presenters for this webinar will be Steven Devine MIET (Senior Engineer) at the IET and Peter Tanner Lead Technical Consultant for City & Guilds. To ensure your space for this event please book now.

- Technical update
- Scope of the required qualification
- Assessment methods and scope of assessment
- Support resources
- Impact on related qualifications and products
- Future network opportunities
- AOB
- Q&A

Update on government reforms

Trailblazer Apprenticeship standards - England

It is anticipated that several trailblazer standards for core construction trades in England will be approved by the Institute for Apprenticeships (IfA) over the next couple of months. Once approved IfA will confirm the end dates for the SASE frameworks, but with a period of time where they will be running in parallel with the new Apprenticeship standards.

To check the status of standards currently in development, please visit the government website:
<https://www.instituteforapprenticeships.org/apprenticeship-standards/>

Post-16 Skills Plan consultation - England

Public consultation on the new "T-level" reforms opened on 30th November 2017 and closes on 8th February 2018. After this point we should start to see some further defined design principals of T-levels starting to emerge.

You can take part in the consultation here:

<https://www.gov.uk/government/consultations/implementation-of-t-level-programmes>

IGEM Gas Audits

Please note – qualifications leading to GSR come under IGEM matters of gas training and have a requirement for auditable learning, information to follow

Tell us what you think

All About Building Services is a newsletter that brings together all of the key developments from City & Guilds relevant to Construction skills learning across England, Scotland Northern Ireland and Wales. It contains updates on the range of teaching and learning resources we offer, plus relevant public policy or other information we think you might be interested in.

Each edition is numbered, so we can refer back to previous issues or tell you when information has been superseded.

If there's anything else you'd particularly like us to cover or explain more fully in future issues of *All About*, please feel free to drop us a line to **buildingservices@cityandguilds.com**

For specific queries and enquiries please contact our dedicated customer support team:
PDCustomerSupport@cityandguilds.com

Thank you for your continued support.
