

Welcome to the Building Services Engineering Winter 2022 Newsletter

We hope you enjoyed your annual leave and we look forward to supporting your needs throughout 2022 and beyond.

Provider Support

Your BSE team at City & Guilds has a wealth of experience within BSE and education. Two Technical Advisors, Robert Mallender and David Pye, spend the bulk of their time working directly with providers and our Industry Manager, Salim Visram, oversees City & Guilds' entire portfolio of Building Services products and services whilst leading employer engagement. Please contact buildingservices@cityandguilds.com for further information or visit - <https://www.cityandguilds.com/what-we-offer/centres/technical-advisors>

Please join our 8202-support group on LinkedIn here - [LinkedIn Support Group](#)

Qualification Wales

We begin to travel Wales supporting centres in delivery of the new qualifications very soon, please check out the website for latest support material and information - <https://www.skillsforwales.wales/>

7201 – New level 1 for Wales Available as a pre foundation for suitable learners please check out this refreshed qualification to support pathways in the suite of new qualifications in Wales - [City & Guilds 7201 Building Services Studies](#)

T Levels –

We now have some of the free resources for delivery uploaded to the website more to follow in the coming weeks.

<https://www.cityandguilds.com/tlevels/resources>

3345 Water Regs and Unvented Certificates

Certificates are now available for learners on successful completion of the full 9189 and 6189 level 3 qualifications.

These are particularly useful when issued as an e-certificate for ease in sharing - [e-certs](#)

3345 links to other qualifications - page 274 - [9189 handbook](#) – page 78 - [6189 handbook](#)

BSE Vacancies

Refrigeration, Air Conditioning and Heat Pump Engineering IEPA
We are looking for occupationally competent Independent End-point Assessors (IEPAs) and Lead Independent End-point Assessors (LIEPAs) to conduct End-point Assessments, as the apprentice completes their training.

These opportunities give you the opportunity to work alongside your current job, to build additional income with competitive daily rates, and to continue to develop your own skills and development

<https://eqarecruitment.cityandguilds.com/vacancy/refrigeration-air-conditioning-and-heat-pump-engineering-liepa-401254.html>

We are looking for additional moderators for the plumbing team. It's a really good role if the centre are delivering Technicals as it gives a great insight into the moderation processes.

If you could share with anyone who may be suitable that would be great. Training will take place in December/January with centre visits starting in February/March. We allocate 3-4 centres per moderator so they would get to visit other centres and share good practice.

Please see below the link to the vacancies page:
