## Electrical Experienced Worker Route

Please see below the approach to the new experienced worker route for learners working towards an ECS Gold card. This process will be explained during the upcoming webinar

### Electrotechnical Experienced Worker Assessment & Learner Journey

## Gas Common Assessment Strategy

Following a review of on-site assessment requirements for qualifications leading to gas safe registration, we are pleased to announce an updated common assessment strategy. The review carried out between assessment organisations and EUSkills has been recently been agreed and accepted by the industry boards to be applied consistently across gas aligned qualifications. The updated strategy considers the flexible working practices of many employers and creates a rigorous yet flexible approach to on site assessment. The changes will come into effect from 1<sup>st</sup> September 2020 for new entrants with an option for those on programme to transfer if suitable. Please register on the webinar above and check our website for further details.

### GSR Aligned Experience and Assessment Requirements 2020

Common assessment strategy

*Experience and Assessment Requirements for Candidates carrying out qualifications and certificates leading to Gas Safe Registration*

## Provider Support

Unrivalled experience and expertise from City & Guilds

Your BSE team at City & Guilds has a wealth of experience. Two Technical Advisors, Robert Mallender and David Pye, spend the bulk of their time working directly with providers delivering City & Guilds qualifications and other products.

They work closely with Industry Manager Salim Visram, who oversees City & Guilds' entire portfolio of Building Services products and services.

## BSE Funding 2020/21

Please see following link to a brief webinar identifying funding changes for next academic year - [BSE Funding Webinar](#)

**Note:** Centres running 8202 in 2020 for the first time will need to complete a QAP approval

## Supporting you through the current crisis

With the COVID-19 outbreak presenting an unprecedented set of challenges for all of us, we are continuing to work closely with other organisations. Whilst we are unable to offer any face-to-face networks or meetings for now, we have adapted the format and content of these to make them available as webinars and online meetings, please contact us direct for dedicated support.

## Newsletter

We have a library of previous newsletter contained here - [BSE Key documents](#)
