Apprenticeship updates

Cleaning

A group of employers have come together to submit an expression of interest to develop a new trailblazer standard in Cleaning. Some of the employers involved in developing the standard are:

- NHS
- Carillion
- Mitie
- Veolia
- Interserve

This standard is in the very early stages of development. City & Guilds are actively involved as a stakeholder within the group, as the development progresses we will send out further updates.

Property Maintenance Operative (Live)

The new Level 2 Property Maintenance Operative apprenticeship is a new occupation that does not directly replace a current (SASE) Specification of apprenticeship standards for England framework. The apprenticeship will challenge learners to carry out activities across a number of trades - such as Electrical, Plumbing, Painting and Tiling tasks. Learners will complete their apprenticeship after a minimum duration of twelve months.

Our offer in a nutshell?

- ✓ Level 2 Property Maintenance Operative qualification (9673)
- ✓ Learners to carry out roles and responsibilities associated with general maintenance and the safe and effective management of the building

On programme Offer

- ✓ Available support material (logbook and assignment) for the on programme offer - which has been approved by the employer group as meeting the gateway requirements
- ✓ Enhanced logbook
 - logbook is structured and easy to followed by the delivery centre as a means to reach the gateway
 - Involves the employer as an expert witness as a means to validate the gateway
- ✓ Research assignment written with employers as a tool to measure the learners progression
- ✓ Handbook to plan delivery and outline areas of training required for the candidate
- ✓ Centres should be making registrations against 9673-11
- ✓ Centre's registering against 9673-11 will be automatically registered against the 9673-01 (On-programme element) and 9673-02 (End-Point Assessment Element)

- ✓ When the on-programme element has been completed and the gateway confirmed the centre will then be able to book End-point practical assessment using 9673-501 (or 551 if the learner is re-sitting) Reservation Request
- ✓ Completing this qualification will support progression into roles such as a Technical Specialist e.g. Electrical or Plumbing and Supervisory and Management roles e.g. Facilities Management

End Point Assessment offer

- ✓ Knowledge test consisting of a practical assessment – followed by an interview around the learners process in carrying out the practical task
- ✓ Quality assurance of the gateway in line with the requirements of the assessment plan
- ✓ Detailed specifications and delivery planner for centres who want to run EPA to enable them to get set up with regards to bays and all requirements
- ✓ EPA assessors who are competent within the relevant trade areas to ensure the employer is receiving a fully competent engineer when leaving the programme
- ✓ For more information please click on the following link below or please visit the 9673 web page

Energy

Following on from the Bonfield review that commenced in July 2015 investigating consumer advice and protection into energy efficiency for homes, as well as renewable energy options for consumers, a report into these findings has been published setting out key recommendations and how industry will set out plans to implement a vision for the future. This report in its entirety can be found [Here](#). City & Guilds are working with the key industry stakeholders and the sub-committees to ensure we play an active role in any future product creation.

Funding updates

The list for 2017 to 2018 list of qualifications in the level 2 and level 3 legal entitlement offer has now been released. Some of the products within the Built Environment Services portfolio have been allocated adult funding for 17/18. For detailed information on which products please click [Here](#)
