Due to popular demand, we're excited to offer a follow-up session on the new funding rules for additional learning support and the maths and English flexibilities in apprenticeships. This session is designed to help you implement these new rules effectively.

Hosted by a panel of expert ESFA funding auditors, this interactive session will offer you the opportunity to ask specific questions on issues such as assessing learning difficulties, how to best evidence delivery of learning support and how the flexibilities in English and maths can be applied.
