

Wave 3 update

Engineering and Manufacturing
Management and Administration

Welcome to this pre-delivery T Level quarterly e-bulletin for Engineering and Manufacturing, and Management and Administration.

This is the first of a series of bulletins that we will be sharing with you in this pre-delivery phase to support your 12-month countdown. For those of you that would like to review previous e-bulletins these can all be found on our [dedicated webpage](#).

Welcome to the new term, if you haven't already accessed all of our resources to support you in your pre-delivery of one or more of the City & Guilds Technical Qualifications (TQs) in Engineering and Manufacturing or Management and Administration, then please visit our website to find some useful information.

We have published the [draft Engineering and Manufacturing TQ specifications](#), which are subject to change. However, these draft specifications provide a good indication of the content.

Did you miss our [T Level Explained podcast series](#)? Listen to discussions with employers and universities on industry placements and progressing with a T Level.

T Level introductory webinar

This webinar is for new Providers or those intending to teach the T Level TQs in Engineering and Manufacturing from September 2022.

Date: Thursday 14 October
Time: 10.00 - 11.00 (BST)

Approval support update

The approval window for eligible providers who wish to apply for September 2022 delivery will open on Monday 28 February 2022. We are currently reviewing and revising our approval process ready for next year and will start to communicate the process later this year.

Existing providers, and providers eligible to apply for 2022 delivery will be invited to a webinar in January which will provide a comprehensive overview of the process, how to access the approval documentation and the support that will be available from our Quality team and Technical Qualification Associates (TQAs).

We will also set up an approval and quality assurance web page in the new year, where all documents and guidance will be available.

For any queries in the interim, providers should contact our quality team at technical.quality@cityandguilds.com

Click on the accordions below to read more about each of the following topics:

• [Engineering and Manufacturing](#)

• [Management and Administration](#)

• [Employer Industry Board](#)

• [Updates from the Department for Education](#)
