# 1 Overview of the core assessments brief recap from high level (part 1) 2 Assessment window-tasks-timings assessment conditions 3 Assessment objectives 4 Employer Set Project (ESP) the detail 5 Evidence required 6 Q&A

- Overview of Core assessment
- The assessment requirements of the ESP Core
- Evidence

- Occupational specialisms
- Progression
- Industry placements
- Reviewing content
- Core Theory Exams

Will there be any additional support for uploading of evidence?

Yes, there is a guide for the ESP Link below ESP Guide

When will the ESP be released to centres?

The ESP will be available to centres on 27<sup>th</sup> March 2023 via your T Level portal. You will be notified how you can access this. All 6 tasks will be released to you at the same time to help you plan your assessments.

Link to Key date Schedule Resource Hub

When can I release the ESP to learners?

The ESP is administered to learners during the assessment window which opens on 3<sup>rd</sup> April and closes on 12<sup>Th</sup> May 2023.

How is the ESP marked and graded?

The ESP is externally
marked by C&G-an
overview of how this is
marked is covered in the
webinar presentation

Q&A

\*It is crucial that centres read all the assessment documentations ahead of delivering the assessments. Can learners retake/resit the ESP and if so, when?

Yes there is an opportunity for a resit/retake in the autumn series which runs from 6<sup>th</sup> November to 1<sup>st</sup> December 2023

How is the ESP structured, what do learners have to do?

7-LEVELS Institute for Apprenticeship

What evidence do I need to provide to C&G?

Q&A

All these questions are answered in the webinar presentation

What do we need to do to keep assessment evidence secure?

What does each task consist of ?

How long do learners have to complete the ESP?

# Overview of the Core assessments for Management and Administration Learners must complete:

- Two externally set exams covering knowledge from the M&A core
- One employer-set project covering knowledge and skills from the core

# BHow the Employer Set Project (ESP) is structured (sample)

	Task		Time	Marks
1.1	(i) Research		2 hours	
	(ii) Outcome of research		4 hours	20 marks
	(iii) Determine a solution		2 hours	
1.2	Project Initiation Document (PID)		3.5 hours	17 marks
1.3	Project Planning		4 hours	17 marks
1.4	Presentation		3.5 hours	19 marks
2.1	Collaborative problem solving		2.5 hours	12 marks
2.2	Evaluation		3.5 hours	15 marks
		Total	25 Hours	100 marks

- \*\*\*Tasks must be released to candidates in order of sequence and one task at a time
- The time allocated and allocation of marks are not related
- It is the weighting and level of skills being assessed that determine the marks for each task.

# **Employer Set Project (ESP)**

The employer-set project samples content from across the core of the Technical Qualification (TQ). However, due to their importance all versions of the employer-set project will cover content from the following core underpinning knowledge outcomes of specific knowledge and skills for each specialism will be assessed in the practical assignments:

The project is linked to the core skills

- Core Skill A (CSA) Business and commercial awareness
- Core Skill B (CSB) Project Management
- Core Skill C (CSC) Communication
- Core Skill D (CSD) Working collaboratively with others
- Core Skill E (CSE) Applying a logical approach to problem solving

#### **Assessment overview:**

The project only draws on the content from the common core knowledge and skills content that sit across all core modules for the Management and Administration common core.

Learners will be marked on the quality and accuracy of the written work they produce.

# Ensure core skills from the handbook are embedded in delivery:

- Core Skill A (CSA) Business and commercial awareness
- Core Skill B (CSB) Project Management
- Core Skill C (CSC) Communication
- Core Skill D (CSD) Working collaboratively with others
- Core Skill E (CSE) Applying a logical approach to problem solving
- Maths, English and digital skills

The skills column in the handbook identifies where these skills can be developed

2.7 Team working and methods of working as part of a team.

#### Range:

**Methods of working -** Different communication methods, different learning styles, team roles, use of collaborative working to achieve results and shared goals, the types of organisation function each team member could be responsible for.

#### What do learners need to learn?

The different types of teams and collaborative groupings that exist in organisations and the reasons for setting up a team, including temperary teams for a project, full-time working teams that involve different functions and stakeholders, and remote/dispersed teams that operate across multiple locations.

The different roles in a team, the importance of working as part of team and the benefite to individuals and the organisation of team working. The impact of team dynamics on team success.

Belbin's model of team roles. The different roles described, and how the different roles support team working within an organisation.

The impact any conflict in the team can have on the project/organisation and

# Assessment Objectives & Weightings - ESP 7-LEVELS | \*\* Institute for Apprenticeship & Technical Education

Assessment Objective	Typical Evidence (examples in brief)	Approximate weightings
AO1 Planning skills and strategies	Clearly structured response to brief, cohesive response with ordered sections, logical approach to referencing, research and sources,	12%
AO2 Apply knowledge and skills to the context of the project	Relevant core knowledge and skills applied to respond to brief, references relevant research and project planning tools, software, and processes.	50%
AO3 Analyse contexts to make informed decisions	Analysis of key issues, evidence of risk rating and prioritisation of key issues relating to brief,	12%
AO4 Use maths, English, and digital skills	Use of correct terminology, abbreviations, units of measurement in context, consideration of audience of brief response (technical versus non-technical wording), appropriate use of calculations/graphs etc, consideration of the use of ICT and digital methods both in brief response and in presentation.	14%
AO5 Carry out tasks and evaluate for fitness for purpose	Considered analysis and evaluation of project outcome, what went well and what could be improved	12%

#### **Employer-set project assessment**

#### Assessment objectives

The employer-set project is assessed against five assessment objectives. The assessment objectives are mapped against each task within the marking grids:

		Assessment Objective
AO1		Plan their approach to meeting the project brief
AO2		Apply core knowledge and skills as appropriate
•	AO2a	o core knowledge
•	AO2b	o core skills
		<ul> <li>i) business and commercial awareness e.g. conducting a PESTLE analysis to inform a change project</li> </ul>
		<ul> <li>ii) project management e.g. planning, managing and evaluating a project using appropriate tools and methodologies</li> </ul>
		<ul> <li>iii) communication e.g., providing information and advice, undertaking presentations of information</li> </ul>
		<ul> <li>iiii) work collaboratively with other team members and stakeholders e.g., to identify solutions to problems</li> </ul>
		<ul> <li>v) applying a logical approach to solving problems, using analysis of advantages and disadvantages, identifying issues and proposing solutions</li> </ul>
		<ul> <li>vi) undertaking research e.g., obtaining information/data through different forms of research, meeting requirements of a defined brief</li> </ul>
		<ul> <li>vii) reflective practice e.g., reviewing performance and own behaviours, identifying ways for improvement and supporting delivery of quality outcomes</li> </ul>
AO3		Select relevant techniques and resources to meet the brief
AO4		Use maths, English and digital skills as appropriate
•	AO4a	o maths
•	AO4b	o English
•	AO4c	o digital
AO5		Realise a project outcome and review how well the outcome meets the brief
•	AO5a	<ul> <li>realise a project outcome – was the right outcome achieved</li> </ul>
•	AO5b	<ul> <li>review how well the outcome meets the brief, how well was the brief met, the quality of the outcome in relation to the brief</li> </ul>

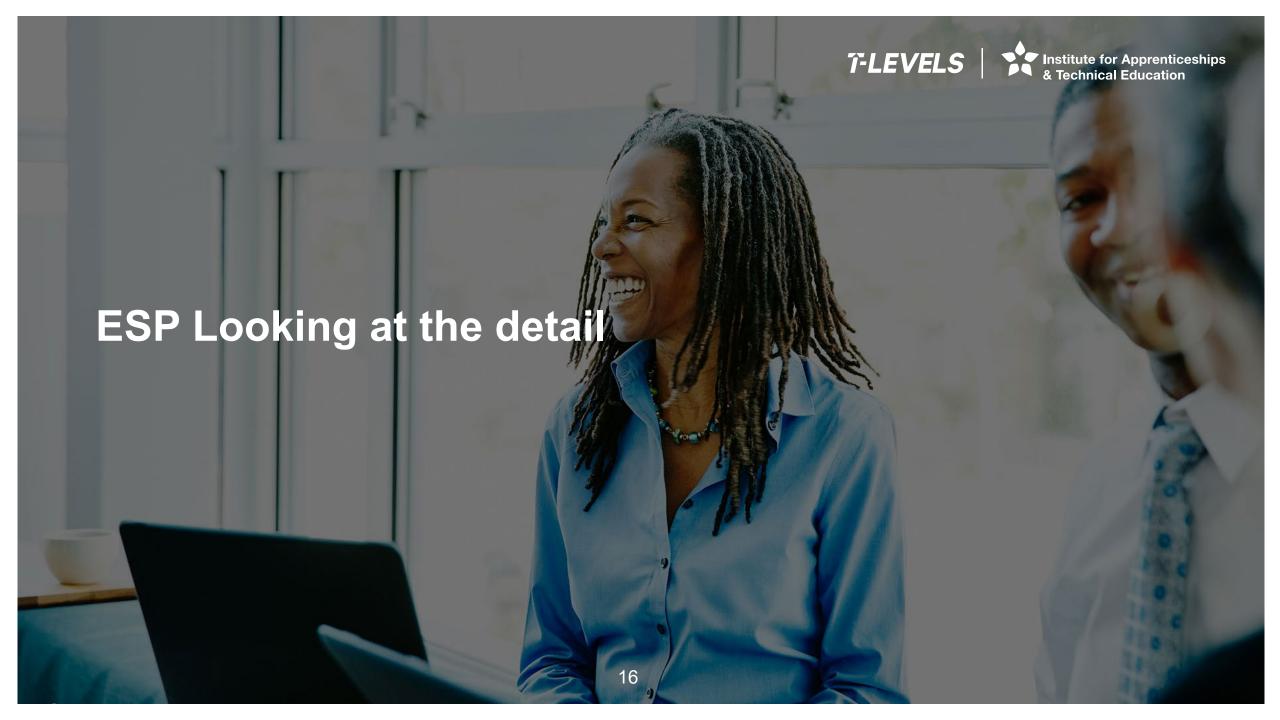

#### Employer-set project mark distribution

This table illustrates how the 100 marks for the employer-set project are distributed against the tasks and mapped to each assessment objective. These have been set by subject matter experts and employers and will support the comparability between versions of the employer-set project over time.

# Task 1.1 – Investigate the project brief

#### **Employer-set project mark distribution**

This table illustrates how the 100 marks for the employer-set project are distributed against the tasks and mapped to each assessment objective. These have been set by subject matter experts and employers and will support the comparability between versions of the employer-set project over time.

Tasks	AO1	AO2a	AO2b	AO3	AO4a	AO4b	AO4c	AO5a	AO5b	Total
				Р	art 1					
1.1 Investigate the project brief	2	6	6	4	2	0	0	0	0	20

#### 8 hours duration, 20 marks

#### The evidence required :

- PESTLE analysis
- Research outcomes summary table
- Cost vs. benefit analysis highlighting the best solution-(Payback (ROI) Calculations are set out and all workings shown).

#### **Task specific requirements:**

- Internet can be used
- Collect work after each session keep securely (memory stick/ locked cupboard)
- Pdf or scan work so learners can refer but not rework a task once it is completed

# Task 1.2 – Project Initiation Document (PID)

Tasks	AO1	AO2a	AO2b	AO3	AO4a	AO4b	AO4c	AO5a	AO5b	Total
				Р	art 1					
1.2 Project Initiation	4	3	6	4	0	0	0	0	0	17

3 ½ hours in duration and 17 marks available

#### **Evidence required:**

Completed PID document a template is provided that you must use and submit.

#### What should be included in the PID:

- Background and Scope
- Project Rationale
- Project aims and objectives
- Budget
- Who the Project Management Team is
- Who the Project Key Stakeholders are
- What are the Project Deliverables
- Identify any risks
- Quality Management Method
- Project Evaluation Method

#### Task specific requirements:

Internet is not allowed for this task

# Task 1.3 – Project Planning

Tasks	AO1	AO2a	AO2b	AO3	AO4a	AO4b	AO4c	AO5a	AO5b	Total
				Р	art 1					
1.3 Project planning	3	4	4	4	2	0	0	0	0	17

#### 4 hours duration 17 marks

#### The evidence required :

- Project Plan-on- a-page in the form of a spreadsheet
- A supporting statement approx. 750 words (e.g. 1 ½ sides of A4)

#### Task specific requirements learners must consider:

- Project goals, objectives and key stakeholders
- Project deliverables
- Project schedule
- Resource support plan
- Communication plan
- Risk management plan
- Evaluation methods

No internet required/allowed

#### Task 1.4 – Presentation

Tasks	AO1	AO2a	AO2b	AO3	AO4a	AO4b	AO4c	AO5a	AO5b	Total
				Р	art 1					
1.4 Presentation	0	3	6	0	0	6	4	0	0	19

3 ½ hours in duration and 19 marks

#### **Evidence required:**

- Presentation materials e.g. slides, handouts etc
- Video recording of presentation.

#### Task specific requirements:

- Project plan from task 1.3 must be used to form the basis of the presentation
- Learners have 3 hours to prepare a digital presentation (PowerPoint)
- Learners have 15 minutes to present their findings and 15 minutes to respond to 3 questions
- No access to internet
- Candidates' completed project plan-on-a-page from task 1.3 should be used by the Tutor as part of this task to help to inform the questioning after the presentation.

#### (please refer to centre guidance for full explanation)

- The presentation should be presented by candidates individually (not in a group).
- Bullet points
- Given within the presentation tutor needs to assume role of 'the audience' and will need to ask three
  questions that are contextualised to the candidates' presentation. Please refer to the 3 level of depth
  questions and base your questions on this. (ESP guide page 12 example shown)

Key question area	Questions e.g.,
Planning	What approach did you take to planning, and why?
	You have outlined in some detail your approach to planning, did you consider any other elements when taking this approach?
	What did you find the most challenging aspect of planning the project to meet the objectives outlined in the brief and how did you overcome this?

- Although the presentation is to be videoed its good practice to note the questions asked and the candidates' responses
- It's recommended a second member of staff is available to support with the recording of the assessment, ensuring video equipment is working and the visual and sound is being captured
  - Crib sheet for presenting e.g., name-subject- eye contact-projection of voice microphone.

# Task 2.1 – Collaborative problem solving

Tasks	AO1	AO2a	AO2b	AO3	AO4a	AO4b	AO4c	AO5a	AO5b	Total
Part 2										
2.1 Collaborative problem-solving	3	3	6	0	0	0	0	0	0	12

#### 2 ½ hours and 12 marks

#### **Evidence required:**

- Draft discussion notes
- Advisory note (approximately 300 words)
- A social media message (maximum 280 characters) hard copy or file saved securely.
- Video recording of discussions

#### Task specific requirements:

- Must be carried out in small group (recommendation is groups of 3)
- All learners must contribute to the discussion

# Task 2.1 – Collaborative problem solving (continued)

#### Task specific requirements:

- Learners should be clearly identified e.g. name tag or say name before contributing to discussion
- Learners have 1 hour to complete the group discussion.
- Learners should work on their own for the first 30 minutes of the allocated 1 hour for the group to allow them to prepare and make notes before taking part in the discussion
- The 1 ½ hour remaining of the task is for learners to complete their advisory note and social media message.
- Remind learners how long left they have for each task
- A separate microphone positioned between the candidates is recommended.

## Task 2.2 – Evaluation

Tasks	A01	AO2a	AO2b	AO3	AO4a	AO4b	AO4c	AO5a	AO5b	Total
Part 2										
2.2 Evaluation	0	0	3	0	0	0	0	6	6	15

3 ½ hours **15** marks

# Evidence required:

An evaluation account (approximately 1000 words).

#### **Task specific requirements:**

- Learners can structure their evaluation account in the way they feel is most clear and appropriate.
- Use of the Internet is not permitted

#### **Hints and Tips:**

- What went well—what didn't go so well and what would you do differently next time? (Include how to improve)
- Learners could write about each task separately or at the end as one summary account
- Make sure learners link their evaluation to the tasks and project brief.
- Make sure learners don't just give a task-by-task explanation instead of an evaluation of their work.

# **Security of Assessments**

- There is specific guidance within the centre and candidate guidance pack relating to this
- Candidate evidence must be kept secure to prevent unsupervised access by the candidate or others
- Where evidence is produced over a number of sessions, the tutor must ensure candidates and others cannot access the evidence without supervision
- This might include storing written work or artefacts in locked cupboards and collecting memory sticks of evidence produced electronically at the end of each session.

## **Example of marking for task 2.2 Sample M&A ESP Marking Grid Guidance**

#### Task 2.2 - Evaluation

#### Indicative content

Typical evidence may include:

#### Content

- Reflection on effectiveness and success of responses across project tasks
- Considered analysis and evaluation of project outcomes and detail of whether all project outcomes were achieved.
- Evaluation of project brief documents showing knowledge of the full project lifecycle including its closure phase.
- Lessons learned An evaluation of task responses indicating what was successful and the reasons why, and what different steps
  may be taken next time to make future projects more successful.
- Evaluation and self-reflection of own abilities to manage project objectives and outcomes, including detail of how the chosen
  proposed technology solution and project planning for its implementation met the requirements of the charity organisation as detailed
  in the project brief.

#### Skills

- Effectively evaluate own performance and behaviours
- · Ability to be able to reflect on own experience and articulate what they have learnt

#### **Guidance for markers**

The following evidence must be used to assess performance against this task.

Written summary statement

**Note**, where guidance has been provided on an approximate word count for the written summary statement, this is for guidance to learners only. There is not a requirement to award marks based on the word count, but instead the response should be marked based on the quality of response.

Note: where there is insufficient evidence to award a mark, a zero mark may be given

#### Learning outcomes

Core knowledge outcomes that you must understand and learn.

#### Key terms

Important terms that you should understand.

#### Industry tips

Useful tips and advice to help you in the workplace.

#### Research

Research-based activities – either stretch and challenge activities, enabling you to go beyond the course, or industry placement-based activities encouraging you to discover more about your placement.

#### Case study

Placing knowledge into a fictionalised, real-life context. Useful to introduce problem solving and dilemmas.

#### Test yourself

A knowledge consolidation feature containing questions and tasks to aid understanding and guide you to think about a topic in detail.

#### Health and safety

Important points to ensure safety in the workplace.

#### Improve your maths

Short activities that encourage you to apply and develop your functional maths skills, in context.

#### Improve your English

Short activities that encourage you to apply and develop your functional English skills, in context.

#### Assessment practice

Knowledge-based practice questions to help prepare you for the exam.

#### **Project practice**

Short scenarios and focused activities, reflecting one or more of the tasks that you will need to undertake during completion of the employer-set project.
