

Construction & BSE T Level Webinar

Friday 22nd May

Construction Portfolio

T Levels

Construction: On-site and
Building Service Engineering (BSE)

Welcome to today's webinar, we will be
starting shortly

Agenda

1. Introduction to the webinar and panel
2. Covid-19-
3. Introduction to T Levels-
4. Construction and BSE routes-
5. Milestones- Where are we?
6. Working with us and Employer Industry Board
7. Support and guidance
8. Connect with us
9. Q&A

Introductions

Technical Advisor

Construction- Jason Howe

Technical Advisor

BSE- Rob Mallender

Industry Manager

BSE- Salim Visram

Supporting Customers – Covid-19

We understand that these are extraordinary and unprecedented times, and we are working closely with education providers, employers and governments to monitor the Covid-19 situation, and putting in place measures to support our employees, customers and stakeholders.

To remain updating please keep checking our dedicated webpages here - [Covid-19 pages of our website](#)

Please send direct questions to - Product.cs@cityandguilds.com

What are T Levels and Technical Qualifications?

T Levels will become **1 of 3** major options when a student reaches Level 3

Key principles

To ensure the skills system responds to the changing labour market, employers, providers and other partners need to be involved in both design and delivery.

Co-creation: shaping occupational standards and designing wider T Level content.

Co-delivery: employers offering industry placements to T Level students so they can apply the knowledge and skills they have learnt in college.

T Level programme composition

1800 hours over two years. Achievement of T Level must include all components. UCAS points will be attached and will be equivalent to 3 A levels.

CORE

20-50% Total TQ time

Graded A* - E

Core 1 Concepts & theories

Core 2 Transferable/Core skills

Assessment:

- External exam
- Substantial employer set project

OCCUPATIONAL SPECIALISM

50-80% Total TQ time

Graded Pass/merit/distinction

Based on occupational maps

No less than 50% of the total qualification planned time

Threshold competency

Assessment:

- Synoptic practical assignment(s)

**WORK
PLACEMENT**

315-420 hours
Min 45-60 days

**Maths, English
and digital skills**
GCSE or
Functional Skills
Level 2

LTP
(other
requirements set
by T Level panel)

**Enrichment
– tutorial**

Technical Qualification Design

Construction

Building Services Engineering

Technical Qualification overview for Construction: On-site

Core component External Exam & Employer set project

Occupational specialisms: Synoptic Assignment (practical tasks)

Carpentry
& Joinery

Plastering

Bricklaying

Painting &
Decorating

Learners must complete;

- Construction core
- one occupational specialism

Technical Qualification overview for Construction: Building Service Engineering (BSE)

Construction Core Component

BSE Core Component
External Exam & Employer set project

Learners must complete:

- Construction Core
- BSE Core
- **2** Occupational specialisms

Occupational specialisms: Synoptic Assignment (practical tasks)

Plumbing

Electro Tech
Engineering

Ventilation

Gas
engineering

Heating
engineering

Air Con
Engineering

Elec &
Electronic equipment
engineering

Protection
systems
engineering

Milestones - time to get involved

Working with us

We're keen to work with sector specialist groups and providers, we value your input and want to understand the best ways of working with you.

We can be flexible with dates and means of communicating, we just want to ensure your input is gained.

Get in touch: qualdevelopment@cityandguilds.com

'I would encourage everybody to get involved in helping to shape the future of our industry through these T-levels'

Martyn Price MBE

Chairman of the CCATF

(Cross-industry Construction Apprenticeship Task Force)

Employer Industry Board

In early summer 2020 we are looking to launch our new look collaborative Employer Industry Board for Construction and Building Services.

The EIB will be integral to our future developments in the Construction and BSE industry.

This board will be made up of trusted representatives. They collectively will come together regularly to discuss and highlight industry changes and demands that will influence the future training and development of both the Construction and BSE qualifications and assessments.

If you would like more information regarding the Employer Industry Board please contact Jason Howe- Jason.howe@cityandguilds.com or

Salim Visram- Salim.Visram@cityandguilds.com
