

## Construction: On-site and Building Service Engineering (BSE)

Welcome to today's webinar, we will be starting shortly

**T-LEVELS**

# Construction & BSE T-Level Webinar

Monday 15<sup>th</sup> June 2020

## Agenda

1. Introduction to the webinar and panel
2. Covid-19
3. Milestones- Where are we?
4. Construction and BSE routes- New Updates
5. Working with us and Employer Industry Board
6. Support and guidance
7. Connect with us
8. Q&A

## Introduction and Contact Details

**Technical Advisor- Construction**

**Jason Howe**

Awaiting number

## Supporting Customers – Covid-19

We understand that these are extraordinary and unprecedented times, and we are working closely with education providers, employers and governments to monitor the Covid-19 situation, and putting in place measures to support our employees, customers and stakeholders.

To remain updating please keep checking our dedicated webpages here - [Covid-19 pages of our website](#)

Please send direct questions to - [Product.cs@cityandguilds.com](mailto:Product.cs@cityandguilds.com)

## Milestones – Where are we?

Draft TQ content and assessments were submitted to IfATE and the Industry Panel April 2020. Feedback was very positive with focus points.

Milestone 2 was submitted to IfATE 1<sup>st</sup> June. Awaiting feedback.  
Thank you for all providers and employers for support in development and validation.

Full approval submission to IFATE and OFQUAL

## Technical Qualification Design Construction & Building Services Engineering

## Technical Qualification overview for Construction: On-site

**Core component**  
**External Exam & Employer set project**

Occupational specialisms: Synoptic Assignment (practical tasks)

**Learners must complete;**

- Construction core
- one occupational specialism

## Technical Qualification overview for Construction: BSE

Construction Core Component

BSE Core Component  
External Exam & Employer set project

### Learners must complete:

- Construction Core
- BSE Core
- Occupational specialisms

Occupational specialisms: Synoptic Assignment (practical tasks)

Plumbing

Electro Tech Engineering

Ventilation

Gas engineering

Heating engineering

Air Con Engineering

Elec & Electronic equipment engineering

Protection systems engineering

Refrigeration engineering

## Technical Qualification overview for Construction: BSE

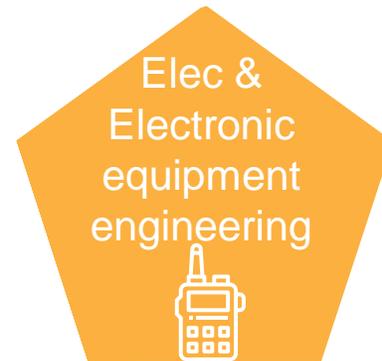

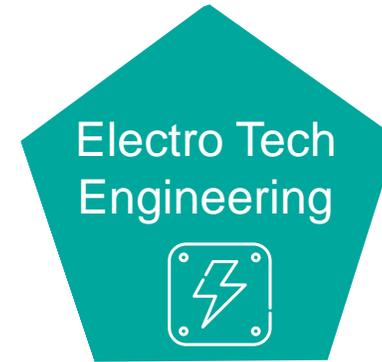

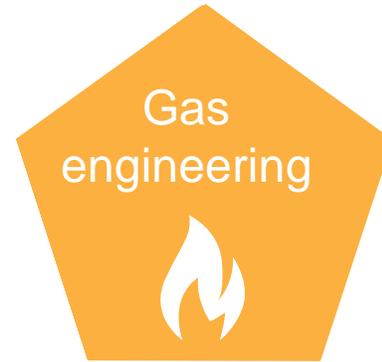

### Occupational specialisms

#### AN IMPORTANT UPDATE

The following Occupational Specialisms will be delivered as standalone - i.e. where students takes one of the OS, they are only required to complete one OS assignment along side the core component:

- Electrotechnical Engineering
- Electrical and Electronic Equipment Engineering
- Gas Engineering
- Protection Systems Engineering

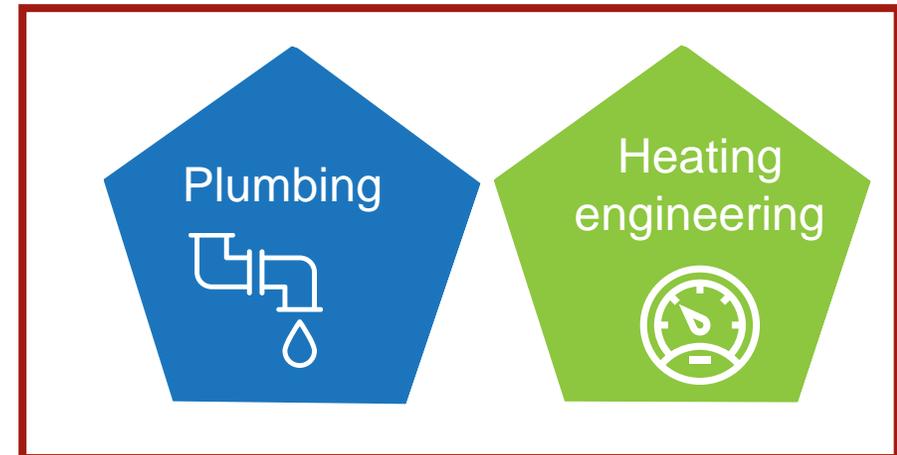

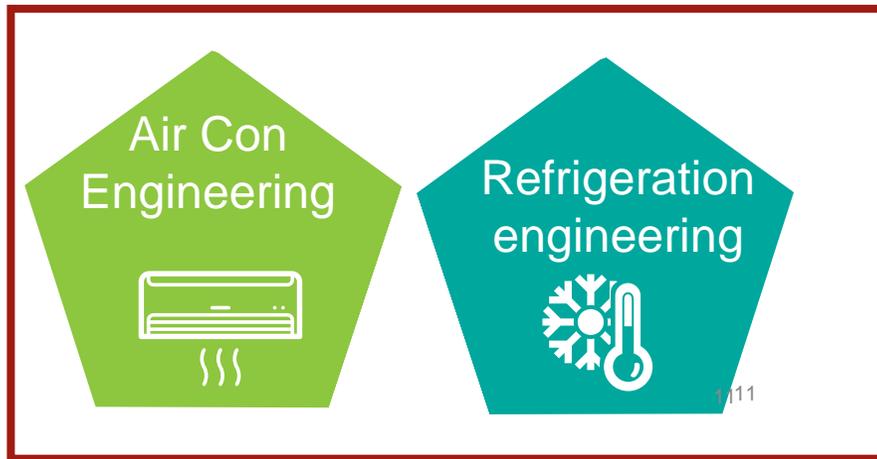

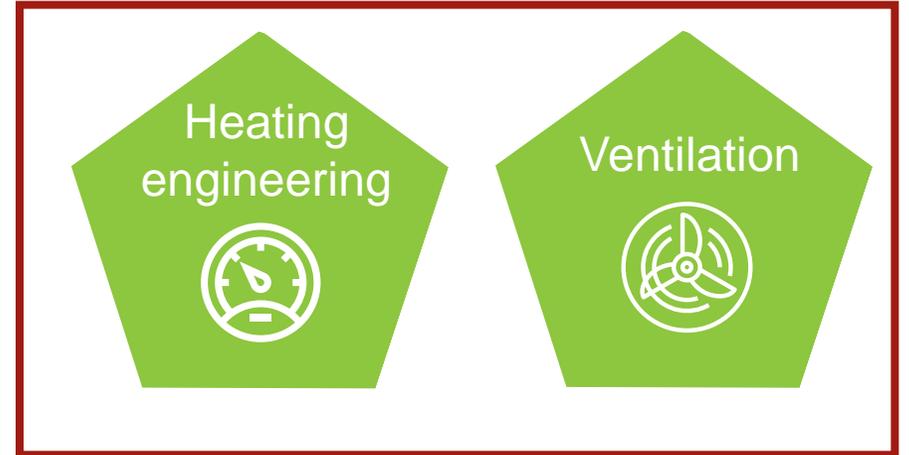

## Technical Qualification overview for Construction: BSE

### Occupational specialisms

#### AN IMPORTANT UPDATE

The following Occupational Specialisms will be delivered as a pair - i.e. these are mandatory pairings and a student will be required to complete both assignments (one for each OS) alongside the core component:

1. Plumbing and Heating Engineering – *the Plumbing OS covers Commercial and Domestic content*
2. Heating Engineering and Ventilation
3. Refrigeration Engineering and Air Conditioning Engineering

## Working with us Construction & Building Services Engineering

## Milestones - time to get involved

Milestone 1

Employers and providers input

Complete- Thank you

Milestone 2

Employers and providers input

Complete- Thank you

Milestone 3

Employers and providers input in future validation sessions-  
29<sup>th</sup> June- 10<sup>th</sup> July

Providers and employers to be involved in the validation of the new draft TQ and sample assessments. Please email Qual development below to be involved.

## Employer Industry Board

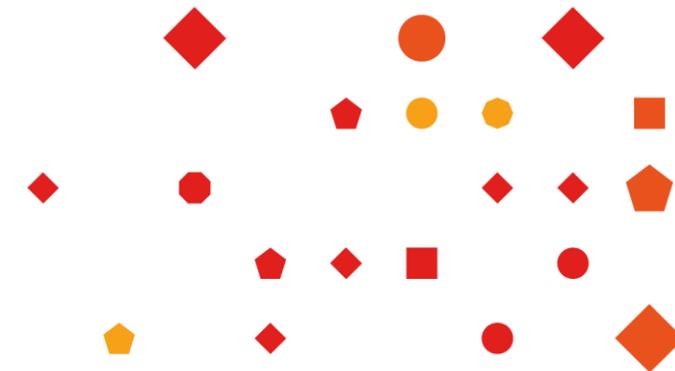

In early summer 2020 we are looking to launch our new look collaborative Employer Industry Board for Construction and Building Services.

The EIB will be integral to our future developments in the Construction and BSE industry.

This board will be made up of trusted representatives. They collectively will come together regularly to discuss and highlight industry changes and demands that will influence the future training and development of both the Construction and BSE qualifications and assessments.

If you would like more information regarding the Employer Industry Board please contact Jason Howe- [Jason.howe@cityandguilds.com](mailto:Jason.howe@cityandguilds.com) or Salim Visram- [Salim.Visram@cityandguilds.com](mailto:Salim.Visram@cityandguilds.com)

Or Michael Scarrott- [Michael.Scarrott@eal.org.uk](mailto:Michael.Scarrott@eal.org.uk)

## Supporting you Supporting 2021 providers

## Future Webinars

### Generic Construction & BSE with 2022 providers

Monday 13th July 13.00-14.00

<https://attendee.gotowebinar.com/register/8679019629388437515>

### 12-month countdown

Thursday 3rd September 14.00-15.00

<https://attendee.gotowebinar.com/register/6459626821420304651>

Tuesday 8th September 11.00-12.00

<https://attendee.gotowebinar.com/register/6217059163170260235>

## Open Discussion

What can we help you with??

What support now and in the future would you like from City& Guilds??

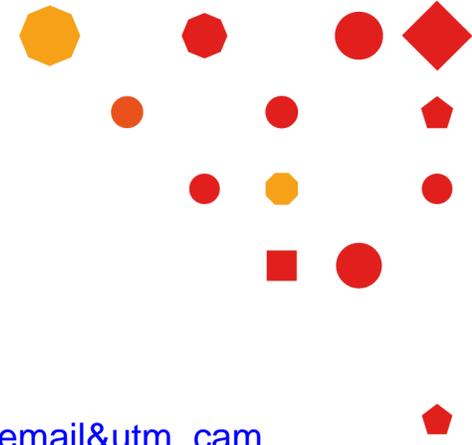

- **Site cards**
- **Progression opportunities (Apprenticeships and HE)**
- **Level of learner/Learner profile**
- **Adult learner**
- **Employer engagement/Work Experience**
- **Delivery preparation and feedback**
- **Support from C&G (initial support and future support)**

### Next steps

- Follow up with copy or presentation
- Sign up for T-Level updates

# Questions answers

**T-LEVELS**

**Thank  
you**

## What are T Levels and Technical Qualifications?

T Levels will become **1 of 3** major options when a student reaches Level 3

### Key principles

To ensure the skills system responds to the changing labour market, employers, providers and other partners need to be involved in both design and delivery.

**Co-creation:** shaping occupational standards and designing wider T Level content.

**Co-delivery:** employers offering industry placements to T Level students so they can apply the knowledge and skills they have learnt in college.

## T Level programme composition

1800 hours over two years. Achievement of T Level must include all components. UCAS points will be attached and will be equivalent to 3 A levels.

### CORE

20-50% Total TQ time

**Graded A\* - E**

**Core 1** Concepts & theories

**Core 2** Transferable/Core skills

Assessment:

- External exam
- Substantial employer set project

### OCCUPATIONAL SPECIALISM

50-80% Total TQ time

**Graded Pass/merit/distinction**

Based on occupational maps

No less than 50% of the total qualification planned time

Threshold competency

Assessment:

- Synoptic practical assignment(s)

**WORK PLACEMENT**  
315-420 hours  
Min 45-60 days

eal

**Maths, English and digital skills**  
GCSE or  
Functional Skills  
Level 2

**LTP**  
(other requirements set by T Level panel)

**Enrichment – tutorial**
