## 1. Exam timetable and submission deadlines

The following document contains details of all the theory exams available for City & Guilds Technical qualifications, including Level 2 Technical Awards, Level 2 Technical Certificates, Level 3 Advanced Technical Certificates and Level 3 Advanced Technical Diplomas.

In addition, it outlines the submission deadlines for moderated and internally assessed assessments.

### 1.1. Exam timetable

The timetable is listed by industry area.

The booking window opens on 1 October for the Spring and Summer assessments. We recommend reading the delivery checklist for the full list of dates for your registrations and booking entries.

These are dated exams available either as a paper-based exam or on the City & Guilds e-volve computer-based testing platform. Each exam is listed with its e-volve module number first, followed by its paper-based module number. For example:

Exam title	e-volve, Paper based exam numbers
Level 2 Electrical Installation - Theory exam	020, 520

The diagram shows a table with two columns: 'Exam title' and 'e-volve, Paper based exam numbers'. The first row contains 'Level 2 Electrical Installation - Theory exam' and '020, 520'. Below the table, there are two boxes: 'e-volve exam' and 'Paper-based exam'. An arrow points from the 'e-volve exam' box to the '020' in the table, and another arrow points from the 'Paper-based exam' box to the '520' in the table.

Some exams are only offered on paper due to the nature of the exam content. **In other cases, due to zero or very low take-up, an e-volve option will not be offered for one or both module exam series.** Where this is the case their e-volve module number will be listed as 'N/A'.

**All** exams are dated entry. **On-demand** exams are **not** available.

All exams **must** be invigilated according to the JCQ Instructions for conducting examinations.

Level 2 candidates are allowed only **three** sittings of any particular exam (an initial sitting, and two re-take opportunities).

Level 3 candidates are allowed only **three** sittings of any particular exam (an initial sitting, and two re-take opportunities).

This applies whether the candidate sits the exam as a dated paper or dated e-volve exam. Candidates can take their second/third sitting on a medium that is different from their previous sitting(s), for example a candidate can sit their first sitting as a dated paper exam in March, and take their second or re-take sitting as a dated e-volve exam.

## 1.2. Starting times of dated exams

Each dated exam must be taken on the day and at the time shown on the timetable. The published starting time of all exams is either **9.30am** or **1.30pm**.

Candidates who finish the exam early **must** remain under supervision until **10.30am** for morning exams and **2.30pm** for afternoon exams.

Centres may **delay the starting time** of an exam within the scheduled session without notifying City & Guilds but candidates must be supervised from **10.00am** for morning exams or **2.00pm** for afternoon exams.

Candidates taking more than one exam in a session should take these consecutively. A **supervised** break may be given between the exams taken consecutively at the discretion of the centre.

In **exceptional circumstances** where the size of the cohort means that it is not possible for all candidates to sit the exam at the same time, centres may split the cohort with some of the cohort sitting the exam later than the published time, on the same day. The security of the exam must be maintained at all times. Candidates taking the exam at the later time must be **supervised** at all times, and must have no contact with those candidates who have already taken the exam. The exam must be undertaken on the same day as the scheduled exam timetable.

For information on any other timetable variations, please refer to the JCQ Instructions for conducting examinations or contact [policy@cityandguilds.com](mailto:policy@cityandguilds.com)

## 1.3. Exam timetable clashes

City & Guilds takes reasonable steps to avoid timetable clashes. However, due to the volume of exams across different timetables and Awarding Organisations especially in the Summer series, it is not always possible to avoid clashes. Some clashes may be more impactful for some centres than others.

The following blog from the Joint Council of Qualifications (JCQ) may be helpful in managing exam timetable clashes

<https://www.jcq.org.uk/exams-office/blogs/supporting-exams-officers-with-timetable-clashes/>

## 1.4. Contingency days for exams

City & Guilds has provided the following contingency sessions for the Spring and Summer examination series.

Series	Exam contingency date
Spring	Monday 27 March
Summer	Wednesday 28 June

These days may be used if a significant, unexpected event arises nationally during the exam period such that no students (or a large number of them) are able to take an exam when planned. It is part of City & Guilds contingency planning for Technicals examinations and may be used for the Spring and/or the Summer examination series. It **cannot** be used for individual candidate absence or illness.

Centres should remind candidates that they must remain available until each of the contingency dates has passed in case they are required. Examination staff such as invigilators and examination venues will also need to be available on these dates.

Where a contingency date is used for exam(s), **only paper-based exams will be available** – on-screen exams **cannot** be used.

These contingency examination dates **must only** be used following direct instructions by City & Guilds.

## 1.5. Results release

Spring results are made available to centres based on the exam date and which series it sits within.

Series	Start of exam series	End of exam series	Results day
First Spring	1 March 2023	10 March 2023	26 April
Second Spring	13 March 2023	24 March 2023	10 May
8202 Electrical and Plumbing	28 March 2023	30 March 2023	15 May

Summer results are made available to centres based on the level.

Level	Results release to centres	Results release to learners
Level 3	<b>Monday 14 August</b> Level 3 including summer series exams, assignments and qualification results released <b>to centres</b>	<b>Thursday 17 August</b> Level 3 including summer series exams, assignments and qualification results released <b>to learners</b>
Level 2	<b>Wednesday 23 August</b> Level 2 including summer series exams, assignments and qualification results released <b>to centres</b>	<b>Thursday 24 August</b> Level 2 including summer series exams, assignments and qualification results released <b>to learners</b>

## 1.6. Submission dates for moderated and internally marked assessments

All candidate marks and evidence required for external moderation of the synoptic assignments must be submitted to City & Guilds for moderation by **Friday 19 May 2023 for Levels 2 and 3.**

The Closing date to submit grades and evidence to the Moderation Portal of up to two centre-assessed components that City & Guilds intends to sample first (the defined sample as communicated to centres at the end of January 2023) is **02 June 2023.**

The Closing date to submit grades and evidence for any remaining centre-assessed components and any further evidence required for additional sampling (if applicable) and Employer Involvement (KS5 only) is **16 June 2023.**

Please refer to the Marking and Moderation Guide, and the Moderation Portal Centre Guide, available on the City & Guilds website, for further information about the marking, moderation and submission of evidence for the moderated assessments that form part of City & Guilds Technical qualifications.

Please note where candidate marks/grades and/or evidence are not submitted by the listed deadlines, City & Guilds cannot guarantee that candidate grades will be released by the advertised results date.

## 2. Exams timetable by industry area

Industry, and sub-industry (if applicable)	Qualification number and title	Exam title	Evolve online, Paper based exam numbers	Exam type	Spring exam date	Summer exam date	Exam time	Exam duration

## About City & Guilds

Since 1878 we have worked with people, organisations and economies to help them identify and develop the skills they need to thrive. We understand the life changing link between skills development, social mobility, prosperity and success. Everything we do is focused on developing and delivering high-quality training, qualifications, assessments and credentials that lead to jobs and meet the changing needs of industry.

We work with governments, organisations and industry stakeholders to help shape future skills needs across industries. We are known for setting industry-wide standards for technical, behavioural and commercial skills to improve performance and productivity. We train teams, assure learning, assess cohorts and certify with digital credentials. Our solutions help to build skilled and compliant workforces.

Every effort has been made to ensure that the information contained in this publication is true and correct at time of going to press. However, City & Guilds' products and services are subject to continuous development and improvement and the right is reserved to change products and services from time to time.
