Introduction to Technicals

Introduction to Technicals

Technical Qualifications

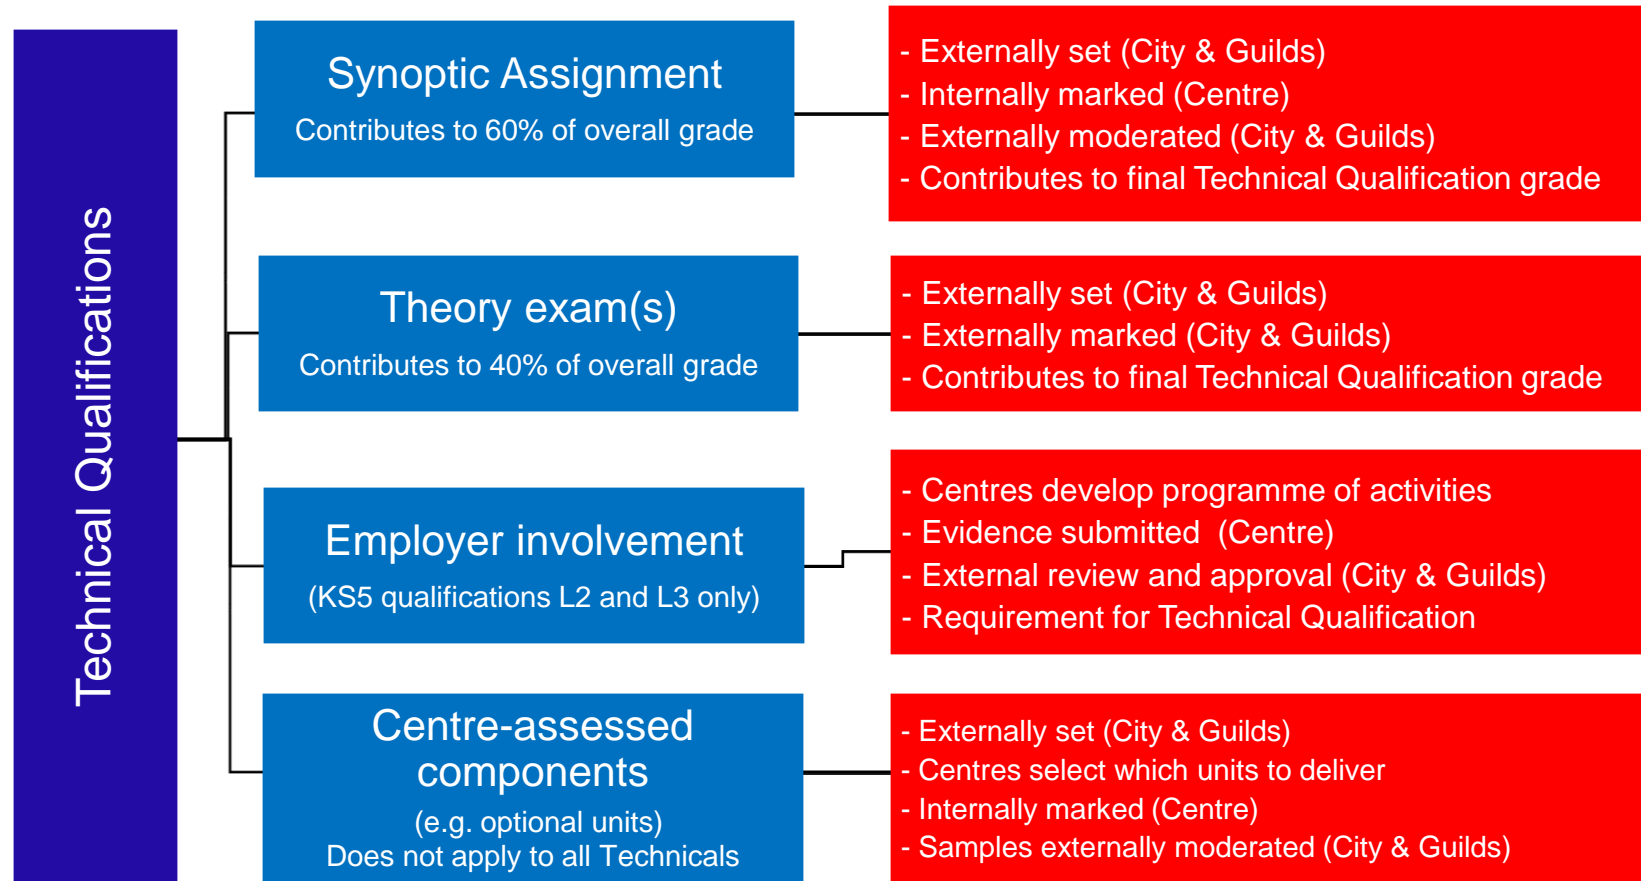

City & Guilds Technical Qualifications for 14-19 year olds give learners the most up-to-date and relevant technical skills they need to succeed in their chosen career path – be that a job, university or an apprenticeship.

Our Technical Qualifications have been developed in consultation with employers and industry bodies to ensure the qualifications are fit for purpose and meet the needs of businesses.

Technical Qualifications

These are the components that make up Technical Qualifications.

There is no direct claim status (DCS) for Technical Qualifications. Results are issued by City & Guilds

Finding Key Documents

Welcome Pack

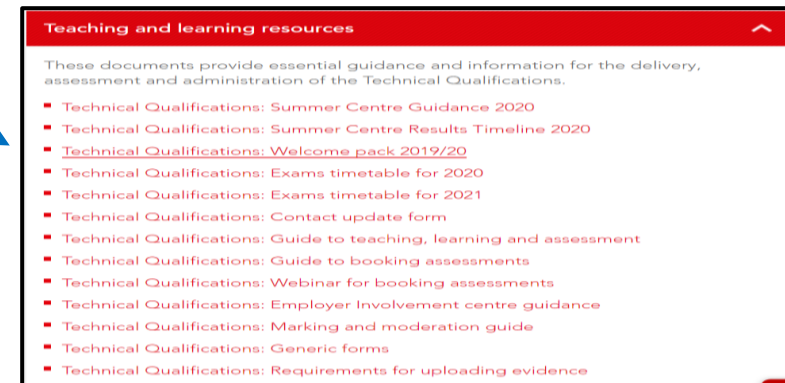

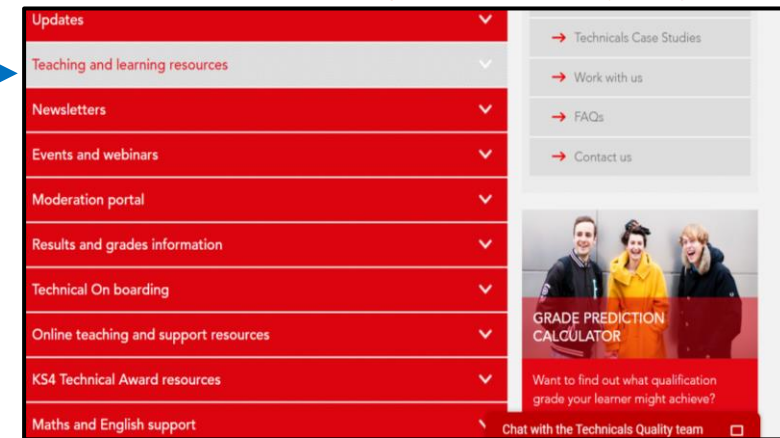

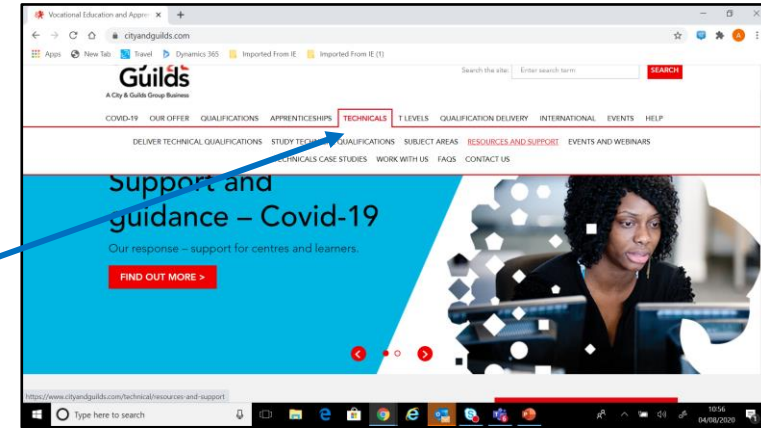

This is a key document for all centres and is updated each year. To locate this document-click on the **Technicals** tab on City and Guilds home page. Then click on the Resources and Support tab below as indicated in red in this screen shot.

The support and resources tab direct you to the Teaching and Learning banner where you will see a list of support resources available to you.

Open up the link to the Welcome pack where you will find all of the key information you need to help plan your delivery including:

1. Key dates for technical qualifications
2. Guidance and support
3. Key contacts
4. Information on approvals and moderation
5. Booking assessments

And much more

Requirements for uploading evidence for Technical Qualifications

This document provides guidance and best practice advice to support the upload of candidate evidence on the Moderation Portal.

Centres should pay close attention to the task requirements in the Assessment packs and ensure that the candidate evidence that they submit demonstrates that the task has been fully met, shows candidate ability and supports the awarding of marks. For tutor evidence (Candidate Record Forms and Practical Observation Forms), centres should ensure that they are fully and clearly completed and that any observations of performance align with the candidate evidence submitted.

Content of evidence

- Candidate evidence should show the processes used by the candidate to perform a task. It should be a tool to help visualise the actions performed by the candidate while completing the task, not just the final result.
- Only files related to the specific unit/assessment should be uploaded against an assessment record. E.g. synoptic evidence uploaded against the synoptic unit and any employer involvement documents uploaded against the employer involvement unit.
- The Moderation Portal has the functionality to allow evidence to be uploaded at cohort level or individual candidate level. Cohort-level evidence must be uploaded to the 'Group Learner' profile. Candidate evidence can be uploaded directly to the relevant candidate's profile.

The table details which types of evidence count as 'cohort evidence' and which count as 'candidate evidence'.

Candidate evidence	Cohort evidence
Candidate Record form	Employer involvement Planner
Declaration of Authenticity	Employer involvement evidence
Candidate assessment evidence	Centre standardisation declaration
Practical Observation form	Personal Interest form
Centre-assessed components – candidate assessment evidence	

Centres must ensure that the correct type of evidence is uploaded to the correct profile.

KS5 Technical Qualifications

Employer Involvement Planner and Tracker

Version 1.5

This planner can be used to capture how your centre intends to meet the employer involvement requirements for this qualification. Following this; it can be used on an ongoing basis throughout the year to track and record evidence of employer involvement activities. One planner should be submitted for each qualification that is being delivered.

All centres must submit the Employer Involvement planner for review to employerinvolvement@cityandguilds.com by Monday 03 February 2020.

The completed Planner & Tracker must be submitted to the Moderation Portal, along with a representative sample of evidence of the activities taking place by **Friday 12 June 2020**.

Key Stage 4

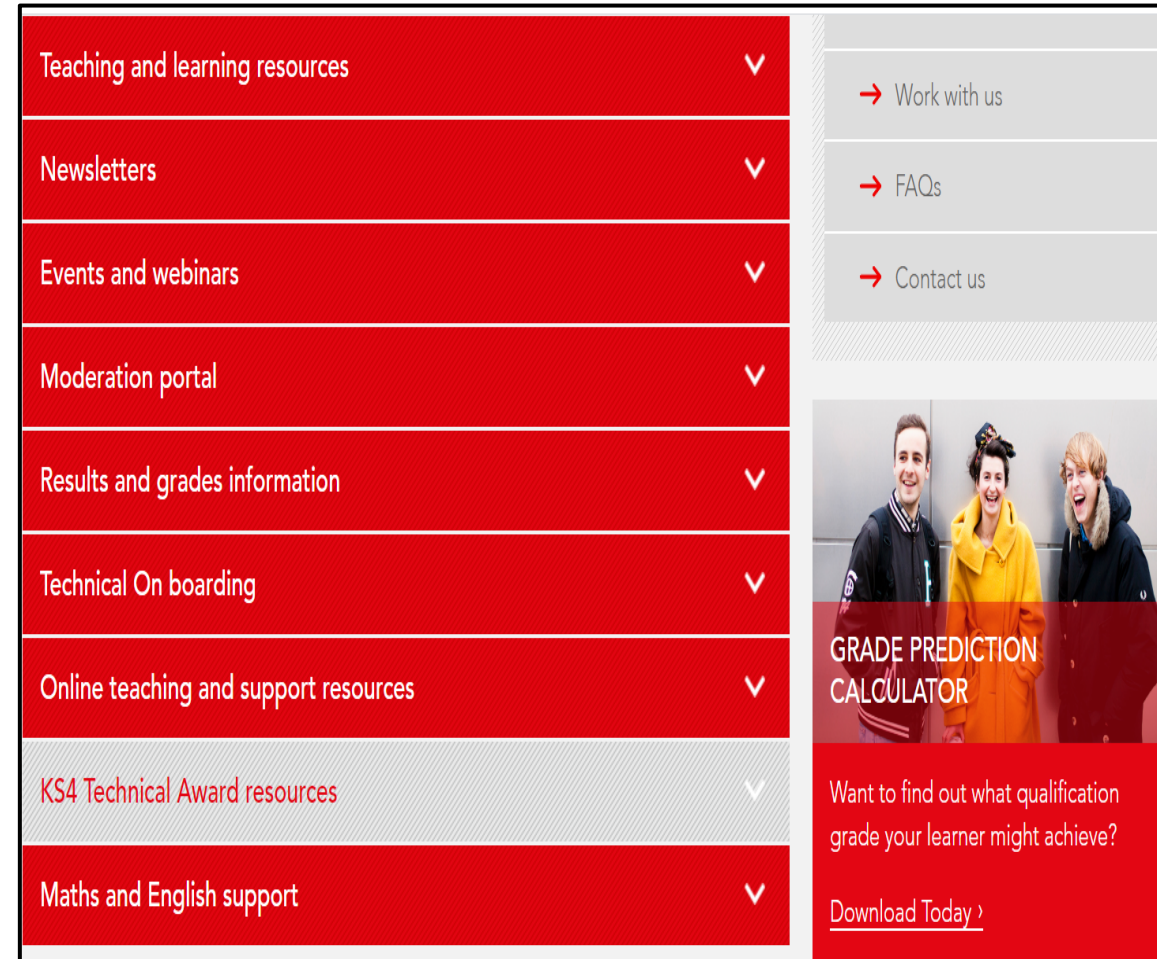

City and Guilds offers three Technical Awards aimed at 14–16-year-olds.

These are all level 2 qualifications:

- Technical Award in Hair and Beauty Studies
- Technical Award in Land-based Studies
- Technical Award in Construction and Maintaining the Built Environment

There is a dedicated KS4 banner in the resources and support tab where you can access all of the support and guidance documents for Technical Awards.

All three key stage four (KS4) Technical Awards have now been approved for the 2022/2023 performance tables.

The screenshot shows a website navigation menu with a red background and white text. The menu items are: Teaching and learning resources, Newsletters, Events and webinars, Moderation portal, Results and grades information, Technical On boarding, Online teaching and support resources, KS4 Technical Award resources, and Maths and English support. To the right of the menu is a sidebar with a grey background. It contains three links: Work with us, FAQs, and Contact us.
