Key points to bear in mind when planning maths and English provision within study programmes in England

The condition of funding: a few myth-busters

The condition of funding applies to all 16-18 learners (and 19-25 if they hold an Education and Healthcare Plan) studying for more than **150 hours over the course of a year** if they do not already hold GCSE in Mathematics and English at/above grade 4 (or C)¹, or in **some** cases if they hold Functional Skills at Level 2.

It requires each of these learners to **study** maths and English (as applicable) as part of their programme during each year. It's a formal condition of learners' eligibility for any funding from the Education and Skills Funding Agency (ESFA); not meeting it may result in **all funding being clawed back** for that learner.²

Whilst the condition of funding requires learners to '**study towards**'³ a GCSE or a so-called 'stepping stones' qualification, it does **not** in itself require learners to **achieve or undergo assessment** in that qualification. Moreover, **it does not preclude learners from attempting other qualifications** during the same year – especially if this is done with the intention of improving the learner's chances of success in a qualification that does count towards the condition.

It is also important not to confuse the specific range of qualifications that count towards the condition of funding with the broader range of maths and English qualifications approved by the ESFA for use within publicly funded provision (previously known as 'Section 96'). Learners may work towards **any** qualification on this list; **regardless** of whether it counts towards the condition of funding.

A complete list of the City & Guilds maths, English and ESOL qualifications approved for 16-18 use can be found on the following pages. In each case we have included **hyperlinks** to the relevant listing on [Find a Learning Aim \(FaLA\)](#), as well as indicating whether the qualification can potentially be counted towards the condition of funding.

¹ Other qualifications judged 'equivalent' to GCSE may be accepted in lieu – see [Education and Skills Funding Agency Guidance](#) for details.

² A 'tolerance' applies if less than 5% of the provider's learners fail to meet the condition of funding (see following pages). The clawback normally occurs in the next year-but-one.

³ See [ESFA Guidance](#) for the full definition of 'study towards'. A qualifying period (eg six weeks for a qualification with a planned length of 24 weeks or more) applies.

Changes to the condition of funding rules and progress measures since 2019: improved status and recognition for Functional Skills

The ESFA changed the condition of funding rules in 2019 to allow greater flexibility for learners on full-time study programmes (540 hours, or 450 if over 18) with GCSE at **grade 2 or below** (or no GCSE at all).

Previously, these learners were always required to continue studying maths and English unless/until they achieved GCSE at grade 4 or above. Any other qualifications, including Functional Skills, were regarded only as 'stepping stones' – with only GCSE an accepted final destination.

However, **Level 2 Functional Skills** qualifications are now recognised as an **alternative destination** for these learners. Once they have achieved this, there is no requirement to work towards any further maths or English qualifications in order to meet the condition of funding.

Learners on full-time programmes with **GCSE at grade 3** are still required to 'study towards' GCSE until they achieve a grade 4 or above. However, this **does not preclude them from being enrolled for other qualifications** during the same year where these support their progress towards that final outcome.

Progress measures

The progress point scores for non-GCSE (so-called 'stepping stone') qualifications were adjusted in 2019-20 to give more credence to Functional Skills, and especially to recognise progress at Entry level, as the chart below illustrates.

Qualification/level/grade	Current points score	Previous points score (until 2018-19)
GCSE grade 9	9.0	8.0
GCSE grade 5	5.0	5.7
GCSE grade 4	4.0	5.0
Level 2 Functional Skills	3.5	4.0
Level 2 ESOL Skills for Life	3.0	4.0
GCSE grade 3	3.0	4.0
Level 1 Functional Skills	2.0	2.5
Level 1 ESOL Skills for Life	1.25	1.5
GCSE grade 1	1.0	1.0
Entry 3 Functional Skills or ESOL Skills for Life	0.75	0.4
Entry 2 Functional Skills or ESOL Skills for Life	0.5	0.4
Entry 1 Functional Skills or ESOL Skills for Life	0.25	0.4

Don't forget about ESOL!

It is sometimes forgotten that ESOL Skills for Life Awards and Certificates can also be used to meet the condition of funding for **English⁴**, including the 'single mode' **Awards** in Reading, Writing and Speaking & Listening. The ESFA regards ESOL qualifications as 'stepping stones', rather than an 'equivalent' to GCSE, so for full-time learners they can only be counted directly towards the condition if the learner does not already have GCSE at grade 3.

Unlike Functional Skills, ESOL qualifications cannot be an alternative final outcome to GCSE – so learners would still ultimately be expected to work towards GCSE at grade 4 or above (or Level 2 Functional Skills, if they do not achieve GCSE at grade 3).

Achievement and progression – using 'bite-sized' qualifications

Whilst it is important to ensure the condition of funding enrolment and timetabling obligations are met, it is also crucial (for inspection and other purposes) that learners are supported and stretched to make as much progress in maths and English as they can.

For example, 'bite-sized' qualifications such as the Awards and Certificates from our [English/Mathematics Skills \(3847\)](#) suite of qualifications can:

- build learners' confidence and motivation – particularly if they have previously associated study of maths and English with failure
- allow learners to focus on any specific gaps in their knowledge and understanding of the literacy/numeracy curricula
- enable learning and assessment to be focused around a context relevant to other aspects of their programme
- provide evidence of in-year progress, and mitigate against the risk of a non-achievement or a negative progress score.

Do any bite-sized qualifications count directly towards the condition of funding?

Yes, the Department for Education (DfE) acknowledged a few years ago that there are some learners for whom a 'whole' Functional Skills or GCSE qualification is not a realistic expectation – at least not within a single year.

A **limited** number of our bite-sized qualifications can therefore be counted directly towards the condition of funding (ie recorded as the learner's **sole** maths/English qualification aim for that year).

Bite-sized qualifications counting **directly** towards the condition of funding must be:

- at **Entry 1, 2 or 3**
- at least **45 guided learning hours (GLH)** in size.

⁴ Except full-time learners if they already have GCSE English at grade 3 (or D).

In practice it would be unusual for a full-time learner to **only** be timetabled to work towards a bite-sized qualification – without at least a plan to progress towards Functional Skills at some point during the same academic year.

More commonly they would be used to support and recognise **in-year progress** alongside, or as a precursor to, a more 'high stakes' qualification such as Functional Skills. They can also be used to help mitigate against the risk of non-achievement in any kind of maths and English qualification.

And then there's the '5% tolerance'

The ESFA allows up to 5% of a provider's study programme learners to be 'non-compliant' with the condition of funding rules – ie not enrolled/timetabled to work towards any qualification that counts towards the condition (where they are not exempt from doing so).

Again, only a limited number of learners should ever be in that situation – especially bearing in mind that one of the eligible Entry level bite-sized Awards might be an appropriate aim in at least **some** of these cases.

For further details about how the tolerance arrangements operate, please see the [ESFA Guidance](#).

Traineeships

The condition of funding rules apply to all Traineeships offered to 16-18 learners (and 19-25 if they hold an Education and Healthcare Plan) where the programme exceeds **150 hours**. The [ESFA Guidance](#) confirms these expectations.
