City & Guilds qualifications and units eligible for funding in England – under the Adult Education Budget (AEB) and other 19+ funding streams

2022-23

Version 1.0

Please also see the following maths and English funding information from City & Guilds:

- Guide to **16+ Study Programmes** | Maths, English and ESOL

As well as:

- City & Guilds' main Adult Skills Catalogue, listing qualifications across all Subject Sector Areas (SSAs) that are eligible for funding in England. You can find this document on our funding guidance webpages [cityandguilds.com/funding](https://cityandguilds.com/funding).

**Important note:** we have endeavoured to ensure this information is correct at time of issue, however funding eligibility rules can change and are not within City & Guilds' control. It's therefore vital that you check the Government's [Find a Learning Aim \(FaLA\)](#) reference for any qualifications or components listed in this document that you intend to deliver and include on the Individualised Learner Record (ILR).

# Key points to bear in mind when seeking funding for adult (19+) learners in England

## Maths and English – funding from ESFA

1. The maths and English funding legal entitlement for adults (aged 19+) is set out in the Education and Skills Funding Agency (ESFA) [Adult Education Budget \(AEB\) funding rules for 2022-23](#).
2. Full funding for maths and/or English under the AEB is available where learners have not previously attained GCSE grade 4 (or C) or above in these subjects.
3. Broadly, the following types of maths and English qualification may be funded under the AEB:
  - GCSE (not offered by City & Guilds)
  - Functional Skills at Entry 1, Entry 2, Entry 3, Level 1 and Level 2
  - approved 'stepping-stone' qualifications (intended to support and recognise progress towards Functional Skills and/or GCSE), up to Level 1.
4. Only certain stepping-stone qualifications have been approved for AEB funding, for example:
  - only Entry level qualifications of at least 45 Guided Learning Hours
  - Level 1 qualifications normally need to be at least 120 Guided Learning Hours, if internally assessed
  - no Level 2 qualifications (only Functional Skills or GCSE).
  - Some of these qualifications may also have ceased to be eligible for funding as a consequence of not meeting the ESFA's 'low and no take-up' threshold in previous years.
5. However, it is possible to draw AEB funding for individual components (units) of approved stepping-stone qualifications. This includes most units contained within the rules of combination for the 'Certificate-sized' qualifications at Entry 1, Entry 2, Entry 3 and Level 1 within the English/Mathematics Skills suite.

Component funding enables all units within the 3847 suite at Entry 1, 2, 3 and Level 1, to be delivered and funded individually!

A complete list of fundable maths and English units from our English/Mathematics Skills suite (3847) can be found from page 13 of this document. In each case we have provided hyperlinks to the relevant listing on [Find a Learning Aim \(FaLA\)](#).

When accessing funding for units, the relevant Unit Aim (UAN) must be used (**not** the Qualification Aim (QAN) for the single unit qualification). For example (for 'Reading words, signs and symbols' at Entry 1):

- ✓ use [L5044991](#) (aim type 'QCF unit')
- ✗ not [60075004](#) (Entry level Award in...)

## Devolved AEB funding from Greater London Authority or Mayoral Combined Authorities

1. Administration of the Adult Education Budget within Greater London is devolved to the Greater London Authority (GLA). For details, please see [london.gov.uk/what-we-do/skills-and-employment-1/adult-education-budget](https://www.london.gov.uk/what-we-do/skills-and-employment-1/adult-education-budget).
2. Administration of the AEB has also been devolved to the following Mayoral Combined Authorities (MCAs). For details, please see information from the relevant MCA.
  - [Cambridgeshire and Peterborough](#)
  - [Greater Manchester](#)
  - [Liverpool City Region](#)
  - [North of Tyne](#)
  - [South Yorkshire](#)
  - [Tees Valley](#)
  - [West Midlands](#)
  - [West of England](#)
  - [West Yorkshire](#).

## Multiply

Multiply is a separate funding stream from the Government's Shared Prosperity Fund (intended to replace the European Social Fund and European Structural Funding), specifically to support the development of adult numeracy. The total allocation for England for 2022-23 is approximately £82 million, with funds distributed via the Greater London Authority (GLA), Mayoral Combined Authorities (MCAs) and upper tier local authorities.

It is expected that any interventions delivered with Multiply funding will be additional and differentiated from those funded through the AEB legal entitlement, and must not displace that provision. Whilst learners are ultimately expected to advance towards a Level 2 qualification (GCSE or Functional Skills), Multiply programmes do not necessarily have to involve the use of qualifications.

For more information, please see [Multiply: funding available to improve adult numeracy skills - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/news/multiply-funding-available-to-improve-adult-numeracy-skills).

## Traineeships

Information about the maths, English and ESOL requirements (along with those for digital skills) within Traineeships is set out in Section 3 of the Education and Skills Funding Agency's [Adult Education Budget \(AEB\) funding rules for 2022-23](#). The funding arrangements for adult learners (19+, without an Education and Health Care Plan) effectively mirror those for all other maths and English provision delivered under the AEB, although there is no devolution to the Greater London Authority (GLA) or Mayoral Combined Authorities (MCAs).

## Apprenticeships

Information about the maths and English qualification attainment requirements and funding arrangements within Apprenticeships can be found within the Education and Skills Funding Agency (ESFA) [Apprenticeship funding rules](#) documents. Please note different funding rates apply to maths and English qualifications when delivered as part of an Apprenticeship (eg normally £471 per Functional Skills qualification) from those that apply to the AEB. Likewise, apprenticeship funding has not been devolved to the Greater London Authority (GLA) or Mayoral Combined Authorities (MCAs).

## ESOL – funding from ESFA

1. 'ESOL Skills for Life' is the only category of qualifications currently eligible for funding under the AEB that are intended specifically to support English language acquisition by speakers of other languages. The ESOL qualifications legal entitlement for adults (aged 19+) is set out in the Education and Skills Funding Agency's [Adult Education Budget \(AEB\) funding rules for 2022-23](#).
2. These qualifications are available at Entry 1, Entry 2, Entry 3, Level 1 and Level 2. They include Awards in each of the modes (as defined in the Adult ESOL Core Curriculum, ie Reading, Writing and Speaking & Listening), as well as a Certificate at each level combining all modes.
3. Full funding is only available to unemployed adults or those in receipt of a low wage (ie earning less than £18,525 annual gross salary, see [Adult Education Budget \(AEB\) funding rules for 2022-23](#)); otherwise 'co-funding' applies.
4. Because of the uniquely diverse profile of ESOL learners and range of delivery settings, it is possible to claim a funding top-up where additional delivery hours (beyond the ESOL qualification's listed rate) are needed. For details, please see the [AEB Funding Rates and Formula](#).

## About City & Guilds

Since 1878 we have worked with people, organisations and economies to help them identify and develop the skills they need to thrive. We understand the life changing link between skills development, social mobility, prosperity and success. Everything we do is focused on developing and delivering high-quality training, qualifications, assessments and credentials that lead to jobs and meet the changing needs of industry.

We work with governments, organisations and industry stakeholders to help shape future skills needs across industries. We are known for setting industry-wide standards for technical, behavioural and commercial skills to improve performance and productivity.

We train teams, assure learning, assess cohorts and certify with digital credentials. Our solutions help to build skilled and compliant workforces.
