

Extended Project Qualification (EPQ)

(2935-03)

3 February 2026

To provide further reassurance around the Extended Project Qualification (EPQ) (2935-03), we've updated some key resources to provide more help on how to manage potential misuse of Artificial Intelligence (AI) in learners' work:

- **Updated EPQ Delivery Guide** – includes guidance on AI use and links to JCQ documentation.
- **Updated Learner & Tutor Declaration Form** – explicitly references AI.

Closer to the 15 May 2026 deadline for uploading marks and evidence, we may request additional materials for sampling, to support the moderation process. We will aim to give you as much notice as possible around any additional evidence we may ask for.

Thank you for your continued commitment to delivering EPQ to a high standard. Please review the updated resources and share them with your teams.
