Entry Level 1 to Level 2 Functional Skills Maths (4748)

City & Guilds SmartScreen

City & Guilds SmartScreen is our dedicated online resource portal, supporting over 120 qualifications. It currently boasts more than 80,000 resources and pages of content for tutors and learners.

How can SmartScreen help me?

SmartScreen materials have been designed specifically for each individual qualification. They have been developed to assist tutors, and others, delivering the qualification to obtain the best possible results for their learners.

Price: £375 + VAT (MATH-2019)

Resources

This package offers teaching and learning support aimed at teachers delivering any maths learning. Each level has a resource guide signposting how activities can be used to support the reformed Functional Skills qualifications available for first teaching in September 2019.

Our teacher-led materials have been updated to cover the reformed Functional Skills content and include a variety of classroom activities, interactive activities and video content to keep learners engaged. All the activities are stored in one place, making it easy to navigate the site and find exactly what you need.

From initial and diagnostic assessment, teachers will be able to identify the subject content statements learners need to focus on, and use our resource guides to build their own schemes of work and session plans by selecting the best resources to use and adapt. Sample 30-week schemes of work are also provided for Entry 3 to Level 2 to help you guide your lesson planning.

These resources will support all staff delivering reformed Functional Skills who need to gain a deeper understanding of the subject content, whatever their levels of confidence or experience.

Separate resource guides also show how the activities map to the reformed Functional Skills qualifications. The activities can also be used alongside any other qualification or for general skills building.

This package includes:

- Resources covering all levels and skills
- Sample schemes of work for Entry Level 3 to Level 2 – an ideal guide for tutors and centres to ensure that all the learning requirements are covered when delivering the qualification
- Resource guides for each level explaining what teachers need to teach, which SmartScreen resources are available and how to use them
- A single activity bank containing over 100 maths teaching and learning resources
- A full range of activity types to support all learner styles, including classroom games, interactive e-learning, card matching games and exam preparation videos
- Downloadable versions of activities to use where internet access is difficult

Why choose SmartScreen?

Shake learning up	Offers flexibility in lesson delivery and learning styles.
Learn inside and outside the classroom	With increased internet speeds available to learners using smartphones, laptops and tablets, resources can be accessed at any time and in any location.
Stay ahead	The definitive source for the most up-to-date information about qualification developments and delivery information.
Do what you do best	Our lesson plans, handouts and worksheets will save tutors time, meaning that they can keep their heads out of the paperwork and teach.
Peace of mind	Peace of mind that the resources fully support the qualification.
