Resources

This form-fillable PDF apprenticeship training manual aligns directly to the Autocare Technician standards and provides coverage of all the key skills. It supports learners training to be autocare technicians and can be saved electronically.

This manual provides learners with a range of practical tasks to apply their knowledge and skills in preparation for assessment.

The manual is designed to support formative learning, by allowing the learner to track their progress.

Each task includes space for the learner to complete their own apprentice report on each new skill area, and employers and trainers can also give their feedback on each apprentice report.

The manual contains 40 tasks in total, which are split into two phases of the apprenticeship, and a completed task example is also included at the end of the manual.

Why choose SmartScreen?

Shake learning up	Offers flexibility in lesson delivery and learning styles.
Learn inside and outside the classroom	With increased internet speeds available to learners using smartphones, laptops and tablets, resources can be accessed at any time and in any location.
Stay ahead	The definitive source for the most up-to-date information about qualification developments and delivery information.
Do what you do best	Our lesson plans, handouts and worksheets will save tutors time, meaning that they can keep their heads out of the paperwork and teach.
Peace of mind	Peace of mind that the resources fully support the qualification.
