Resources

The aim of these materials is to provide apprentices with an understanding and appreciation of health and safety, equality and diversity, safeguarding and PREVENT, as well as provide an overview of their apprenticeship. It is broken down into four sections that learners can work through:

- Health and Safety at Work – preventing accidents and maintaining wellbeing in the work environment.

- Equality and Diversity – ensuring an understanding of the legal requirements and benefits of equality and diversity in the workplace.

- Safeguarding and PREVENT – activities to raise awareness of and reduce the risk of significant harm to children and adults from abuse or other types of exploitation, including radicalisation, whilst supporting individuals in maintaining control over their lives and in making informed choices without coercion.

- British Values – materials to cover core understanding of democracy, The Rule of Law, individual liberty, mutual respect and tolerance of those of different faiths and beliefs.

The course is a mixture of handouts, activities and interactive e-learning materials which deliver core information learners need to know and which prepare apprentices for their future roles as both employees and employers in the world of work.
