

PLUMBING & ELECTROTECHNICAL

LEVEL 2 DIPLOMA QUALIFICATIONS

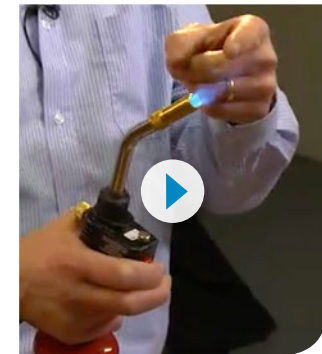

Flexible and engaging additional support;

City & Guilds have developed digital learning packages to support the scientific principles units within the level 2 Plumbing and Electrotech technical diploma qualifications (6035 and 2365). These digital packages have been created to complement the existing traditional resources available within SmartScreen, covering all learning outcomes in these units.

A bespoke learning solution...

Our video-led solution 'demonstrates' as well as 'informs'. This provides the learner with all the information they require, whilst enabling detailed feedback which offers an interactive experience in a highly impactful, visually-led format.

...with wide appeal

This is the ideal solution for individuals looking for a rewarding and flexible means of learning beyond the classroom – allowing learners to develop at their own pace. It also allows tutors to provide extra support and offer learners a more engaging and accessible learning experience than traditional support resources.

What's in it for tutors?

- **Comprehensive coverage** of all the learning outcomes related to this unit – with demonstration videos linked to sample questions
- **Delivery of the theory** through interactive and engaging material
- **Save time and resources** with materials mapped to the City & Guilds units
- **Automatic learner progress tracking** and monitoring. Can be used as a tool for helping any learners who have missed sessions to catch up
- **Tracking to enable focus** on specific areas of weakness that groups of learners may have

What's in it for your learners?

- **A practical experience** that 'shows' as well as 'tells' what they need to know
- **The ability to see progress** and scores in the e-learning, therefore knowing what they still have to complete, and where they need to improve
- **Valuable feedback** on their answers to questions, with prompts and hints being offered
- **Dozens of practice questions** per unit
- **Direct access** anytime, anywhere on phones, tablets or PCs

Resources to support your success

Intuitive online learning for tutors and learners.
