

# Green Occupations

To meet industry needs our provision has been designed to provide... **Shades of green**

## Light Green

When a person's role is not fundamentally changed by green technology but might be enhanced, done differently, or more sustainably with the adoption of greener skills

### EXAMPLE

Painting & Decorating  
Entry/Level 1 Environmental  
Awareness (5546-01)

## Mid Green

When the core principles of the role remain the same, while many aspects of an individual's skills, knowledge and behaviours might need to adapt to use green technologies and new working practices

### EXAMPLE

Level 2 NVQ Diploma in  
Insulation and Building  
Treatments (Construction)

## Dark Green

When the occupation itself is dedicated to the delivery of sustainable outcomes and carbon reduction (net-zero) and most aspects of the person's skillset are engaged in green technologies and methodologies

### EXAMPLE

Electric Vehicle Charging  
Installation and maintenance of  
domestic electric vehicle charging  
(2929)

# City & Guilds Green Skills
