

# E-VOLVE CENTRE ANALYTICS

## FEATURES & BENEFITS

City & Guilds has offered e-evolve for many years, with great success. It has enabled you to set and hold tests, where and when is convenient, and allowed you to receive almost instantaneous feedback.

Now e-evolve centre analytics is taking this one step further. With this new free service you now have the ability to analyse your performance through significant reporting enhancements. These enhancements will help you efficiently plan, deliver and analyse your online tests.

### KEY FEATURES:

- Candidate attendance registers, profiles and score reports can be downloaded and printed **(A)**
- Calendar of scheduled tests searchable by day, month, year and qualification
- Comparison of historical data-sets over various date ranges
- Searchable candidate test history and activity profiles
- Each candidate has a profile with their test history and score reports **(B)**
- View historical data for a centre and qualification with the option to export data
- The calendar tool provides a powerful means of searching recent and historical data **(C)**
- Data presented in colour-coded bar and pie charts, graphical and tabular formats

### KEY BENEFITS:

- Easy to navigate interface
- Reduction on time spent on administering exams
- Increased learner feedback on overall performance
- Analyse your candidate resit levels in helpful reporting formats
- Ability to clearly see which tests candidates are sitting on any given day
- Users can see how their centre performs against the City & Guilds global average
- Improve your ability to manage high volume test schedules
- Ability to analyse strengths and weaknesses in your exam delivery.
