Q	Acceptable answer(s)	Guidance	Max marks
	<ul style="list-style-type: none"> Perming lotion/neutralising lotion. 		
14	<p>Band 1: 1-4 marks - A limited range of appropriate treatments were discussed for treatment one and treatment 2. Limited consideration was given to safety, budget, timescales and the requirement for preparation treatments prior to the interview. Limited treatment options considered, with no justification provided for choices made. Brief treatment plans proposed, not in a logical sequence with no account of timings. Limited advice and recommendations were provided and not tailored to suit the client's needs.</p> <p>To access the higher marks within the band, the candidate has made some attempt to justify their choices made, but this is not always accurate or relevant to the client's needs.</p> <p>Band 2: 5-8 marks - Treatments discussed were relevant to the client's needs and expectations, with some justification provided. Treatments proposed are in a logical sequence, but timing not always accurate. Tentative links between the choices made and the client's needs, but lacks confidence in justifying their choices. Budget and client safety were considered but were not always effectively linked to the treatment plan. Advice and recommendations were suggested with some links to the treatments provided.</p> <p>To access the higher marks within the band, the candidate has shown greater ability to make links between the choices made and the client's needs.</p> <p>Band 3: 9-12 marks Comprehensive and logical treatment plan proposed, considering a range of treatments linked to the client's needs and expectations. Clear justifications given for the choices made. Full consideration was given to the client's budget and planning was clear regarding timescales to ensure the safety of the client and that the results are beneficial to the client. Discussion of techniques and products to be used was explored in depth. Retail opportunities were discussed, taking into account the client's financial situation. Relevant advice, homecare and recommendations were provided to maintain the effects of the treatments.</p>	<p>Indicative content Candidate's response may include, but is not limited to, the following:</p> <p><u>Pre-treatment checks</u></p> <ul style="list-style-type: none"> Product patch testing Skin analysis (including note of any contraindications that may prevent or restrict the treatment) Timescales for treatments - Week prior:- facial, eyelash lift, brow shape, lash/brow tint, pedicure – including luxury if justified Interview day:- manicure including luxury if justified, gel polish, make-up, lash application <p><u>Discussion for treatment plan for the day of the interview</u></p> <ul style="list-style-type: none"> Clothes to be worn for the interview to inform gel polish colour choices and make-up colour choices <p><u>Homecare/aftercare plan</u></p> <ul style="list-style-type: none"> Advice on removal of make-up/ strip lashes etc Advice on maintaining results of any treatment Rebooking for gel polish removal Lifestyle advice that may help to improve the clients skin and 	12

Q	Acceptable answer(s)	Guidance	Max marks
	<p>To access the higher marks within the band, the candidate has discussed, in detail, further treatments and products which will enhance the overall effectiveness of the treatment plan.</p>	<p>nails</p> <p><u>Retail products/future treatments</u></p> <p>Indication that the client is on a tight budget, so the candidate should show that this issue has been taken into consideration when selecting products that may be of benefit to the client. Eg facial products, hand & nail products, foot & nail products, lash products</p> <p>Recommendations of further treatments eg gel removal, pedicure, facial.</p>
