Lisa often comes to the salon for facials and hair removal. She is getting married in two months and her main concerns are in-growing hairs on her chin, dry dehydrated skin on her face and brittle and dry nails which are due to her occupation.

Lisa would like you to prepare a treatment plan running up to the event to address her main concerns. She is willing to invest time and money to look her best on the wedding day.

Discuss the treatment options available recommending a justified treatment plan for the client.

(12 marks)

### Indicative content

Candidate's response may include, but is not limited to, the following:

#### Treatments

Exfoliation  
 Facials  
 Hair removal  
 Manicure/pedicure  
 Eyelash/eyebrow tint  
 Tanning

#### Timescales

Sufficient time left between waxing treatment and adequate time allowed prior to the wedding to minimise the risk of contra actions  
 Tanning a couple of days prior to the wedding to ensure it is set  
 Facials a couple of days prior to the wedding to minimise risk of adverse reactions  
 Patch testing for tinting  
 Manicure/ pedicure day prior to the wedding or consider gel polish on the day  
 Treatment plan for the actual wedding day including advice on clothing to be worn whilst having treatments e.g. button up blouses so that hair and makeup remain intact

#### Homecare plan

Products for dry/dehydrated skin e.g. hydrating face mask, eye cream  
 Recommendation of use of products containing SPF

#### Band 1: 1-4

A limited range of available treatments were discussed. No consideration was given to timescales and the requirement for regular treatments in the period prior to the wedding. Limited advice and recommendations were provided. Brief treatment plan proposed for the wedding day.

#### Band 2: 5-8

Treatments discussed were relevant to the clients concerns, with some justification provided. Timescales were considered but were not fully developed or linked to the treatment plan. Advice and recommendations were suggested with some evidence of relevance to the treatments provided. Logical treatment plan proposed for wedding day.

**Band 3: 9-12**

Treatment plan described a range of treatments linked to the clients concerns providing clear justifications for the choices. Thorough consideration was given to planning timescales to ensure the maximum benefit is achieved for the client, taking into account the effects of the treatments provided and products used. Comprehensive and relevant options relating to advice and recommendations were provided to maintain the effects of the treatments. Comprehensive and logical treatment plan proposed for wedding day.
