14 The information provided in the table below is a case study of a client who has come into the nail salon to discuss a treatment plan and service. The client has a 2 hour booking with a 30 minute consultation.

Name: Melanie
Gender: Female
Age: 18
Medical history: Eczema
Medication: Topical cream

**Comments:** Melanie has never had nail enhancements. She has decided

to have them done for a summer ball at the end of her college course, which is in two days. She is unsure of length she would like. She would like a design with colours to complement her

green outfit.

Nail and skin

**Observations:** Short nails with some nails fan shaped. Oily skin condition.

Discuss the service options available, recommending a justified service plan for the client.
