Dear Emma,

The Federation of Holistic Therapists provides its support as a professional industry body within the beauty therapy and complementary healthcare sector, as we feel the following qualification is suitable for a young person studying between the ages of 16-19 and will give that young person an advantage when applying for a job.

We would like to provide our support to City and Guilds, as a Professional Association for beauty, nails, spa, hair, make-up and complementary therapies industry, we feel that the following qualification is suitable for a young person between the ages of 16-19 studying full time and will give that young person an advantage when going on to applying for a job or progressing onto further education or training.

- **City and Guilds Level 2 Technical Certificate in Make-up Artistry**

We believe this qualification is suitable for someone wanting to work as a Make-up Artist and as such is recognised by the industry.

As a qualified Make-up Artist the industry will require that all the necessary level 2 skills are covered. The following qualification allows the learner to gain these essential skills and knowledge:

- Principles of working in the make-up industry
- Anatomy and physiology for make-up artists
- Research, develop and showcase designs
- The art of applying makeup
- Hair artistry
- Creative make-up artistry

We feel that once the learner has gained this qualification which covers a sound understanding and key practical skills for the make-up industry they could take the position as a:

- Make-up Artist

We confirm that we consent to our company name (and logo) being made publicly available on the DfE and City and Guilds websites.

Yours sincerely

Julie McFadden
