To Salim Visram

I provide my support as a professional industry body within the Electrical sector, as I feel the following qualifications are suitable for a young person between the ages of 16-19 studying full time and will give that young person an advantage when applying for a job or progressing onto an apprenticeship.

We The Institution of Engineering Technology (IET) support the inclusion of:

600/5499/2 2365 Level 3 Diploma in Electrical Installation

for the DfE 2016 performance tables in the Technical Level category.

We confirm that we consent to our company name (and logo) being made publicly available on the DfE and City & Guilds websites

Yours sincerely
