

City & Guilds Access Bursary Programme – Bursaries for Electrical and Plumbing & Heating learners

City & Guilds offer a small number of bursaries each year to learners who would like the opportunity to study for a City & Guilds qualification. **This year we are particularly interested in funding applicants undertaking City & Guilds ‘Electrical and Plumbing & Heating qualifications.**

Applicants must be unable to financially support themselves through study and be hoping to improve their financial situation through doing so.

Applicants can apply for a bursary for help with costs that are may make it difficult for you to enrol on and complete a City & Guilds course. For example this may include:

- Course/Exam fees,
- Childcare/Travel expenses,
- Cost for Uniforms/Tools.

For further information, or to apply applicants can go online go to <http://www.cityandguilds.com/courses-and-qualifications/support/finance-and-funding/bursaries>

The closing date for this round of bursaries is Friday 25th April, at 10am

Regards

BSE Team
