Level 1 Diploma in Electrical Installation 600/9790/5

OVERVIEW

This is a Level 1 qualification that enables you to progress into further learning in the Building Services sector. You will learn practical skills that enable you to complete basic common Electrotechnical tasks.

ABOUT THIS QUALIFICATION

This is a Framework qualification. Learners will need to undertake the following mandatory units:

- Structure of the construction industry
- Fundamental safe working practices
- Environmental and sustainability measures in domestic dwellings
- Site preparation for working in the construction industry
- Electrical installation wiring and terminations
- Fabrication techniques for electrical installation
- Electrical science and technology

This qualification enables you to develop craft and hand-skills before progressing into further learning within Electrotechnical. All of the units develop your practical skills and enable you to demonstrate your ability to complete common tasks within the industry. This is a standalone qualification, and is suitable for anyone aged 16 and over.

WHY TAKE THIS QUALIFICATION?

You will take this Level 1 Diploma if you have no previous experience within the Electrotechnical sector. This level is ideal if you're just starting out and want a good basic understanding of the Electrical industry. Learners will have the opportunity on completion to progress onto the next level of vocational learning within the Electrotechnical sector.

WHAT COULD THIS QUALIFICATION LEAD TO?

This qualification does not lead directly to a job, but does provides learners with the basic core skills training and underpinning knowledge to facilitate progression into further vocational learning such as apprenticeship programme in Electrical. This qualification is an invaluable building block for learners wishing to embark on a career within the Building Services Industry.

Learners successfully completing this qualification can progress their careers by registering on a number of other qualification such as:

Level 2 Diploma in Electrical Installations (Buildings and Structures) 600/5498/0

Level 3 NVQ Diploma in Installing Electrotechnical Systems and Equipment (Buildings, Structures and the Environment) 501/2232/0

WHO SUPPORTS THIS QUALIFICATION?

This qualification is widely supported by colleges and training providers in the Building Services sector. We are grateful to have specific support from;

**Greater Manchester Skills Centre
Salford City College
Shrewsbury College**
