Last

Candidate enrolment number

Date of birth (DDMMYYYY)

Gender (M/F)

Assessment date (DDMMYYYY)

Centre number

Candidate signature/declaration*

-
- If additional answer sheets are used, enter the additional number of pages in this box.
 - Before taking the examination, **all candidates** must check that their barcode label is in the appropriate box. Incorrectly placed barcodes may cause delays in the marking process.
 - Please ensure that you staple additional answer sheets to the back of this answer booklet, clearly labelling these with your full name, enrolment number, centre number and qualification number in BLOCK CAPITALS.
 - All candidates need to use a **black/blue** pen. **Do not** use a pencil or gel pen, unless otherwise instructed.
 - If provided with source documents, these documents **will not** be returned to City & Guilds and will be shredded. Do not write on the source documents.
 - ***I declare that I had no prior knowledge of the questions in this examination and that I will not divulge to any person any information about the questions.**

You should have the following for this examination

- a pen with blue or black ink

General instructions

- The marks for questions are shown in brackets.
- This examination contains **24** questions. Answer **all** questions.
- Answer the questions in the spaces provided. Answers written in margins or on blank pages will **not** be marked.
- Cross through any work you do not want to be marked.

This exam has been split into **two** sections.

Below details the types of questions and marks available for each section. Please allow time for each section accordingly.

Section A is made up of **77** marks and includes **21** short answer and medium answer questions.

Section B is made up of **33** marks and includes **3** extended response questions.

Sample

Section A

1. State **one** statutory document that specifically regulates **each** of the following activities.

a) The use of power tools on a construction site.

[1 mark]

.....

.....

b) The hazards of working on live electrical systems during maintenance procedures.

[1 mark]

.....

.....

2. Identify **three** solutions used to make a development socially sustainable.

[3 marks]

.....

.....

.....

.....

.....

.....

3. List **two** environmental technology systems that generate electricity.

[2 marks]

.....

.....

.....

.....

4. List **two** professional bodies in Building Services Engineering, including the specialism they are affiliated with.

[2 marks]

.....

.....

.....

.....

5. State **two** methods of tendering for a project.

[2 marks]

.....

.....

.....

.....

6. A risk assessment has been created to work in an excavation on a busy site to lay services.

Describe one potential risk and an appropriate control measure to mitigate the risk.

[2 marks]

.....

.....

.....

.....

7. What is the **most** appropriate type of automatic fire detector for use in a shower room?

[1 mark]

.....

.....

8. Explain what is meant by modular construction, giving one benefit of this construction type over traditional site base construction.

[3 marks]

.....

.....

.....

.....

.....

.....

9. a) Explain the difference between an incident and an accident.

[2 marks]

.....

.....

.....

.....

b) Explain the difference in recording and reporting procedures for an incident and an accident.

[3 marks]

.....

.....

.....

.....

.....

.....

Sample

10. Explain **two** responsibilities of the Local Authority Planning Officer once planning permission has been submitted.

[4 marks]

.....

.....

.....

.....

.....

.....

.....

.....

.....

11. Explain **two** benefits of using Business Information Modelling (BIM) for teams working on the same project.

[4 marks]

.....

.....

.....

.....

.....

.....

.....

.....

.....

14. A contractor has won the contract to design and build a high-rise block of flats. The building will be constructed using a structural steel frame.

Give **four** advantages of steel that makes it suitable for the structural frame of the high-rise building.

[4 marks]

.....

.....

.....

.....

.....

.....

.....

.....

15. A ladder needs to scale a wall 8.3 m high and pass the top of the wall by a further 1 m. Determine the **minimum** length of ladder required in order to maintain a correct ladder ratio. Show your workings.

[5 marks]

.....

.....

.....

.....

.....

.....

20. Explain **one** environmental technology system that can reduce the costs of **each** of the following metered supplies.

You must select a different environmental technology for **each**.

a) Water

[3 marks]

.....

.....

.....

.....

.....

.....

.....

b) Gas

[3 marks]

.....

.....

.....

.....

.....

.....

.....

c) Electricity

[3 marks]

.....

.....

.....

.....

.....

.....

21. Explain how a Building Management System (BMS) works, to ensure building services for heat, ventilation and light are utilised efficiently.

[5 marks]

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

Sample

Handwriting practice sheet with 20 horizontal dotted lines.
