1 Introduction

This document tells you what you need to do to deliver the qualifications:

Area	Description
Who are the qualifications for?	The qualifications are designed for learners who work or want to work within banks and building societies, business administration and customer service organisations where their role will involve providing financial services.
What do the qualifications cover?	<p>The Awards at Levels 2 and 3 are designed to offer learners the flexibility to show their achievement in a specific area without taking the full Certificates in Providing Financial Services and may be suitable for Continuing Professional Development or supplemental learning.</p> <p>The Level 2 Certificate allows for a specific technical focus on an area the learner is working in or wishes to work in.</p> <p>The Level 3 Certificate provides candidates with the opportunity to have a specific technical focus on an area the learner is working in or wishes to work in and to achieve credit for learning in other areas of the financial services sector</p>
Who did we develop the qualifications with?	The qualifications were developed in collaboration with the Financial Skill Partnership, the Sector Skills Council for the Financial Services Sector and other Awarding Organisations.
Are the qualifications part of a framework or initiative?	The Certificates serve as competency element in the Providing Financial Services Apprenticeship framework.
What opportunities for progression are there?	<p>The Level 2 and 3 Awards can provide learners the opportunity to progress into employment or to the following City & Guilds qualifications:</p> <ul style="list-style-type: none"> • Level 2 Certificate in Providing Financial Services • Level 3 Certificate in Providing Financial Services <p>Learners can progress onto Level 3 or Level 4 in Customer Service, Sales, Management and professional qualifications in Providing Financial Services.</p>

Summary of units

See Section 4

Total Qualification Time

Total Qualification Time (TQT) is the total amount of time, in hours, expected to be spent by a Learner to achieve a qualification. It includes both guided learning hours (which are listed separately) and hours spent in preparation, study and assessment.

Title and level	GLH	TQT
Level 2 Certificate in Providing Financial Services	133	210
Level 3 Certificate in Providing Financial Services	163	310

2 Centre requirements

Approval

Centres already approved to offer the:

- Level 2 NVQ in Retail Financial Services (6769) will be automatically approved to register and certificate candidates on the 6774 - 02
- Level 3 NVQ in Retail Financial Services (6769) will be automatically approved to register and certificate candidates on the 6774 - 03 unless the centre is already subject to sanctions.

Centres NOT already offering City & Guilds qualifications

To offer these qualifications, new centres will need to gain both centre and qualification approval. Please refer to the *Centre Manual - Supporting Customer Excellence* for further information.

Centre staff should familiarise themselves with the structure, content and assessment requirements of the qualifications before designing a course programme.

Resource requirements

Centre staffing

Staff delivering these qualifications must be able to demonstrate that they meet the following occupational expertise requirements. They should:

- be occupationally competent or technically knowledgeable in the areas for which they are delivering training and/or have experience of providing training. This knowledge must be to the same level as the training being delivered
- have recent relevant experience in the specific area they will be assessing
- have credible experience of providing training.

Centre staff may undertake more than one role, e.g. tutor and assessor or internal verifier, but cannot internally verify their own assessments.

There may be occasions when there are limited opportunities for workplace assessment due to logistical difficulties and availability of an external assessor to carry out assessment in the day-to-day working environment. This is sometimes compounded by issues to do with both confidentiality and the security arrangements which are essential in many commercial situations. Alternative models are therefore available to enable centres to carry out the process of assessment and internal verification.

The Standard Model

Assessors and internal verifiers

Centre staff should hold, or be working towards, the relevant Assessor/Verifier (A/V) units for their role in delivering, assessing and verifying these qualifications.

Assessors and internal verifiers will have verifiable, relevant, current industry experience and knowledge of the occupational working area at or above the level being assessed. This experience and knowledge must be of sufficient depths to be effective and reliable when judging candidates' competence. This could be verified by:

- records of continuing professional development achievements
- Curriculum vitae and references
- possession of a relevant NVQ or equivalent
- individual and or corporate membership of a relevant professional institute.

Employer Direct Model

The Employer Direct Model of in-house assessment has been developed to meet the needs of specific employers based on their knowledge of the qualifications and their history of internal assessor/internal verifier expertise.

Employers may have highly trained and experienced assessors, managers and trainers already in situ who meet or exceed the requirements of the A1 and V1 qualifications. The organisation must:

- liaise with City & Guilds to attain approval to offer this model prior to beginning the process
- prepare, validate and review the assessment/verification roles
- carry out 100% mapping of the employers training to the National Occupational Standards for the A and V units which the qualifications are based on
- agree the mapping process with City & Guilds
- demonstrate an equivalent level of rigour and robustness as the achievement of the unit qualification.

This employer model could if required be combined with the standard model; for example, assessors and internal verifiers under the employer equivalent training model could work alongside external verifiers under regulatory requirements and assessors can work with internal verifiers and external verifiers under the standard model.

Continuing professional development (CPD)

Centres must support their staff to ensure that they have current knowledge of the occupational area, that delivery, mentoring, training, assessment and verification is in line with best practice, and that it takes account of any national or legislative developments.

Candidate entry requirements

City & Guilds does not set entry requirements for these qualifications. However, centres must ensure that candidates have the potential and opportunity to gain the qualifications successfully.

Age restrictions

City & Guilds cannot accept any registrations for candidates under 16 as these qualifications are not approved for under 16s.

3 Delivering the qualification

Initial assessment and induction

An initial assessment of each candidate should be made before the start of their programme to identify:

- if the candidate has any specific training needs
- support and guidance they may need when working towards their qualifications
- any units they have already completed, or credit they have accumulated which is relevant to the qualifications
- the appropriate type and level of qualification.

We recommend that centres provide an induction programme so the candidate fully understands the requirements of the qualifications, their responsibilities as a candidate, and the responsibilities of the centre. This information can be recorded on a learning contract.

Support materials

The following resources are available for these qualifications:

Description	How to access
Providing Financial Services updates	Included in Focus mailing.
Fast track approval forms/generic fast track approval form	www.cityandguilds.com

Recording documents

Candidates and centres may decide to use a paper-based or electronic method of recording evidence.

City & Guilds endorses several ePortfolio systems, including our own, **Learning Assistant**, an easy-to-use and secure online tool to support and evidence learners' progress towards achieving qualifications. Further details are available at: www.cityandguilds.com/eportfolios.

City & Guilds has developed a set of *Recording forms* including examples of completed forms, for new and existing centres to use as appropriate. Amendable (MS Word) versions of the forms are available on the City & Guilds website.

Although new centres are expected to use these forms, centres may devise or customise alternative forms, which must be approved for use by the external verifier, before they are used by candidates and assessors at the centre.

4 Assessment

Candidates must demonstrate that they meet all learning outcomes and assessment criteria. They must also demonstrate that they meet the requirements of the relevant regulatory bodies operating within the sector, in particular, the Financial Services Authority, as they apply to qualifications comprising National Occupational Standards (NOS).

Evidence must be authentic, current, sufficient for purpose and valid – and should come from real work produced in the workplace. Real work is defined as the provision of a product or service which if not carried out by the candidate, would require someone else to do it. Workplace evidence should be used wherever possible. Where simulation is permitted this is identified in the relevant unit. Further guidance is available in Appendix 1.

It will be the assessor's responsibility to agree the best method of assessing a candidate in relation to their individual circumstances.

Assessment strategy

Candidates will have a completed portfolio of evidence for each unit.

Acceptable types of evidence

A range of different types of evidence is desirable to demonstrate achievement of these qualifications. Evidence could include:

- Observation: this should form a substantial part of the evidence.
- Product evidence: as would be contained within a portfolio or signposted to its location within in the workplace.
- Professional discussion: an in-depth discussion recorded electronically or in writing. Assessors must be able to authenticate what candidates have discussed. This may be through confirmation from a third party or sight of the documentation discussed.
- Witness testimony: in writing or verbally to the assessor. This could include existing in-house records such as internal audit records, call monitoring, observation and file review checklists. The name of the witness and their relationship to the candidate should be clearly documented.
- Candidate questioning: using open questions to elicit detailed and articulate replies. Assessor records should include sufficient detail to justify assessment decisions.
- Recognition of Prior Learning (RPL): this should be acknowledged where appropriate. In all instances where recognition of prior learning is used as a form of evidence, assessors must ensure the learner's knowledge or competence remains current and that all assessment criteria have been met through valid assessment tools.

Assessors should discuss decisions to be made with candidates at an early stage as to the suitability of particular forms of evidence (e.g., candidate statements; photographic evidence; video recordings).

5 Units

Availability of units

The following units can also be obtained from the centre resources section of the City & Guilds website. They are also on The Register of Regulated Qualifications: <http://register.ofqual.gov.uk/Unit>

The units are available in a series of Qualification Handbooks which contain units at each level.

Structure of units

These units each have the following:

- City & Guilds reference number
- unit accreditation number (UAN)
- title
- level
- credit value
- unit aim
- relationship to NOS, other qualifications and frameworks
- information on assessment
- learning outcomes which are comprised of a number of assessment criteria
- notes for guidance.

4. Where simulation is used, it must be designed to ensure that:
- the learner is required to use materials and equipment found and used within the workplace environment
 - the learner is provided with information, advice and guidance in line with that which would be provided in the workplace environment in that context
 - the learner is required to carry out actions and responsibilities which would normally be delegated to someone competent in the occupational area within the workplace environment
 - the physical environment and situation replicates the workplace environment
 - other people with whom the learner interacts in performing the activity behave 'in character' for the given situation.
5. In all cases, the centre must agree its plans for simulation with the external verifier to ensure that it is satisfactory.

Appendix 2 Relationships to other qualifications

Literacy, language, numeracy and ICT skills development

These qualifications can develop skills that can be used in the following qualifications:

- Functional Skills (England) – see www.cityandguilds.com/functionalskills
- Essential Skills (Northern Ireland) – see www.cityandguilds.com/essentialskillsni
- Essential Skills Wales - see www.cityandguilds.com

Appendix 3 Sources of general information

The following documents contain essential information for centres delivering City & Guilds qualifications. They should be referred to in conjunction with this handbook. To download the documents and to find other useful documents, go to the **Centres and Training Providers homepage** on **www.cityandguilds.com**.

Centre Manual - Supporting Customer Excellence contains detailed information about the processes which must be followed and requirements which must be met for a centre to achieve 'approved centre' status, or to offer a particular qualification, as well as updates and good practice exemplars for City & Guilds assessment and policy issues. Specifically, the document includes sections on:

- The centre and qualification approval process
- Assessment, internal quality assurance and examination roles at the centre
- Registration and certification of candidates
- Non-compliance
- Complaints and appeals
- Equal opportunities
- Data protection
- Management systems
- Maintaining records
- Assessment
- Internal quality assurance
- External quality assurance.

Our Quality Assurance Requirements encompasses all of the relevant requirements of key regulatory documents such as:

- SQA Awarding Body Criteria (2007)
- NVQ Code of Practice (2006)

and sets out the criteria that centres should adhere to pre and post centre and qualification approval.

Access to Assessment & Qualifications provides full details of the arrangements that may be made to facilitate access to assessments and qualifications for candidates who are eligible for adjustments in assessment.

The **centre homepage** section of the City & Guilds website also contains useful information such on such things as:

- **Walled Garden:** how to register and certificate candidates on line
- **Events:** dates and information on the latest Centre events
- **Online assessment:** how to register for e-assessments.
