Units with dual assessment method

The units listed in the table below can be assessed by **either**:

- the portfolio of evidence, or
- an assignment.

City & Guilds has produced sample assignments which can be used, but centres may devise their own.

Candidates are not required to complete both the portfolio of evidence and the assignment for the unit, but can use a combination to achieve the qualification.

The numbers indicated in the table below must be used to claim the results according to the chosen assessment method.

Unit accreditation number	Unit title	Assignment	Portfolio of evidence

Total Qualification Time

Total Qualification Time (TQT) is the total amount of time, in hours, expected to be spent by a Learner to achieve a qualification. It includes both guided learning hours (which are listed separately) and hours spent in preparation, study and assessment.

Title and level	GLH	TQT
Level 3 Extended Diploma in Children's Care, Learning and Development (Wales)	991	1500

Delivery guidance

The delivery of the full qualification should be over a 2-year full time programme of study. Learners must achieve a minimum total of 150 credits as follows:

Year 1 required unit selection and rules of combination – total credit 65:

49 credits from mandatory units: (301 or 371), 302, (303 or 373), 304-306, (307 or 377), 308-310, (311 or 381), 312-316

16 credits from optional group B: 201, (320 or 390), 321-326; 328-342; 350, 352, (403 or 473), 404-407.

NB: Completion of the units as listed above will support certification of Level 3 Diploma in Children's Care Learning and Development (4227-06). This will act as an early exit point at the end of Year 1 for those learners choosing not to progress to Year 2.

The Level 3 Diploma in Children's Care Learning and Development (4227-06) is a required qualification to work as a Level 3 Early Years Childcare Practitioner in Wales.

Year 2 required unit selection and rules of combination – total minimum credit 85:

26 credits from extended mandatory units 300, 317, 400, 401, 402

Minimum of 4 credits from optional group A units 318-319

55 credits from either optional B or extended optional B unit groups.

NB: Optional group B units completed in Year 1 **cannot** be counted within the 55 credits completed in Year 2.

Centre Guidance on unit selection:

Careful selection of units will support learners to achieve one or more of the following:

To achieve transferable Early Years Educator status for the purposes of employment at Level 3 in England, learners must complete the following units:

Unit 341 Understand health, safety and security in the play environment

Unit 342 Understand how to plan for and support children and young people's self directed play.

NB: Forced combination: Unit 337 must be completed before learners can progress onto Units 338-342

1 Centre requirements

Approval

Centres new to City & Guilds

To offer these qualifications, new centres will need to gain both centre and qualification approval. Please refer to **www.cityandguilds.com** for further information.

Centres already offering City & Guilds qualifications in this subject area:

Centres approved to offer the qualification, Level 3 Diploma in Children's Care, Learning and Development (Wales and Northern Ireland) (4227-06), are required to complete a fast track approval form to receive approval for the new Level 3 Extended Diploma for Children's Care, Learning and Development (Wales) (3609-03).

The fast track approval form can be downloaded from the City & Guilds website. Centres will retain any outstanding sanctions. Direct claims status cannot be awarded until the External Quality Assurer has sampled across a full qualification.

Centres should use the fast track form if:

- there have been no changes to the way the 4227 qualifications are delivered at their centre, and
- they meet all of the approval criteria in the fast track form guidance notes.

Fast track approval is available for 12 months from the launch of the qualification. After 12 months, the centre will have to go through the standard Qualification Approval Process. The centre is responsible for checking that fast track approval is still current at the time of application.

Existing City & Guilds centres not currently approved to offer qualifications in this area:

Those City & Guilds centres already approved to deliver City & Guilds qualifications, but do not have experience of delivery in this subject area, will need to go through the qualification approval process. Please refer to **www.cityandguilds.com** for further information.

Human Resources

To meet the quality assurance criteria for these qualifications, the centre must ensure that the following internal roles are undertaken:

- Quality Assurance Co-ordinator
- Lecturer/Trainer/Tutor
- Assessor (occupationally competent and occupationally knowledgeable)
- Internal Quality Assurer.

Please note that centre staff are not expected to have had experience of working across the entire 0 – 19 years age range but are expected to update their knowledge through continuing and demonstrable professional development.

Centre staff may undertake more than one role, eg tutor and assessor or Internal Quality Assurer, but must never internally verify their own assessments.

Continuing Professional Development (CPD)

Centres are expected to support their staff in ensuring that their knowledge and practice remains current. This includes currency within the occupational area and of best practice in delivery, mentoring, training, assessment and verification. It should also take account of any national or legislative developments.

Role requirements

When assessing practical competence in the Early Years Childcare setting, assessors must

- be occupationally competent
- hold or be working towards one of the following qualifications:
 - D32//D33 or A1
 - the A1 replacements (eg City & Guilds 6317 which includes the Level 3 Award in Assessing Competence in the Work Environment or the Level 3 Certificate in Assessing Vocational Achievement)
 - another suitable qualification equivalent/alternative in the assessment of work based performance. This must be agreed in advance with the External Quality Assurer and may include nationally recognised teaching qualifications.

Assessors of knowledge based units and knowledge based learning outcomes must:

be occupationally knowledgeable. This means that each assessor should possess relevant knowledge and understanding to assess units designed to test specific knowledge and understanding or units where knowledge and understanding are components of competency.

hold or be working towards one of the following qualifications:

- D32//D33
- the A1 replacement qualifications such as the City & Guilds 6317:
 - Level 3 Award in Assessing Vocational Competence or
 - Level 3 Award in Assessing Vocationally Related Achievement or
 - Level 3 Certificate in Assessing Vocational Achievement or
- another suitable qualification in the assessment of knowledge, which must be agreed in advance with the External Quality Assurer and may include nationally recognised teaching qualifications.

Internal Quality Assurers/Internal Quality Assurance

Internal quality assurance is key to ensuring that the assessment of evidence for units is of consistent and appropriate quality. Those performing the internal quality assurance role must be occupationally knowledgeable and be qualified to make quality assurance decisions.

Qualified to Internally Quality Assure means that you must either hold or be working towards one of the following qualifications:

- D34 or V1
- The V1 replacements such as the:
 - Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice OR
 - Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice.

In certain circumstances City & Guilds will recognise non accredited learning and experience as equivalent as follows:

If the internal quality assurer does not hold a qualification they must be able to demonstrate evidence of working to their own organisation's QA standards which clearly link to other equivalent standards for Internal Quality Assurance.

Definitions

Occupationally competent:

This means that each assessor must be capable of carrying out the full requirements within the competency units they are assessing. Being occupationally competent means they are also occupationally knowledgeable. This occupational competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Occupationally knowledgeable:

This means that each assessor should possess relevant knowledge and understanding, and be able to assess this in units designed to test specific knowledge and understanding, or in units where knowledge and understanding are components of competency. This occupational knowledge should be maintained annually through clearly demonstrable continuing learning and professional development.

Qualified to make assessment decisions:

This means that each assessor must hold a qualification suitable to support the making of appropriate and consistent assessment decisions. Awarding Organisations will determine what will qualify those making assessment decisions according to the unit of competence under assessment. In any case of significant uncertainty the SSCs will be consulted.

Expert witness:

Evidence from expert witnesses must meet the tests of validity, reliability and authenticity. Expert witnesses will need to demonstrate that they:

- have a working knowledge of the units on which their expertise is based

- are occupationally competent in their area of expertise
- have **either** any qualification in assessment of workplace performance **or** a professional work role which involves evaluating the everyday practice of staff
- have current or recent (within the last 2 years) experience of working at or above the level for which they are attesting competence
- can demonstrate appropriate, continuous professional development relevant to the sector for which they are attesting competence
- have no conflict of interest in the outcome of the evidence.

Lecturers/trainers/tutors in Wales

The Level 3 Extended Diploma in Children's Care, Learning and Development is best suited for delivery within further education colleges or similar environments. For further guidance please refer to:

<http://gov.wales/docs/dcells/publications/240513-teaching-and-teachers-qualifications-en.pdf>

From 1 April 2015, Further Education (FE) lecturers will need to be registered with the EWC. For Further guidance and information please refer to:

Guidance for the assessment and verification for imported units

The Level 3 Extended Diploma in Children's Care, Learning and Development includes units imported from other qualifications in Playwork (units 337-342). Assessment of these units **must** be undertaken in line with expectations laid out in the Skills Active Assessment Strategy as follows:

Sector requirements for subject competence and expertise for teaching staff including moderators involved in the delivery of playwork non-NVQ/SVQ qualifications and units.

This requirement is based on the Qualifications and Curriculum Authority (QCA) document "The statutory regulation of external qualifications" [2004] which states:

"The Awarding Body must have procedures in place for centre registration or centre approval to ensure that each centre undertakes to use staff and/or associates who have the necessary competence in the subject matter of the qualifications, assessment procedures and language(s) used for assessment; and has the systems that ensure consistency of standards and support equality of opportunity" – page 11, section 11.

Additionally, the playwork unit of SkillsActive, the sector skills council for active leisure, learning and well-being defines necessary competence as:

- **Required criteria:**
 - a. Have worked with children and young people as a playworker in settings which do not conflict with the Playwork Principles and ethos of playwork.

- b. Have sound knowledge and understanding of, and commitment to, the Playwork Principles
- c. Been actively involved in a process of playwork continuous professional development (CPD) over the last 5 years, which must be evidenced by a reflective account (this could include attendance at sector training days, seminars and conferences, training, reading and face to face work). The reflective account must detail the learning that has taken place e.g. theory and how it will/has impacted on your practice
- d. Hold or be working towards (with a dated action plan) the appropriate training qualification as required in each of the four Nations
- **Desirable criterion:**
 - a. Have achieved or be working towards a recognised playwork qualification on a current or historical UK qualification framework.

Overarching principles for training organisations

SkillsActive, the sector skills council (SSC) for active leisure, learning and well-being, expects that all organisations delivering playwork training and qualifications to sign up to the playwork Code of Practice. The Code of Practice establishes guidance, principles and minimum standards for the delivery of training that all learners in the playwork sector should expect. More information can be found on the SkillsActive website.

Some educational institutions and training providers may like to think of this as an opportunity to review their practice and develop further:

- CPD opportunities for staff
- Opportunities for staff to work across sectors
- Initiatives to work with other local educational institutions/training providers, sharing staff
- An opportunity to sign up to the SkillsActive playwork unit's code of practice for the delivery of playwork training and qualifications.

Age restrictions

This Level 3 Diploma is not approved for the use by those who are under 16 years of age. City & Guilds cannot accept any registrations for learners under this age. There may also be age restrictions placed on individuals when undertaking certain work activities within the Early Years and Childcare sector. Where there is uncertainty about such restrictions these should be clarified with the appropriate regulator.

Learner entry requirements

City & Guilds does not set any formal entry requirements for this qualification. However, learners progressing to study in further or higher education may require evidence that they have attained as a minimum GCSE A*-C in Maths, English or an accepted equivalent.

Confidential records used as evidence

Learners may quite appropriately cite confidential records as evidence in their qualification as long as the parent, or their advocate, has given written and informed consent for records to be used for this purpose. Where appropriate, learners should seek consent from individual children and young people.

Confidential records should never be included in learners' portfolio of evidence and should be examined in-situ by the qualified occupationally

competent assessor. Assessors/learners should describe and record what evidence such documents have provided and where the evidence is located.

External Quality Assurers may wish to discuss such evidence with the centre as part of the quality assurance process, but would not normally require sight of confidential records.

However, in the unlikely event that the External Quality Assurers should have concerns about the quality of such evidence, they will, after discussion and agreement with their lead verifier, acquaint the centre management with their concerns, and seek consent to access such records in situ.

Images of minors being used as evidence

Photographs and video or other electronic recordings are often used in settings to support the child assessment process and to celebrate children's experiences and achievements. Photographs and video/recording should always be treated as a confidential record, left in situ in the childcare setting and must not be placed in the portfolio of evidence. Learners must seek permission before referring to photographs and/or other images (video/electronic recordings) in their assessment records and images must not be used inappropriately (eg to embellish/decorate a portfolio). Assessors must ensure that permission has been secured before accepting such evidence and before viewing images in situ.

Throughout the assessment journey centres must seek to safeguard the privacy of adults and children and young people and, in the case of the latter group, ensure that they fully meet the requirements of children protection and safeguarding practice. If videos or photographs of minors (those under 18) are referred to as part of the assessment process, both the centre and learner have shared responsibilities relating to child protection legislation.

It is the responsibility of the centre to inform the learner of the need to obtain permission from the minor's parent/guardian. This must be in place prior to making references to images in assessment records and before assessors can view visual displays and pictorial records/reports. Assessment centres must also ensure that all assessment staff are suitably qualified and approved to work in close proximity to and have access to children and vulnerable people.

When seeking permission to make references to child images as part of the assessment process, learners and centres must ensure that clear information has been shared in relation to:

- reasons for and restrictions to referring to photographs or video recordings as evidence
- period of time for which the photographs or video recordings may need to be retained by the setting in order that the assessment process can be facilitated
- the requirement of the learner and centre to respect the setting's obligation to keep photographs or video recordings secure from unauthorised access

- the requirement of the learner and centre to respect the settings obligation to provide secure electronic storage requirement of photographs or video recordings.

Data protection and confidentiality

Data protection and confidentiality must not be overlooked when planning the delivery of this qualification. Centres offering these qualifications may need to provide City & Guilds with personal data for staff and Learners. Guidance on data protection and the obligations of City & Guilds and centres are explained in *Centre Manual - Supporting Customer Excellence*.

Statement Confirming Transferability and Mutual Recognition of Childcare Qualifications for the Level 3 Early Years Educator role (England)

Applicability: Learners completing CCLD from September 2014

In recognition of the needs of the early years workforce that work across borders of Wales, Northern Ireland and England, the JABQG (EYE project group), in collaboration with the National College for Teaching and Leadership (NCTL), have mapped the Level 3 Children's Care Learning and Development (Wales and NI) to the new Level 3 Early Years Educator full and relevant criteria and the following applies:

- GCSE English and maths grade C or above or recognised equivalent see NCTL website
<http://www.education.gov.uk/eypqd/GCSEs.shtml>
- all of the mandatory units must be achieved for the Level 3 CCLD.

The following **four** optional units must also be achieved to allow the learner to meet the Early Years Educator criteria to work in England:

- R/504/2191 Support children's language, literacy and communication (optional)
- L/504/2190 Support children's mathematical development (optional)
- A/601/0121 Work with babies and young children to promote their development and learning (optional)
- M/502/3812 – Engage with parents in their children's early learning (optional).

These units can be taken as part of the CCLD qualification or as additional units post qualifying.

It is the employers' responsibility to ensure that their employee has met this criteria. For further information please visit the Early Years Qualifications Finder at **<https://www.education.gov.uk/eypqd>**.

Work placement

The Level 3 Extended Diploma in Children's Care, Learning and Development incorporates the Level 3 Diploma in Children's Care, Learning and Development. This nested qualification is a requirement for employment at Level 3 within the Early Years and Childcare sector in Wales. Both qualifications include units that are about demonstrating

learner competence across key aspect of Early Years and Childcare practice.

In order to meet the Learning Outcomes for these qualifications, City & Guilds expects that learners will fulfil a mandatory requirement of **a minimum of 100 days (700 hours)** of work experience/work placement in a real Early Years and Childcare working environment.

This requirement can be achieved in the following ways:

- for learners in related employment the requirement can be met in their place of work
- for learners with substantial prior experience of work in the child care sector, evidence of the 100 days (700 hours) can be provided from their previous supervised experience and used as an exemption for the requirement
- for inexperienced learners who are not employed in the child care sector the requirement will be met via unpaid work placement(s) as an integral part of the course.

The 100 (700 hours) day requirement cannot be met via time spent with children within a learner's family/extended family or through babysitting or other such informal arrangements.

2 Delivering the qualification

Initial assessment and induction

An initial assessment of each learner should be made before the start of their programme to identify:

if the learner has any specific training needs,

support and guidance they may need when working towards their qualification.

any units they have already completed, or credit they have accumulated which is relevant to the qualification.

the appropriate type and level of qualification.

We recommend that centres provide an induction programme so the learner fully understands the requirements of the qualification, their responsibilities as a learner, and the responsibilities of the centre. This information can be recorded on a learning contract.

Support materials

The following resources are available for this qualification:

Description	How to access
Approval forms	Available on the qualification pages on the City & Guilds Website.
Assignment pack	Available on the qualification pages on the City & Guilds Website.

Recording documents

Learners and centres may decide to use a paper-based or electronic method of recording evidence.

City & Guilds recognises several e-Portfolio systems. Our own is, **Learning Assistant**, an easy-to-use and secure online tool to support and evidence learners' progress towards achieving qualifications. Further details are available at: www.cityandguilds.com/eportfolios.

Time constraints

The following must be applied to the assessment of this qualification:

- Centre staff should guide learners to ensure excessive evidence gathering is avoided. Centres finding that assignments are taking longer, should contact their External Quality Assurer for guidance.
- All assignments/tasks must be completed and assessed within the learner's period of registration. Centres should advise learners of any internal timescales for the completion and marking of individual assignments.

Assessment strategy

Assessment principles

Assessment decisions for competence based learning outcomes (eg those beginning with 'to be able to') must be made in a real work environment by an occupationally competent assessor. Any knowledge evidence integral to these learning outcomes may be generated outside of the work environment **but the final assessment decision must be within the real work environment.**

Assessment decisions for competence based learning outcomes must be made by an assessor qualified to make assessment decisions. Competence based assessment must include direct observation as the main source of evidence.

Expert witnesses can be used for direct observation ONLY where they have occupational expertise for specialist areas or the observation is of a particularly sensitive nature. The use of expert witnesses should be determined and agreed by the assessor.

Assessment of knowledge based learning outcomes (eg those beginning with 'know' or 'understand') may take place in or outside of a real work environment.

Assessment decisions for knowledge based learning outcomes must be made by an occupationally knowledgeable assessor.

Assessment decisions for knowledge based learning outcomes must be made by an assessor qualified to make assessment decisions. Where assessment is electronic or undertaken according to a set grid, the assessment decisions are made by the person who has set the answers.

Recognition of prior learning (RPL)

The City & Guilds policy on RPL can be found at:

Awarding qualification grades, including Distinction*

The following descriptions indicate the general attainment characteristics of the given grade for the **Level 3 Extended Diploma in Children's Care, Learning and Development (Wales)**.

Pass

All assignment tasks have been achieved and candidates will have:

- demonstrated understanding of the requirements and produced the minimum evidence required
- provided evidence which demonstrates knowledge relevant to the task.

Merit

Candidates need to have achieved everything at pass grade and will have:

- demonstrated sound understanding of the task and provided clear and relevant evidence
- shown the use of a range of relevant sources/resources
- presented the task well and in an organised and logical sequence
- demonstrated evidence of analysing research information
- completed the task with minimal assistance.

Distinction

Candidates need to have achieved everything at pass and merit grade and will have:

- demonstrated excellent understanding of the task with evidence of analysis and evaluation
- critically evaluated a wide range of sources/resources which are clearly referenced
- provided evidence which demonstrates a good breadth and depth of knowledge that has been used to good effect in the task
- presented the task to a high level
- provided evidence of creative and original thoughts
- worked independently throughout.

Distinction*

Candidates need to have achieved everything at distinction grade.

Fail

Candidate has not completed the assignments to the required standard.

Grading for the **Level 3 Extended Diploma in Children's Care, Learning and Development (Wales)** is derived **only from the**

achievement in the four extended mandatory unit assignments
(see the following page for details).

Unit 300 Developing effective study skills, which is assessed with portfolio of evidence, must be achieved before the overall grade can be claimed.

The extended mandatory assignments are externally set, internally assessed and externally verified. These all offer the grade **X/P/M/D**.

All assessments must be achieved at a minimum of pass for the qualification to be awarded.

The qualification grades available are **P/M/D/D***.

Qualification grades must be calculated by the centre based on a sum of the candidates' achievement across the mandatory assessments, and taking into account the assessments' weighting below.

Assessment method	What is covered	Conditions	Contribution to overall grading
Assignment 1	Observation and assessment in the early years sector	Externally set, internally marked and subject to external verification	50%
Assignment 2	Child development from conception to 7 years	Externally set, internally marked and subject to external verification	20%
Assignment 3	Theories which underpin practice in the early years sector	Externally set, internally marked and subject to external verification	20%
Assignment 4	Early intervention models and programmes	Externally set, internally marked and subject to external verification	10%

The points available for each assessment grade are as follows:

	Pass	Merit	Distinction
Assignment 1: 50%	5	10	15
Assignment 2: 20%	2	4	6
Assignment 3: 20 %	2	4	6
Assignment 4: 10%	1	2	3

The candidate's points for each assessment are added together, and the overall grade must be determined using the following qualification grade boundaries.

Total points from all 4 assessments	Qualification grade
30	Distinction*
27 - 29	Distinction
17 - 26	Merit
10 - 16	Pass

The candidates' grade must be claimed through the Walled Garden using the relevant grading/certification module. Please see the Walled Garden for more information.

Optional assignments

City & Guilds has also developed a number of optional assignments that centres can use at their own discretion. These optional assignments do not contribute to the final grade but may meet the specific learning styles of some learners.

Please refer to the assessment pack for further information about the City & Guilds assignments available for this qualification.

UCAS tariff

City & Guilds Level 3 Extended Diploma Children's Care, Learning and Development (Wales) UCAS tariff is as follows.

Grade	Tariff points
D*	420
D	360
M	240
P	120

4 Units

Structure of units

These units each have the following:

- City & Guilds reference number
- unit accreditation number (UAN)
- title
- level
- credit value
- guided learning hours
- unit aim
- learning outcomes which are comprised of a number of assessment criteria
- notes for guidance.

Glossary of words used in the units

The following key words and terms are used in the units.

Term	Definition
Analyse	to study or examine something in detail, in order to discover more about it
Assess	to judge or decide the amount, value, quality or importance of something
Describe	to say or write what someone or something is like
Evaluate	to judge or calculate the quality, importance, amount or value of something.
Explain	to make something clear or easy to understand by describing or giving information about it eg. how or why
Identify	to recognise someone or something and say or prove who or what they are
Produce	to make something or bring something into existence
Propose	to offer or state a possible plan or action (for other people to consider)
Research	a detailed study of a subject, especially in order to discover (new) information or reach a (new) understanding
Select	to choose a small number of things, or to choose by making careful decisions
Support	to help someone emotionally or in a practical way
Use	to put something such as a tool, skill or building to a particular purpose

Unit 201

Meet food safety requirements when providing food and drink for individuals

UAN:	T/601/9450
Level:	2
Credit value:	2
GLH:	15
Relationship to NOS:	This unit is linked to HSC 213.
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	This unit is aimed at those working in a wide range of settings. It provides the learner with the knowledge and skills required to meet food safety requirements when preparing, serving, clearing away and storing food.

Learning outcome
The learner will: 1. Understand the importance of food safety measures when providing food and drink for individuals
Assessment criteria
The learner can: 1.1 identify potential food safety hazards when preparing, serving, clearing away and storing food and drink 1.2 explain the importance of implementing food safety measures when providing food and drink for individuals 1.3 explain why personal protective clothing should be used when handling food and drink 1.4 explain why surfaces, utensils and equipment must be clean before beginning a new task 1.5 explain the importance of clearing and disposing of food waste promptly and safely 1.6 explain the importance of storing different types of food and drink safely

Learning outcome
The learner will:
2. Be able to maintain hygiene when handling food and drink
Assessment criteria
The learner can:
2.1 explain when hands must be washed to maintain food hygiene
2.2 demonstrate effective hand-washing for handling food and drink
2.3 use personal protective clothing to maintain hygiene when handling food and drink
2.4 ensure that all surfaces, utensils and equipment are clean before beginning a new task

Learning outcome
The learner will:
3. Be able to meet safety requirements when preparing and serving food and drink for individuals
Assessment criteria
The learner can:
3.1 describe practices to control hazards when preparing and serving food and drink
3.2 prepare food and drink in ways that minimise risks to own safety and that of others
3.3 serve food and drink in ways that minimise risks to own safety and that of others

Range
Others may include: the individual family and friends of the individual colleagues.

Learning outcome
The learner will:
4. Be able to meet safety requirements when clearing away food and drink
Assessment criteria
The learner can:
4.1 clear away food and drink in ways that minimise risks to own safety and that of others
4.2 dispose of food waste promptly and safely
4.3 clean utensils and equipment effectively after use
4.4 store utensils and equipment safely

Range
Others may include: the individual family and friends of the individual colleagues.

Learning outcome
The learner will: 5. Be able to store food and drink safely
Assessment criteria
The learner can: 5.1 describe practices to control food safety hazards when storing different types of food and drink 5.2 store different types of food and drink safely

Learning outcome
The learner will: 6. Know how to access additional advice or support about food safety
Assessment criteria
The learner can: 6.1 identify sources of information about food safety 6.2 describe how to access advice and support about own role in maintaining food safety when providing food and drink for individuals

Range
Individuals is someone requiring care or support.

Unit 300

Developing effective study skills

UAN:	K/506/0194
Level:	3
Credit value:	4
GLH:	30
Aim:	This unit will highlight the importance of planning for and reviewing professional development. It will enable learners to explore study skills and apply the knowledge of how study skills are used to inform continuing professional development.

Learning outcome
The learner will: 1. Understand how to develop study skills
Assessment criteria
The learner can: 1.1 explain the reasons for developing study skills in the early years sector 1.2 explain the components of study skills

Learning outcome
The learner will: 2. Know a range of study strategies and techniques
Assessment criteria
The learner can: 2.1 explain creative strategies for: a. generating ideas through study b. organising information c. structuring ideas 2.2 explain different techniques that may be used to improve memory 2.3 explain how information may be: a. identified from a variety of sources b. evaluated and selected 2.4 explain strategies to avoid plagiarism during study

Learning outcome
The learner will:
3. Know the factors that affect study
Assessment criteria
The learner can:
3.1 explain the type of environments that are conducive to study
3.2 summarise the tools/resources required to enable study
3.3 analyse support systems which may enable study
3.4 explain the way an individual's circumstances may impact on study
3.5 evaluate factors that affect own ability to study
3.6 propose strategies to optimise own study

Range
Support systems <ul style="list-style-type: none"> • Peers, colleagues, family, friends • College based support (additional learning support, advice, guidance, tutorials, learning resource facilities) Individual's circumstances <ul style="list-style-type: none"> • Health • Well being • Family/ work responsibilities Factors <ul style="list-style-type: none"> • Own environment • Tools/resources for study • Support systems • Personal circumstances

Learning outcome
The learner will:
4. Be able to use and apply study skills to achieve a set outcome
Assessment criteria
The learner can:
4.1 develop a plan of study using various study skills to achieve a set outcome
4.2 undertake study to achieve a set outcome
4.3 evaluate how the implementation of a plan of study and the study undertaken contributed to the set outcome

Range
Plan of study <ul style="list-style-type: none"> • Objectives of study • Assessment requirements • Timescales Undertake study: research, use creative ideas to study, select materials, make sense of information gathered, consider different

options/perspectives, judge information, select information, justify the evidence/ information selected.

Unit 301

Understand child and young person development

UAN:	L/601/1693
Level:	3
Credit value:	4
GLH:	30
Relationship to NOS:	<p>This unit is linked to:</p> <p>CCLD 303: Promote children's development</p> <p>HSC 36: Contribute to the assessment of children and young peoples' needs and the development of care plans</p> <p>CWDC Training, Support and Development Standards for Foster Care. Standard 5: Understand the development of children and young people</p>
Endorsement by a sector or regulatory body:	<p>This unit is endorsed by Skills for Care and Development.</p>
Aim:	<p>This unit provides knowledge and understanding of how children and young people from birth to 19 years develop, including underpinning theoretical perspectives. It also includes actions taken when differences in development are identified and the potential effects of transitions on children and young people's development.</p>

Learning outcome
<p>The learner will:</p> <ol style="list-style-type: none">1. Understand the expected pattern of development for children and young people from birth – 19 years
Assessment criteria
<p>The learner can:</p> <ol style="list-style-type: none">1.1 explain the sequence and rate of each aspect of development from birth – 19 years1.2 explain the difference between sequence of development and rate of development and why the difference is important

Range
Developmental aspects are: <ul style="list-style-type: none"> • Physical • Communication • Intellectual/cognitive • Social, emotional and behavioural • Moral.

Learning outcome
The learner will: 2. Understand the factors that influence children and young people's development and how these affect practice
Assessment criteria
The learner can: 2.1 explain how children and young people's development is influenced by a range of personal factors 2.2 explain how children and young people's development is influenced by a range of external factors 2.3 explain how theories of development and frameworks to support development influence current practice

Range
Personal factors are: <ul style="list-style-type: none"> • health status • disability • sensory impairment • learning difficulties. External factors are: <ul style="list-style-type: none"> • poverty and deprivation • family environment and background • personal choices • looked after/care status • education. Theories of development are: <ul style="list-style-type: none"> • cognitive (eg Piaget) • psychoanalytic (eg Freud) • humanist (eg Maslow) • social learning (eg Bandura) • operant conditioning (eg Skinner) • Behaviourist (eg Watson). Frameworks to support development are: <ul style="list-style-type: none"> • social pedagogy.

Learning outcome
<p>The learner will:</p> <p>3. Understand how to monitor children and young people's development and interventions that should take place if this is not following the expected pattern</p>
Assessment criteria
<p>The learner can:</p> <p>3.1 explain how to monitor children and young people's development using different methods</p> <p>3.2 explain the reasons why children and young people's development may not follow the expected pattern</p> <p>3.3 explain how disability may affect development</p> <p>3.4 explain how different types of interventions can promote positive outcomes for children and young people where development is not following the expected patterns</p>

Range
<p>Methods of assessing development needs may include:</p> <ul style="list-style-type: none"> • Assessment Frameworks • Observation • Standard measurements • Information from carers and colleagues. <p>Reasons why development is not following expected pattern may include:</p> <ul style="list-style-type: none"> • Disability • Emotional • Physical • Environmental • Cultural • Social • Learning needs • Communication. <p>Different types of interventions may include:</p> <ul style="list-style-type: none"> • Social worker • Speech and language therapist • Psychologist • Psychiatrist • Youth justice • Physiotherapist • Nurse specialist • Additional learning support • Assistive technology • Health visitor.

Learning outcome
The learner will: 4. Understand the importance of early intervention to support the speech, language and communication needs of children and young people
Assessment criteria
The learner can: 4.1 analyse the importance of early identification of speech, language and communication delays and disorders and the potential risks of late recognition 4.2 explain how multi agency teams work together to support speech, language and communications 4.3 explain how play and activities are used to support the development of speech, language and communication

Learning outcome
The learner will: 5. Understand the potential effects of transitions on children and young people's development
Assessment criteria
The learner can: 5.1 explain how different types of transitions can affect children and young people's development 5.2 evaluate the effect on children and young people of having positive relationships during periods of transition .

Range
Types of transitions are: <ul style="list-style-type: none"> • emotional, affected by personal experience, eg bereavement, entering/leaving care • physical, eg moving to a new educational establishment, a new home/locality, from one activity to another • physiological eg puberty, long-term medical conditions • intellectual eg moving from pre-school to primary, to post primary

Range

Explain

Taken from a leaflet produced by the Communications Consortium, 'Explaining Speech, Language and Communication Needs (SLCN)': Children and young people with speech, language and communication needs (SLCN) have difficulties in communicating with others; it may be that they cannot express themselves effectively or they may have difficulties in understanding what is being said to them. Alternatively those who support them may not understand their way of communicating.

Children and young people may have difficulties across one or many of the different elements of speech, language and communication resulting in a communication breakdown. This may be minor and temporary, or it may be complex and long-term. Under this umbrella term, there will be many different labels used. The term 'needs' refers both to the needs of the individual and to what society can do to support their inclusion. It implicitly looks both at the individual and the environment in which children play, learn, communicate and live.

Learning outcome

The learner will:

2. Understand the importance and the benefits of adults supporting the speech, language and communication development of the children in own setting

Assessment criteria

The learner can:

- 2.1 explain the **ways** in which adults can effectively support and extend the speech, language and communication development of children during the early years

Range
Areas of Learning As documented by the Welsh government Outcomes As documented by the Welsh government Skills assessed As documented by the Welsh government

Learning outcome
The learner will: 3. Understand how to plan, provide for and evaluate play experiences and activities that support learning, social development, independence and well-being in the Foundation Phase
Assessment criteria
The learner can: 3.1 explain the importance of play in supporting children's learning, social development, independence and well-being in the Foundation Phase 3.2 explain the practitioners' role in supporting and enabling play in the Foundation Phase 3.3 explain possible barriers to play and how these might be overcome 3.4 describe how to plan the environment for play experiences and activities that support children's learning, social development, independence and well-being in the Foundation Phase 3.5 describe how to provide for play experiences and activities that support learning, social development, independence and well-being in the Foundation Phase 3.6 explain how to monitor and evaluate children's use of different areas of the environment

Range
Barriers Environmental, attitudinal, organisational Plan, Short-term, medium-term, long-term Play Continuous provision, enhanced provision, focused activities Areas of the environment Indoor, outdoor, emotional (e.g. play friendly spaces, key worker), familiar/unfamiliar

Learning outcome
The learner will: 4. Understand how to support assessment in the Foundation Phase
Assessment criteria
The learner can: 4.1 Describe the role of assessment in the Foundation Phase 4.2 Explain the practitioners' role in supporting children's assessment in the Foundation Phase 4.3 Describe the support required for children's transitions to, from and within from the Foundation Phase

Unit 320

Understand the speech, language and communication needs of children and young People with behavioural, social and emotional difficulties

UAN:	M/601/2884
Level:	3
Credit value:	3
GLH:	25
Relationship to NOS:	This unit has some links to competencies from CCLD NOS Unit 337
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development
Aim:	This unit explores the way in which behaviour, social and emotional difficulties are linked with speech, language and communication and provides effective ways to support the speech, language and communication development of children and young people with behaviour, social and emotional difficulties.

Learning outcome
The learner will: 1. Understand the links between language, behaviour, emotional and social development difficulties
Assessment criteria
The learner can: 1.1 explain why behaviour can be seen as a means of communication 1.2 explain, with examples, how speech, language and communication needs may affect behavioural, emotional and social development in children and young people 1.3 review and report on relevant research about the incidence of speech, language and communication needs and behavioural, social and emotional difficulties in children and young people 1.4 describe the range of behavioural, emotional and social difficulties that children and young people may experience and how they can affect speech, language and communication development

Learning outcome
<p>The learner will:</p> <ol style="list-style-type: none"> 2. Understand how to support positive speech, language and communication development for children and young people with behavioural, emotional and social difficulties
Assessment criteria
<p>The learner can:</p> <ol style="list-style-type: none"> 2.1 identify key barriers to behavioural, social and emotional development that are experienced by children and young people with speech, language and communication needs 2.2 explain effective strategies to overcome barriers to support the speech language and development of children and young people with behavioural, emotional and social difficulties 2.3 explain how adapting adult language and interactions can support a child's behaviour, emotional, social skills, as well as support their communication development 2.4 explain how positive changes to the communication environment can support communication development for children and young people with behavioural, emotional and social difficulties

Learning outcome
<p>The learner will:</p> <ol style="list-style-type: none"> 3. Understand how to adapt strategies and approaches to behavioural, emotional and social development to meet speech, language and communication needs
Assessment criteria
<p>The learner can:</p> <ol style="list-style-type: none"> 3.1 identify and explain current evidence based approaches to understanding children and young people's behavior 3.2 explain how setting wide strategies to promote positive behaviour and emotional and social development can be adapted to support children and young people with speech, language and communication needs 3.3 explain, using examples, how individual strategies to promote positive behaviour and emotional and social development can be adapted to support children and young people with speech, language and communication needs

Learning outcome
The learner will: 4. Know how to work with others in order to support the speech, language and communication development of children and young people with behavioural, emotional and social development needs
Assessment criteria
The learner can: 4.1 explain ways to work with parents and families in supporting children and young people's speech, language and communication needs that also promotes positive behavior 4.2 explain the roles of other professionals who may be involved in joint or integrated working to promote positive behaviour and emotional and social development needs of children and young people

Unit 321

Work with babies and young children to promote their development and learning

UAN:	A/601/0121
Level:	3
Credit value:	6
GLH:	45
Relationship to NOS:	<p>This unit is linked to:</p> <ul style="list-style-type: none">• CCLD 303 Promote children's development, 312 Plan and implement positive environments for babies and children under 3 years• HSC 37 Care for and protect babies
Endorsement by a sector or regulatory body:	<p>This unit is endorsed by Skills for Care and Development.</p>
Aim:	<p>This unit is designed to assess competence to work with babies and young children to support their learning and development. This would normally cover children from birth to their third birthday</p>

Learning outcome
<p>The learner will:</p> <ol style="list-style-type: none">1. Understand the development and learning of babies and young children
Assessment criteria
<p>The learner can:</p> <ol style="list-style-type: none">1.1 explain the pattern of development in the first three years of life and the skills typically acquired at each stage1.2 explain:<ul style="list-style-type: none">• how development and learning are interconnected• how and why variations occur in rate and sequence of development and learning• that learning may take place in different ways.• the importance of play1.3 explain the potential effects on development, of pre conceptual, pre birth and birth experiences1.4 explain the impact of current research into the development and learning of babies and young children

Range
<p>Pre-conceptual, pre birth and birth experiences may include:</p> <ul style="list-style-type: none"> • Smoking • Alcohol • Maternal ill health • Poor maternal diet • Substance abuse • Assisted birth • Birth trauma

Learning outcome
<p>The learner will:</p> <p>2. Be able to promote the development and learning of babies and young children</p>
Assessment criteria
<p>2.1 undertake assessments of babies or young children's development and learning needs</p> <p>2.2 demonstrate in own practice how the indoor and outdoor environment is responsive to the development and learning needs of babies and young children</p> <p>2.3 plan play based activities and experiences based on assessments to support development and learning</p> <p>2.4 demonstrate in own practice the provision of play based activities and experiences to promote development and learning that are tailored to babies or young children's needs</p>

Range
<p>Environment may include:</p> <ul style="list-style-type: none"> • Well-equipped, clean and safe with age appropriate equipment and materials • Provides appropriate challenge • Offers appropriate levels of sensory stimulation • Provides quiet calming spaces for babies and young children • Planned and organised around individual needs of Babies and young children

Learning outcome
<p>The learner will:</p> <p>3. Understand the attachment needs of babies and young children</p>
Assessment criteria
<p>3.1 explain the benefits of the key worker/person system in early years settings</p> <p>3.2 explain how babies and young children learn and develop best from a basis of loving, secure relationships with carers and with key persons in work settings.</p> <p>3.3 analyse the possible effects of poor quality attachments on the development of babies and children</p>

Range
<p>Possible effects of poor quality attachments may include:</p> <ul style="list-style-type: none"> • Effects on social and emotional development and emotional security • Effects on ability to settle, take risks and make the most of learning opportunities • Possible effects on short and long term mental health • Effects on relationships with parents and professional carers

Learning outcome
<p>The learner will:</p> <p>4. Be able to engage with babies and young children and be sensitive to their needs</p>
Assessment criteria
<p>4.1 engage sensitively with babies and young children giving them time to respond</p> <p>4.2 engage in playful activity with babies and young children</p> <p>4.3 explain how babies express their emotions, preferences and needs and demonstrate responsive care in own practice.</p> <p>4.4 explain why it is important to manage transitions for babies and young children</p> <p>4.5 explain when and why babies and young children require periods of quiet to rest and sleep</p>

Range
<p>Responsive care may include:</p> <p>where carer responds sensitively, consistently and promptly</p> <p>responses are sensitive to individual needs and preferences</p> <p>consistency of response</p> <p>responding promptly and managing situations to avoid delay</p>

Learning outcome
<p>The learner will:</p> <p>5. Be able to work in partnership with carers in order to promote the learning and development of babies and young children</p>
Assessment criteria
<p>5.1 explain the primary importance of carers in the lives of babies and young children</p> <p>5.2 demonstrate in own practice how to exchange information with carers</p> <p>5.3 evaluate ways of working in partnership with carers</p>

Unit 322

Care for the physical and nutritional needs of babies and young children

UAN:	D/601/0130
Level:	3
Credit value:	6
GLH:	45
Relationship to NOS:	This unit is linked to: <ul style="list-style-type: none">• CCLD 303 Promote children's development, 314 Provide physical care that promotes the health and development of babies and children under 3 years• HSC 37 Care for and protect babies
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development
Aim:	The unit is designed to assess competence in caring for the physical and nutritional needs of babies and young children. This would normally cover children from birth to their third birthday.

Learning outcome
The learner will: <ol style="list-style-type: none">1. Be able to provide respectful physical care for babies and young children
Assessment criteria
The learner can: <ol style="list-style-type: none">1.1 demonstrate culturally and ethnically appropriate care for babies and young children for<ul style="list-style-type: none">• Skin• Hair• Teeth• Nappy area1.2 demonstrate in own practice how to take into account the preferences of carers in the provision of physical care and explain why this is important1.3 demonstrate in own practice how you engage with babies or young children in a respectful manner and provide personalised physical care tailored to their needs

- | | |

|----|---|

Assessment criteria

The learner can:

- | | |
|-----|--|
| 3.1 | explain the importance of exercise and physical activity for babies and young children |
| 3.2 | demonstrate in own practice how to support babies or young children's exercise and physical activity |

Learning outcome
The learner will:
4. Be able to provide safe and protective environments for babies and young children
Assessment criteria
The learner can:
4.1 explain policies and procedures in own setting that cover health, safety and protection of babies and young children
4.2 demonstrate and evaluate the safety features within the environment for babies and young children
4.3 supervise babies or young children and demonstrate a balanced approach to risk management
4.4 explain current advice on minimising sudden infant death syndrome in everyday routines for babies

Range
Safety features may include: Socket covers Safety gates Corner protectors Cupboard locks Finger guards on doors

Learning outcome
The learner will:
5. Be able to provide for the nutritional needs of babies under 18 months
Assessment criteria
The learner can:
5.1 identify, using current government guidance, the nutritional needs of babies until they are fully weaned and using information from carers plan a programme of weaning
5.2 prepare formula feeds hygienically following current guidance
5.3 evaluate the benefits of different types of formula that are commonly available

Learning outcome
The learner will:
6. Understand how to provide for the nutritional needs of young children from 18-36 months
Assessment criteria
The learner can:
6.1 plan meals for young children that meet their nutritional needs based on current government guidance and information from carers
6.2 explain food allergies and intolerances that a young child may experience and the importance of following carers instructions on the needs of their child

Unit 323

Support positive practice with children and young people with speech, language and communication needs

Learning outcome
<p>The learner will:</p> <ul style="list-style-type: none"> 3. Be able to place children and young people at the centre of professional practice when working with children and young people with speech, language and communication needs
Assessment criteria
<p>The learner can:</p> <ul style="list-style-type: none"> 3.1 review and identify the particular issues and implications of own work setting for children and young people's speech, language and communication 3.2 demonstrate ways to adapt and modify own communication, resources and tasks to support children and young people's speech, language and communication 3.3 demonstrate effective ways to find out the views of children and young people and take them into account in planning and delivering practice

Range
Resources and tasks may include: Everyday activities within the work setting Specific resources or activities within, for example a curriculum Daily routines within the setting Published resources; written information

Learning outcome
The learner will: 4. Understand how to work with others to support the social, emotional and cognitive needs of children and young people
Assessment criteria
The learner can: 4.1 explain how speech, language and communication needs can affect social, emotional and cognitive development in children and young people 4.2 explain how social, emotional and cognitive needs can affect children and young people's speech, language and communication 4.3 review and report on the roles of other professionals in supporting children and young people and explain how to access additional support

Unit 324

Promote children in the early years settings acquiring a new language through immersion

UAN:	K/601/3225
Level:	3
Credit value:	4
GLH:	29
Relationship to NOS:	This unit is linked to CCLD 347.
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to enable the learner to acquire the knowledge, understanding and skills to support children in early year's settings to acquire a new language through immersion.

Learning outcome
The learner will: 1. Understand the needs of children and families within a new language learning environment
Assessment criteria
The learner can: 1.1 explain how the immersion method relates to the legal, policy and practice frameworks that are relevant for language acquisition in the country of the setting 1.2 explain the importance of sharing information with carers and involving them in the child's immersion language development 1.3 explain what is meant by recognising and valuing cultures and why it is important to demonstrate to families that you value diversity 1.4 explain why it is important to recognise and value a child's right to use their language of choice 1.5 explain ways in which communication issues with families might be addressed

Range
Carers may include: Parents Family members Paid carers

Learning outcome
The learner will:
2. Be able to implement the immersion method within the child care setting
Assessment criteria
The learner can:
2.1 explain the stages of language immersion
2.2 pronounce the immersion language clearly and accurately
2.3 respond appropriately to children according to the stage of their immersion language acquisition
2.4 demonstrate methods for supporting children to acquire the immersion language through play and active learning
2.5 use verbal and non-verbal communication to encourage and reassure children in a new language environment

Learning outcome
The learner will:
3. Be able to plan the environment to promote children's immersion language acquisition
Assessment criteria
The learner can:
3.1 outline the factors that create an environment conducive to immersion language acquisition
3.2 plan and provide activities where individual children have opportunities to use the immersion language with other children
3.3 provide individual activities where children are able to experiment with sounds and language

Range
Factors include oral and visual.

Learning outcome
The learner will:
4. Be able to support the acquisition of language skills that children need to speak a new language
Assessment criteria
The learner can:
4.1 explain how verbal interactions between adults in the setting might influence the children's acquisition of the language
4.2 encourage children to use the immersion language including verbal interaction with practitioners and others
4.3 demonstrate how literacy skills in the immersion language are supported and developed

Range
Others may include: Parents, carers, guardians Professionals Multi-disciplinary teams Colleagues

Learning outcome
The learner will: 5. Be able to review and evaluate the effectiveness of immersion language development within the setting
Assessment criteria
The learner can: 5.1 work with others to define the baseline at which each child operates linguistically 5.2 observe and record the child's language development during play activities including incidental use of the immersion language 5.3 work with others to review a child's immersion language development to plan for progression 5.4 share information of the child's immersion language development with carers following work setting processes 5.5 work with others to review and evaluate the effectiveness of the language environment of the setting in promoting language acquisition through immersion

Range
Others may include: Parents, carers, guardians Professionals Multi-disciplinary teams Colleagues Carers may include: Parents Family members Paid carers

Learning outcome
The learner will: 6. Be able to evaluate own contribution to children's language development
Assessment criteria
The learner can: 6.1 reflect on how own working practice has contributed to children's development within the immersion language 6.2 adapt own practice to meet the needs of individual children

Unit 325

Promote children's experiential learning

UAN:	T/602/1876
Level:	3
Credit value:	6
GLH:	44
Relationship to NOS:	This unit is linked to CCLD 303.
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to assess the learner's knowledge, understanding and skills in supporting children's experiential learning.

Learning outcome
The learner will: 1. Understand the importance of experiential learning for children's development
Assessment criteria
The learner can: 1.1 explain what is meant by experiential learning 1.2 explain how children's skills, development and learning is enhanced through active involvement in play and first hand experiences 1.3 explain the implications for a work setting of promoting experiential learning 1.4 evaluate the role in experiential learning of: <ul style="list-style-type: none">• child initiated play• adult directed activities

Learning outcome
The learner will: 2. Be able to support a curriculum model that promotes experiential learning
Assessment criteria
The learner can: 2.1 explain how curriculum models for experiential learning provide a framework for good practice 2.2 contribute to curriculum planning for experiential learning.

2.3	show how the curriculum model in own work setting supports experiential learning
2.4	suggest ways to overcome barriers to experiential learning in own setting

Range
Curriculum models The model used should be relevant to the learner's UK Home Country.

Learning outcome
The learner will: 3. Be able to support an environment that promotes experiential learning
Assessment criteria
The learner can: 3.1 explain why children need to feel comfortable in their environment in order to learn effectively 3.2 explain how the environment is organised and managed to support experiential learning through continuous and enhanced provision 3.3 plan an area of the environment to develop children's experiential learning 3.4 prepare an area/s within the work setting based on the plan and explain how it contributes to children's experiential learning 3.5 monitor how the play area supports experiential learning

Range
Continuous and enhanced provision Continuous provision describes the basic provision in all the physical areas of the setting covering all the areas of learning. These provide the secure environment needed to foster children's confidence. Enhanced provision describes the adjustment and enrichment of the environment to meet individual child or group needs and interests.

Learning outcome
The learner will: 4. Be able to promote children's experiential learning through continuous and enhanced provision
Assessment criteria
The learner can: 4.1 demonstrate how experiential learning starts from what individual children already know and can do 4.2 ensure children have sufficient time to engage in, enjoy and complete activities 4.3 use equipment and resources to facilitate the active involvement of children 4.4 provide opportunities and stimuli that support children to lead discussions and shape idea

4.5 listen and respond to children in a way that supports their experiential learning

Learning outcome

The learner will:

- | |
|--|
| 5. Be able to promote children's experiential learning through focused tasks |
|--|

Assessment criteria

The learner can:

- | |
|--|
| 5.1 use focused tasks to develop children's concepts, skills and knowledge using accurate language and context |
| 5.2 meet the individual needs of children when undertaking focused teaching |
| 5.3 demonstrate how children's experiential learning can be used to enhance children's engagement in focused tasks |
| 5.4 demonstrate how focused tasks can be used to enhance children's experiential learning. |

Unit 326

Understand models of disability

UAN:	F/601/3473
Level:	3
Credit value:	3
GLH:	26
Relationship to NOS:	This unit is linked to Sensory Services 1, 2, 3, 10, 11.
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to provide the learner with knowledge and understanding of models of disability.

Learning outcome
The learner will: 1. Understand the difference between models of disability
Assessment criteria
The learner can: 1.1 outline the history and development of the medical, social and psycho-social models of disability 1.2 compare and contrast the medical, social and psycho-social models of disability

Learning outcome
The learner will: 2. Understand how the adoption of models of disability can shape an individual's identity and experience
Assessment criteria
The learner can: 2.1 analyse how the medical, social and psycho-social models of disability can impact on an individual's identity and experience

Learning outcome
The learner will: 3. Understand how the adoption of models of disability can shape service delivery
Assessment criteria
The learner can: 3.1 analyse how the medical, social and psycho-social models of disability can shape service delivery 3.2 evaluate how own practice promotes the wellbeing and quality of life of individuals

Unit 327

Support children's learning in Welsh language development

UAN:	A/504/2184
Level:	3
Credit value:	5
GLH:	31
Relationship to NOS:	SCD CCLD 0309 – Implement frameworks for early education through the development of curriculum planning.
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to enable learners to develop the knowledge, understanding and skills to develop plans that support children's Welsh language skills.

Learning outcome
The learner will: 1. Understand the importance of Welsh language for children's learning
Assessment criteria
The learner can: 1.1 explain why Welsh language development is important to children's learning 1.2 explain how Welsh language development links with other Areas of Learning and development Welsh

Learning outcome
The learner will:
2. Be able to use assessments to develop plans for Welsh language development
Assessment criteria
The learner can:
2.1 explain the importance of undertaking assessments of children to support children's Welsh language development
2.2 use observations to assess children's current understanding and use of the Welsh language
2.3 use assessments as a basis for both short term and long term planning of the Welsh language provision
2.4 research sources of information in developing Welsh language provision
2.5 explain how Welsh language development is implemented through the combination of adult-led activities and child-initiated activities
2.6 explain how holistic plans support access to learning for every child in the setting including those with specific requirements
2.7 develop a holistic plan which incorporates the development of Welsh language development

Range
Holistic plans: All aspects of learning are interlinked for young children

Learning outcome
The learner will:
3. Be able to use activities for children's Welsh language development
Assessment criteria
The learner can:
3.1 deliver a holistic plan which incorporates the development of Welsh language and culture
3.2 use Welsh language in everyday activities and routines to support children's Welsh language
3.3 provide both structured and spontaneous opportunities and activities that develop children's knowledge and understanding of Welsh language
3.4 use storytelling, rhyme and song to enrich children's Welsh language development
3.5 use accurate oral and written Welsh with children in activities and on visual displays
3.6 encourage children to use the Welsh language
3.7 use encouragement and praise when supporting children's Welsh language development

Range
Holistic plans:

All aspects of learning are interlinked for young children
--

Learning outcome

The learner will:

- | |
|--|
| 4. Be able to reflect on own performance in supporting children's Welsh language development |
|--|

Assessment criteria

The learner can:

- | |
|--|
| 4.1 evaluate how own practice has contributed to children's Welsh language development |
| 4.2 adapt own practice to meet children's Welsh language development needs |
| 4.3 identify training and development needs for self to improve performance in provision in Welsh language development |

Unit 328

Support children's physical development through activities

UAN:	L/504/2187
Level:	3
Credit value:	4
GLH:	27
Relationship to NOS:	SCD CCLD 0309 – Implement frameworks for early education through the development of curriculum planning SCD CCLD 0307 – Promote the health and physical development of children
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to develop learner's knowledge, understanding and skills of supporting children's physical development through activities.

Learning outcome
The learner will: 1. Understand the importance of physical development for children's learning
Assessment criteria
The learner can: 1.1 explain why physical development is important to children's development 1.2 explain how physical development links with other areas of learning and development 1.3 explain the importance of using both the indoor and outdoor environment to develop children's physical development 1.4 evaluate sources of useful information in supporting children's physical development

Learning outcome
The learner will:
2. Be able to plan and organise an effective environment to support physical development
Assessment criteria
The learner can:
2.1 explain the importance of undertaking assessments of children to support their physical development
2.2 contribute to assessments of children's physical development.
2.3 use assessments as basic for both short term and long term planning of physical activity provision within the learning environment
2.4 explain how physical development is implemented through the combination of adult-led and child-initiated activities
2.5 explain how holistic plans support access to physical activities for every child in the setting including those with specific requirements
2.6 develop a holistic plan which incorporates physical activities

Learning outcome
The learner will:
3. Be able to use activities for children's physical development
Assessment criteria
The learner can:
3.1 deliver a holistic plan which incorporates Physical Development.
3.2 use physical activities in everyday activities and routines to support children's physical development
3.3 provide both structured and spontaneous opportunities and activities that support children's physical development
3.4 use encouragement and praise when supporting children's physical development

Learning outcome
The learner will:
4. Be able to reflect on own performance in supporting physical development
Assessment criteria
The learner can:
4.1 evaluate how own practice has contributed to children's physical development
4.2 adapt own practice to meet children's physical development needs
4.3 identify training and development needs for self to improve performance in provision of physical development

UAN:	R/504/2188
Level:	3
Credit value:	4

Relationship to NOS:	SCD CCLD 0309 – Implement frameworks for early education through the development of curriculum planning SCD CCLD 0323 – Use information and communication technology to promote children's early learning
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to enable learners to develop the knowledge, understanding and skills to develop plans that support children's ICT skills.

Learning outcome
The learner will:
1. Understand the importance of ICT for children's learning
Assessment criteria
The learner can:
1.1 research current developments in ICT that enrich children's learning
1.2 explain why ICT is important to children's learning
1.3 explain how ICT can be used to support areas of learning and development

Learning outcome
The learner will:
2. Be able to use assessments to develop plans for ICT skills development
Assessment criteria
The learner can:
2.1 explain the importance of undertaking assessments of children to support their ICT skills development
2.2 contribute to assessments of children's understanding and use of ICT
2.3 use assessments as a basis for both short term and long term planning of ICT provision within the learning environment
2.4 research sources of information in developing ICT provision within the learning environment
2.5 explain how ICT is implemented through the combination of adult-led activities and child-initiated activities
2.6 explain how holistic plans support access to ICT learning for every child in the setting including those with specific requirements
2.7 develop a holistic plan which incorporates ICT

Learning outcome
The learner will:
3. Be able to use activities for children's ICT skills development
Assessment criteria
The learner can:
3.1 deliver a holistic plan which incorporates the development of ICT
3.2 use ICT with children in everyday activities and routines to support their learning and development
3.3 provide both structured and spontaneous opportunities and activities that develop children's knowledge and understanding of ICT

Learning outcome
The learner will:
4. Be able to reflect on own performance in supporting children's ICT skills development
Assessment criteria
The learner can:
4.1 evaluate how own practice has contributed to children's ICT skills development
4.2 adapt own practice to meet children's ICT development needs
4.3 identify training and development needs for self to improve performance in supporting the use of ICT

Unit 330

Support children's outdoor play

UAN:	Y/504/2189
Level:	3
Credit value:	4
GLH:	27
Relationship to NOS:	SCD CCLD 0309 – Implement frameworks for early education through the development of curriculum planning PW34 – Work with children and young people to create play spaces and support freely chosen self-directed play PW9 – Plan and support self directed play
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to enable learners to develop the knowledge, understanding and skills to support children's outdoor play.

Learning outcome
The learner will: 1. Understand the importance of outdoor play for children's health, learning and development
Assessment criteria
The learner can: 1.1 analyse the benefits of outdoor play on children's health, learning and development 1.2 explain how outdoor play is linked to other areas of learning and development

Learning outcome
The learner will: 2. Be able to use assessments to develop plans to support outdoor play
Assessment criteria
The learner can: 2.1 explain the importance of making an assessment of children's outdoor play 2.2 contribute to making an assessment of children's outdoor play

2.3	use assessments as a basis for both short term and long term planning for the development of outdoor play
2.4	research sources of information to support the development of outdoor play
2.5	explain how the development of outdoor play is supported through the combination of adult-led activities and child-initiated activities
2.6	explain why children need to experiment, explore and take risk through outdoor play
2.7	explain how holistic plans support access to outdoor play for every child in the setting, including those with specific requirements
2.8	engage with children to develop a holistic plan which incorporates outdoor play to include: <ul style="list-style-type: none"> • Environments within the work setting • Environments outside of the work setting

Range
Holistic plans: All aspects of learning are interlinked for young children

Learning outcome
The learner will: 3. Be able to use activities for the development of children's outdoor play
Assessment criteria
The learner can: 3.1 deliver a holistic plan which incorporates the development of outdoor play 3.2 demonstrate how to make the best use of outdoor space 3.3 use outdoor play with children in everyday activities and routines to support their learning and development 3.4 encourage children to use the outdoor environment as a natural extension of their play 3.5 provide both structured and spontaneous opportunities and activities that develop children's outdoor play 3.6 encourage and praise children in their creative use of outdoor play

Range
Holistic plans: All aspects of learning are interlinked for young children
Learning outcome
The learner will: 4. Be able to reflect on own performance in supporting the development of children's outdoor play
Assessment criteria
The learner can:

- | | |
|-----|---|
| 4.1 | evaluate how own practice has contributed to the development of children's outdoor play |
| 4.2 | adapt own practice to support children's outdoor play |
| 4.3 | identify training and development needs for self to improve performance |

Relationship to NOS:	SCD CCLD 0309 – Implement frameworks for early education through the development of curriculum planning SCD CCLD 0345 – Promote literacy, numeracy and language development for children's early learning
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to enable learners to develop the knowledge, understanding and skills to develop plans that support children's mathematical development.

Learning outcome
The learner will: 1. Understand the importance of mathematical development for children's learning
Assessment criteria
The learner can: 1.1 explain why mathematical development is important to children's learning 1.2 explain how mathematics can be used to support areas of learning and development

Learning outcome
The learner will:
2. Be able to use assessments to develop plans for mathematical development
Assessment criteria
The learner can:
2.1 explain the importance of undertaking assessments of children to support their mathematical development
2.2 contribute to assessments of children's understanding and use of mathematics
2.3 use assessments as a basis for both short term and long term planning of mathematical development

Unit 334

Contribute to effective team working in health and Social care or children and young people's setting

UAN:	H/504/2194
Level:	3
Credit value:	4
GLH:	25
Relationship to NOS:	SCD CCLD 0338 – Develop productive working relationships with others SCD HSC 3121 – Promote the effectiveness of teams
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development
Aim:	The purpose of this unit is to develop the knowledge, understanding and skills of learners to enable them to contribute to effective team work in health and social care or children and young people settings.

Learning outcome

The learner will:

1. Understand theories of teams and team working

Assessment criteria

The learner can:

- 1.1 outline models of **team** working
- 1.2 explain the process of **team** development
- 1.3 analyse how shared goals can lead to **team** cohesion

Range

Teams could include:

- Within the organisation / service
- Multi-disciplinary
- Multi-agency

Learning outcome
The learner will: 2. Understand the principles that underpin effective teamwork
Assessment criteria
<p>The learner can:</p> <p>2.1 explain why teams need:</p> <ul style="list-style-type: none"> • clear objectives • clearly defined roles and responsibilities • trust and accountability • confidentiality • effective communication • conflict resolution <p>2.2 explain why mutual respect and support promotes effective teamwork</p> <p>2.3 explain how the values of own organisation influences the working of your team</p> <p>2.4 explain how the teams manage change</p> <p>2.5 explain the benefits of effective team performance</p>

Learning outcome
The learner will: 3. Be able to work as part of a team.
Assessment criteria
<p>The learner can:</p> <p>3.1 identify own role and responsibility in the team</p> <p>3.2 fulfil own responsibilities within the team</p> <p>3.3 communicate effectively with team members</p> <p>3.4 involve other team members in decision making</p> <p>3.5 seek support and advice from others</p> <p>3.6 offer support to other team members</p> <p>3.7 explain lines of reporting and responsibility in the team</p> <p>3.8 analyse the strengths and contributions of other team members to the work of the team</p>

Range
<p>Others could include:</p> <ul style="list-style-type: none"> • Team members and colleagues • Other professionals • Line manager

Learning outcome
The learner will: 4. Be able to support individual team members
Assessment criteria
The learner can: 4.1 provide encouragement and support to individual team members within their roles 4.2 provide constructive feedback on performance to individual team members

Learning outcome
The learner will: 5. Be able to review the work of the team
Assessment criteria
The learner can: 5.1 reflect on own performance in working as part of a team 5.2 review team performance in achieving or working towards goals 5.3 contribute to the development of continuous improvement within the work of the team

Support the development of positive behaviour in children

UAN:	L/504/2206
Level:	3
Credit value:	3
GLH:	22
Relationship to NOS:	SCDHSC0326 – Promote the development of positive behaviour in children and young people
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development.
Aim:	The purpose of this unit is to develop the knowledge, understanding and skills of the learner to support children to develop positive behaviour.

Learning outcome
The learner will: 1. Understand principles of supporting the development of positive behaviour in children
Assessment criteria
The learner can: 1.1 outline theories of behaviour development in children.

Learning outcome
The learner will: 2. Be able to establish behavioural goals and boundaries with children
Assessment criteria
The learner can: 2.1 communicate with a child about their behaviour according to their level of ability and understanding 2.2 support a child to gain understanding of expectations about their behaviour 2.3 support a child to gain understanding of why goals and boundaries must be set for their behaviour 2.4 work with a child, key people and others to identify behavioural goals and boundaries that will support positive behaviour 2.5 record agreed behavioural goals and boundaries in line with work setting requirements

Range
<p>Key people are those who are important to a child who can make a difference to his or her well-being. Key people include family, friends, carers and others with whom the individual has an important relationship</p> <p>Others may include:</p> <ul style="list-style-type: none"> • Colleagues • Other professionals

Learning outcome
The learner will:
3. Be able to support children to understand their behaviour
Assessment criteria
<p>The learner can:</p> <p>3.1 support a child to develop understanding of when their behaviour is acceptable and when it is unacceptable</p> <p>3.2 support a child to develop understanding of the consequences of:</p> <ul style="list-style-type: none"> • Acceptable behaviour • Unacceptable behaviour <p>3.3 support a child to develop recognition of the benefits of positive behaviour for themselves, key people and others</p> <p>3.4 work with a child to develop an understanding of why they behave in certain ways</p> <p>3.5 work with a child to develop an understanding of how they are feeling when they engage in unacceptable behaviour</p>

Learning outcome
The learner will:
4. Be able to support children to achieve behavioural goals and adhere to agreed boundaries
Assessment criteria
<p>The learner can:</p> <p>4.1 support a child to identify behaviours that show that they are meeting behavioural goals or plans</p> <p>4.2 work with key people and others to provide consistent support to a child to help them meet behavioural goals and agreed boundaries</p> <p>4.3 use stimulating and achievable activities to engage children to support them to meet agreed behavioural goals and boundaries</p> <p>4.4 provide constructive feedback to a child on meeting behavioural goals and agreed boundaries</p> <p>4.5 use praise to reinforce positive behaviour in a child, support the positive behaviour of children through own actions</p> <p>4.6 support the positive behaviour of children through own actions</p> <p>4.7 use agreed interventions to help a child end an instance of unacceptable behaviour</p> <p>4.8 work with a child to develop their understanding of why they engaged in unacceptable behaviour</p>

- 4.9 work with a child to develop their understanding of how they might have behaved differently
- 4.10 record progress towards the achievement of behavioural goals in line with work setting requirements
- 4.11 record instances of unacceptable behaviour in line with work setting requirements
- 4.12 Access help and support where there are concerns about the behaviour of a child

Unit 336

Promote nutrition and hydration in early years and childcare settings

UAN:	A/503/2576
Level:	3
Credit value:	4
GLH:	32
Relationship to NOS:	Links to NOS CCLD 307
Endorsement by a sector or regulatory body:	This unit is endorsed by Skills for Care and Development
Aim:	This unit is aimed at learners who work in early years or childcare settings. The unit develops the learners' knowledge and skills in contributing to the promotion of nutrition and hydration

Learning outcome
The learner will: 1. Understand the principles of a balanced diet for children
Assessment criteria
The learner can: 1.1 describe current government nutritional guidelines for a balanced diet for children 1.2 define the main food groups 1.3 identify sources of essential nutrients 1.4 explain the importance of a balanced diet 1.5 evaluate the impact of poor diet on health and wellbeing 1.6 explain how dietary requirements change across the span of the early years

Range
Nutritional guidelines refers to the latest national guidance for appropriate age groups Health refers to general physical health and healthy weight (i.e. BMI in the accepted range for the individual's group) Wellbeing refers to a state where human needs are met and one can meaningfully pursue goals and enjoy a satisfactory quality of life

Learning outcome
The learner will: 2. Be able to plan and promote a balanced diet for children
Assessment criteria
The learner can: 2.1 evaluate the factors that may affect nutritional intake 2.2 explain how a healthy diet can be promoted for children 2.3 plan a balanced diet for a child that meets their individual dietary requirements 2.4 encourage children to eat a healthy balanced diet 2.5 evaluate own and others contribution to the balanced diet of a child

Range
Factors can include: <ul style="list-style-type: none">• Culture and religion• Individual preferences and habits• Physical factors – positioning, oral hygiene etc• Psychological factors – depression, eating disorders etc• Income, lifestyle and social convention• Advertising and fads• Family and peer group influences• Ethics, morals and political beliefs• Neglect Healthy diet is one based on sound nutritional principles. It would usually feature <ul style="list-style-type: none">• High consumption of fruits & vegetables• Low consumption of red meat & fatty foods• Meals based on starch foods• Raw foods & whole grains are preferred to processed or refined foods• Protein primarily from fish, dairy products, nuts• Low consumption of salt, pepper, sugar, saturated fats, coffee & other caffeinated beverages• Low consumption of alcohol• Drinking plenty of water• Organic and/or unprocessed foods–ie, produced without pesticides and chemical preservatives Others may include: <ul style="list-style-type: none">• parents or carers• colleagues• other professionals eg health visitors, school nurses, dieticians, speech and language therapists

Learning outcome
The learner will:
3. Understand the principles of hydration for babies and children
Assessment criteria
The learner can:
3.1 explain the importance of hydration
3.2 describe the signs of dehydration in babies and children
3.3 explain the impact of dehydration on health and wellbeing

Learning outcome
The learner will:
4. Be able to promote hydration in babies and/or children
Assessment criteria
The learner can:
4.1 evaluate the factors that may affect hydration
4.2 explain how hydration can be promoted for babies and children
4.3 demonstrate different approaches to promote hydration for babies or children
4.4 evaluate the effectiveness of different ways of promoting hydration for babies and/or children

Learning outcome
The learner will:
5. Understand how to contribute to the prevention of malnutrition in babies and children
Assessment criteria
The learner can:
5.1 describe the signs of malnutrition
5.2 explain the risk factors that may lead to malnutrition
5.3 explain ways of increasing nutritional density of foods and drinks

Learning outcome
The learner will:
6. Understand the principles of infant feeding
Assessment criteria
The learner can:
6.1 compare the benefits of breast feeding and infant formula feeding
6.2 explain current UN and national guidance on breast feeding.
6.3 describe current national guidance on the introduction of solid foods
6.4 discuss suitable choices of foods and drinks for weaning

Range
UN and national guidance refers to the latest guidance supporting breast feeding which may include the UN Baby Friendly Initiative

Learning outcome
The learner will:
7. Understand the importance of special dietary requirements for babies and children
Assessment criteria
The learner can:
7.1 explain circumstances where babies or children have special dietary requirements
7.2 describe special diets
7.3 analyse the potential risks of not following a special diet

Range
<p>Special diets/special dietary requirements in this context may include therapeutic diets for an illness or condition (e.g. food allergy, diabetes, eating, drinking or swallowing difficulty - Dysphagia, coeliac disease) or may include those that may <i>prevent / limit / promote / meet</i> one or more of the following:</p> <ul style="list-style-type: none"> • Aspiration/choking • Appetite • Weight (i.e. underweight or overweight) • Personal choice and control (e.g. vegan and vegetarian or cultural and religious choices)

Learning outcome
The learner will:
8. Be able to contribute to the monitoring of nutrition and hydration for babies or children
Assessment criteria
The learner can:
8.1 describe own responsibilities in relation to monitoring nutrition and hydration
8.2 explain the responsibilities of others in relation to monitoring the nutrition and hydration of babies or children
8.3 complete records for the monitoring of nutrition and hydration in line with agreed ways of working
8.4 explain actions to take when there are concerns about the nutrition and hydration of babies or children

Relationship to NOS:	This unit reflects the NOS from <ul style="list-style-type: none">• PW8 Develop and promote positive relationships• PW11 Work with colleagues in a team
Endorsement by a sector or regulatory body:	This unit is endorsed by SkillsActive
Aim:	This unit covers knowledge and understanding of the principles underpinning playwork practice

Learning outcome

The learner will:

1. Understand the role of, and need for, play

Assessment criteria

The learner can:

- 1.1 explain the innate drive for children and young people to play
- 1.2 analyse how play is necessary for all children and young people's development and well being
- 1.3 explain what is meant by play being a biological, psychological, sociological necessity

Learning outcome

The learner will:

2. Understand children and young people's rights in relation to play

Assessment criteria

The learner can:

- 2.1 evaluate the importance of the **UN Convention on the Rights of the Child** in relation to play provision
- 2.2 explain how playwork **organisations** seek to meet the rights of all children and young people for play

Range
UN Convention on the Rights of the Child Ratified by the UK Organisations Before/after school club, holiday play scheme, play centre, open access centre, adventure playground, play bus / mobile unit, youth groups, local authorities/councils

Learning outcome
The learner will: 3. Understand the role of the playwork team in supporting children and young people's play
Assessment criteria
The learner can: 3.1 explain the importance of a team approach to supporting children and young people to create play spaces 3.2 explain the role of playworkers acting as advocates for play 3.3 evaluate different interventions a playwork team can use to support children and young people's play 3.4 explain the importance of balancing the needs and rights of individual children and young people with the needs and rights of others 3.5 evaluate the impact of playworkers on the play space 3.6 evaluate the impact of children and young people's play on members of the playwork team 3.7 explain the concept of reflective practice in the context of a playwork team

Range
People Playworkers, assistant playworkers, playground staff, play development officers, Playwork coordinators, trainers, facility managers Advocates for play A spokes person for the support of children and young peoples play

Endorsement by a sector or regulatory body:	This unit is endorsed by SkillsActive
Aim:	This unit covers the knowledge, understanding and some elements of practice that a playworker requires to support children and young people's freely chosen, self-directed play and reflect on their practice.

Learning outcome
The learner will: 1. Understand the nature of freely chosen, self-directed play
Assessment criteria
The learner can: 1.1 explain the characteristics of freely chosen, self-directed play 1.2 explain the importance of observation to analyse children and young people's play 1.3 explain why it is important to collect information other than by observation in order to analyse children and young people's play preferences

Range
Characteristics Engaging, accessibility to resources/environment, without adult agenda, child/young person led, child/young person initiated, child/young persons own agenda Observing and analysing Observing and checking on children and young people's play behaviour, looking at what is happening and why Information What the child or young person wants/wishes

Learning outcome
The learner will: 2. Understand the key concepts involved in children and young people's play
Assessment criteria
The learner can: 2.1 explain the following terms, giving an example for each: <ul style="list-style-type: none"> • play needs and play preferences • the play cycle and its component parts • loose parts • play spaces 2.2 list the 16 play types and give examples for each

Range
Play types Communication play, creative play, deep play, dramatic play, exploratory play, fantasy play, imaginative play, locomotor play, mastery play, object play, role play, rough and tumble, social play, socio-dramatic play, symbolic play, evolutionary play

Learning outcome
The learner will: 3. Understand how to balance requirements for health, safety and welfare with the need for stimulation, challenge and risk
Assessment criteria
The learner can: 3.1 summarise the main health, safety and security requirements that apply to a play environment 3.2 explain the benefits of risk, stimulation and challenge during children and young people's play 3.3 explain the concept of acceptable and unacceptable risk in the context of all children and young peoples play 3.4 evaluate the different approaches to managing risk and risk benefit analysis during children and young people's play 3.5 explain the value of enabling children and young people to manage risk for themselves 3.6 explain how playwork organisations seek to balance the health, safety and security of the play environment with children and young people's need for stimulation, risk and challenge

Range
Requirements Current for home counties, risk assessments, suitability of staff (criminal record checks), staff:child/young person ratios, legislation, policies and procedures, code of conduct, safeguarding Approaches Empowering and enabling linked to intervention styles Organisations Before/after school club, holiday play scheme, play centre, open access centre, adventure playground, play bus / mobile unit, youth groups, local authorities/councils

Learning outcome
The learner will: 4. Be able to reflect on children and young people's play
Assessment criteria
The learner can: 4.1 observe play in a way that is sensitive to the children and young people involved 4.2 reflect on observations of children and young people's play 4.3 collect further information about children and young people's play and play preferences 4.4 identify a range of different play types from own observations 4.5 evaluate the impact of adult intervention on children and young people's play

Range
Observe Looking at and sometimes recording children and young peoples play behaviours and needs. The observation is not for the use of monitoring children and young peoples development or planning a curriculum of activities Reflect Thinking about the observations and identifying what is going well and what could be improved on to support self direct play intervention Intervention styles, play cycle.

Unit 401

Child development from conception to 7 years

UAN:	H/506/0193
Level:	4
Credit value:	7
GLH:	31
Aim:	The purpose of this unit is for learners to gain knowledge and understanding of child development from conception to 7 years where appropriate. The unit will provide learners with the required understanding of the sequence and rate of development for children as well as factors that may influence development in both a positive and negative manner. Learners will research the different ways in which children develop to gain an in depth understanding of the areas of development including: neurological and brain development stages, physical, communication, intellectual/cognitive, personal, social, emotional and behavioural development.

Learning outcome
The learner will: 1. Understand the expected pattern and holistic aspects of development for children from birth to 7 years
Assessment criteria
The learner can: 1.1 describe the pattern/sequence and rate of each aspect of development from birth to 7 years in relation to: a. physical b. communication c. intellectual/cognitive d. personal, social, emotional and behavioural 1.2 explain the difference between sequence of development and rate of development and why the difference is important 1.3 explain the importance of holistic development in relation to: a. speech, language and communication b. personal, social and emotional development c. physical development

Learning outcome
<p>The learner will:</p> <p>2. Understand pre and post natal neurological and brain development in children from conception to 7 years</p>
Assessment criteria
<p>The learner can:</p> <p>2.1 explain the critical pre-natal brain development stages that occur</p> <p>2.2 explain the critical post-natal brain development stages that occur</p> <p>2.3 describe the possible adverse factors which could affect neurological and brain development in relation to:</p> <ul style="list-style-type: none"> a. communication b. attachment c. memory formation d. sensory pathways e. physical

Learning outcome
<p>The learner will:</p> <p>3. Understand the factors that influence the development of children from conception to 7 years</p>
Assessment criteria
<p>The learner can:</p> <p>3.1 identify the areas of development that may not follow the expected patterns for the following reasons:</p> <ul style="list-style-type: none"> a. disability b. emotional c. physical d. environmental e. cultural f. social g. learning needs h. communication <p>3.2 explain how the development of children from conception to 7 years is influenced by personal factors:</p> <ul style="list-style-type: none"> a. maternal health b. health status c. disability d. sensory impairment e. learning difficulties <p>3.3 analyse how the development of children from conception to 7 years is influenced by external factors:</p> <ul style="list-style-type: none"> a. poverty and deprivation b. family environment and background c. domestic violence d. exposure to substance use or misuse

Appendix 1 Sources of general information

The following documents contain essential information for centres delivering City & Guilds qualifications. They should be referred to in conjunction with this handbook. To download the documents and to find other useful documents, go to the **Centres and Training Providers homepage** on **www.cityandguilds.com**.

Centre Manual - Supporting Customer Excellence contains detailed information about the processes which must be followed and requirements which must be met for a centre to achieve 'approved centre' status, or to offer a particular qualification, as well as updates and good practice exemplars for City & Guilds assessment and policy issues. Specifically, the document includes sections on:

The centre and qualification approval process

Assessment, internal quality assurance and examination roles at the centre

Registration and certification of candidates

Non-compliance

Complaints and appeals

Equal opportunities

Data protection

Management systems

Maintaining records

Assessment

Internal quality assurance

External quality assurance.

Our Quality Assurance Requirements encompasses all of the relevant requirements of key regulatory documents such as:

SQA Awarding Body Criteria (2007)

NVQ Code of Practice (2006)

and sets out the criteria that centres should adhere to pre and post centre and qualification approval.

Access to Assessment & Qualifications provides full details of the arrangements that may be made to facilitate access to assessments and qualifications for candidates who are eligible for adjustments in assessment.

The **centre homepage** section of the City & Guilds website also contains useful information on such things as:

Walled Garden: how to register and certificate candidates on line

Events: dates and information on the latest Centre events

Online assessment: how to register for e-assessments.
