To whom it may concern,

City & Guilds Qualifications in Insulation and Building Treatments (Construction)

The Federation of Master Builders (FMB) is the UK's largest trade association in the building industry, with national offices in England, Northern Ireland, Scotland and Wales, supported by additional regional offices. Established in 1941 to protect the interests of small and medium-sized building firms, the FMB is independent and non-profit-making, lobbying continuously for members' interests at both national and local levels.

As a Professional Association for the construction sector, we value the following qualifications because they allow an individual to demonstrate their competence to install a variety of different insulation materials to domestic and commercial premises, depending on the specialism chosen. Some installers will be trained in more than one area of installing insulation.

- 60031876 City & Guilds Level 2 NVQ Certificate in Insulation & Building Treatments (Cavity Wall Insulation) {Construction}
- 60031852 City & Guilds Level 2 NVQ Certificate in Insulation & Building Treatments (Loft Insulation) {Construction}
- 60073846 City & Guilds Level 2 NVQ Certificate in Insulation & Building Treatments – External Wall Insulation (Boarder)
- 60073834 City & Guilds Level 2 NVQ Certificate in Insulation & Building Treatments – External Wall Insulation (Finisher)
- 60073822 City & Guilds Level 2 NVQ Diploma in Insulation & Building Treatments – External Wall Insulation (Boarder/Finisher)

Holding these qualifications demonstrates to our employer members that the individual is able to work with the relevant types of insulation and building treatments to a recognised national standard, and is able to work safely as part of a team, installing insulation in domestic and non-domestic properties. There are no level 3 or higher level qualifications in this area as the requirements of the occupational area are covered at this level.

We also confirm that we consent to our company name and logo being made publicly available on the City & Guilds website.

Yours sincerely,

Hayley Ellis, Head of Training, FMB
