1 Giltspur Street
London
EC1A 900

To whom it may concern,

City & Guilds Level 2 NVQ Diploma in Wood Occupations (Construction)

The Federation of Master Builders (FMB) is the UK's largest trade association in the building industry, with national offices in England, Northern Ireland, Scotland and Wales, supported by additional regional offices. Established in 1941 to protect the interests of small and medium-sized building firms, the FMB is independent and non-profit-making, lobbying continuously for members' interests at both national and local levels.

As a Professional Association for the construction sector, we value the following qualification because it allows an individual to demonstrate their competence to work as a carpenter in the construction industry:

- 60158438 City & Guilds Level 2 NVQ Diploma in Wood Occupations (Construction)

A carpenter is someone that cuts, shapes and installs wooden fixtures and fittings such as walls, roofs and staircases in the construction industry.

Holding this qualification demonstrates to our employer members that the individual is able to work with wood to a recognised national standard, and is able to work safely as part of a team, building and refurbishing homes or non-domestic properties.

We also confirm that we consent to our company name and logo being made publicly available on City & Guilds website.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Hayley', is positioned above the printed name.

Hayley Ellis

Head of Training, FMB
