How to complete the multiple-choice answer sheet

Each MCQ shows four possible answers (lettered 'a', 'b', 'c', 'd'); only one is correct.

Decide which one is correct and mark your answer on the answer sheet with your pen.

For example, if you decide 'b' is correct, mark your answer with a cross like this:

1 a b c d

If you change your answer, cancel your first choice by filling in the box, and then put a cross in the answer which you have now decided is correct, like this:

1 a b c d
