1 Introduction

Area	Description
What is in this document?	This document contains the sample knowledge test, answer sheet and mark scheme for the Craft Plasterer Solid 9186-300 multiple-choice knowledge test.
Documents included:	<ul style="list-style-type: none">• Sample questions• Answer sheet• Mark scheme <p>Apprentices should be provided with sample questions and the answer sheet.</p> <p>The mark scheme is to be used by employers/training providers/tutors to mark the completed test.</p>

Note to employers/training providers/tutors: this sample paper-based version of the MCQ test is to support formative assessment activities.

Live versions of the MCQ test will be accessed using City & Guilds evolve online system. Please refer to the EPA handbook for details on how to book and administer live tests.

2 9186-300 End-point Assessment – multiple-choice knowledge test (sample questions)

Test duration: 70 minutes

You should have the following for this test:

- a pen with black or blue ink
- MCQ answer sheet.

Read the following notes before you answer any questions.

- Attempt all questions.
- If you find a question difficult, leave it and return to it later.

This paper contains 40 MCQs worth 1 mark each.

This test paper is the property of City & Guilds.

How to complete the multiple-choice answer sheet

Each multiple-choice question shows four possible answers (lettered 'a', 'b', 'c', 'd'); only one is correct.

Decide which one is correct and mark your answer on the answer sheet with your pen.

For example, if you decide 'b' is correct, mark your answer with a cross like this:

1 a b c d

If you change your answer, cancel your first choice by filling in the box then put a cross in the answer which you have now decided is correct, like this:

1 a b c d
