Qualification aim	Qualification levels and definition	Progression routes
<p>This Diploma reflects the skills and knowledge required to work as a jewellery manufacturer or silversmith including an in depth knowledge of materials, tools and techniques. The qualification encompasses a range of specialist skills associated with the roles and will enable the learner to demonstrate that they have reached a standard where they can work independently and implement complex techniques with confidence and consistency. The Diploma incorporates a range of optional units to enable the candidate to broaden the range of skills that they can demonstrate.</p>	<p>Level 3 - Learners will have already achieved competence at level 2 prior to commencing the qualification and will be in a position where they can adequately demonstrate the skills in a work based environment.</p>	<p>On completion learners will gain the skills to work in the Jewellery Industry or progress into Higher Education.</p> <p>In addition, we also have a number of Higher Level qualifications offered through the Institute of Leadership and Management (ILM). <a href="http://www.i-l-m.com">www.i-l-m.com</a></p>

	Key features	Key benefits
<b>Structure</b>	Learners must complete the mandatory units and a choice of optional units.	Our vast range of optional units allows you to tailor content to suit learners' individual needs, whilst meeting the occupational requirements of the industry.
<b>Assessment</b>	Learners need to provide a portfolio of evidence for each unit.	This allows flexibility for the learner and can be carried out over a period of time.
<b>Support</b>	Our support resources include a free Qualification Handbook and personal support.	Personal support is available from the largest team of subject specific Quality Consultants, our Customer Relations Team and dedicated Business Managers.
