

1. Title of the certificate ^(en)

City & Guilds IVQ Technician Certificate in Applied Telecommunication Systems (2730-01)

⁽¹⁾ In the original language

2. Translated title of the certificate ⁽¹⁾

⁽¹⁾ If applicable. This translation has no legal status.

3. Profile of skills and competences

A typical holder of the certificate is able to:

- Adopt and maintain safe working practices above and below ground
- Solve mathematical, scientific and associated problems at a technical level
- Demonstrate underpinning mathematical knowledge for communication systems and digital networks
- Apply computer skills effectively in the workplace
- Explain the basic principles of electronics as they are applied to telecommunication systems
- Investigate global and national mobile radio and telephone systems and communication technologies
- Investigate protocols, standards and standards development bodies
- Carry out a statistical survey
- Carry out a pre-installation survey to premises
- Carry out risk assessments to identify risks and prevent hazards
- Accurately test and measure analogue and digital signals
- Install high speed synchronous and wireless networks
- Set up internet data centres
- Use specialist telecoms tools and equipment safely in accordance with national standards.

4. Range of occupations accessible to the holder of the certificate (subject to the options taken) ⁽¹⁾

- Equipment Wirer and Assembler
- Radio Frequency Engineer
- Radio Repair Technician
- Specialist Cable Installer
- Telecoms Engineer
- Telecoms Project Technician.

Note: the above are examples only, other occupations may also be accessible to holders of the certificate.

⁽¹⁾ If applicable

⁽¹⁾ Explanatory note

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications, Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.
