

Andrew Newman
TechBac - Lead Qualification & Assessment Manager
City & Guilds 1 Giltspur Street
London
EC1A 9DD

19 August 2015

Dear Andrew

We are an employer who employs over 286,000 people across 80 counties, including the UK. Samsung Electronics is a global leader in technology ranging from TVs, smartphones, tablets, home appliances to media devices, semiconductors and LED solutions.

We would like to support the following City & Guilds qualification.

- City & Guilds Level 3 Advanced Technical Certificate in Digital Technologies

The qualification has been developed with the needs of the industry/sector in mind and therefore the learner would be expected to achieve all the mandatory subject areas such as:-

- Project management
- Information security
- Networking fundamentals
- Digital business communication
- Software development fundamentals
- Collection and analysis of data
- Enterprise technologies

We feel that once the learner has gained this qualification which covers the skills and knowledge needed for the Digital Industry they could take the position as a:

- Network Administrator
- Systems Administrator

We confirm that we consent to our company name (and logo) being made publicly available on the DfE and City and Guilds websites. The logo will be provided under separate cover on receipt of the preferred file type.

Yours sincerely,

Jessie Park
Citizenship Manager, Samsung Electronics UK Ltd
