DIGITAL HOME TECHNOLOGY INTEGRATORS
LEARNERS' INFORMATION

City&Guilds

Are you fascinated by the technology that lets us remotely switch on the lights, heating and air conditioning and allows us to monitor what's happening in the home? Do you want to know how to connect this technology and the equipment that makes it happen?

If you are a technician who can configure, integrate and troubleshoot and you already understand or want to learn the basic design concepts of electronic and digital home systems, then the answer could be the City & Guilds qualifications for Digital Home Technology Integrators.

IS THIS QUALIFICATION RIGHT FOR ME?

This qualification is aimed at you if you want to or already install and integrate customer digital equipment in the home. It will benefit you if you already work in IT system support, Electronic Engineering and Telecommunications.

QUALIFICATION STRUCTURE

You can specialise in one of the following areas or add other units as your interest grows, or follow the whole syllabus.

Certificate in Digital Home Technology Integration (16 credits)

- Customer Service for Digital Home Integrators (7 credits)

- Digital Home Integrator (9 credits) **or**

- CompTIA DHTI+ (9 credits).

Award for Security and Surveillance Integrators (11 credits)

- Customer Service for Digital Home Integrators

- Control and Security Systems for the Digital Home Technology Integrator (4 credits).

Award for Audio/Video and Networking Integrators (11 credits)

- Customer Service for Digital Home Integrators

- Audio Video and Networking (4 credits).

Award for Networking, Telephony and VoIP Integrator (11 credits)

- Customer Service for Digital Home Integrators

- Networking, telephony and VoIP (4 credits).

HOW WILL I LEARN AND BE ASSESSED?

You will be taught in a classroom and will be assessed via City & Guilds assignments or CompTIA DHTI+ test.

If you are taking the course in stages, then you will be assessed using City & Guilds assignments.

PROGRESSION

Qualifications that you could progress to are:

- **Advanced Diploma for IT Professionals**

- **Advanced Diploma for IT Systems Support Professionals.**

Alternatively, you may also be interested in:

- **Diploma for ICT Practitioners (e-Quals07)**

- **Certificate in Communications Cabling.**

KEY POINTS

- Modular programme

- Offers routes into employment.
