About City & Guilds
City & Guilds is the UK's leading provider of vocational qualifications, offering over 500 awards across a wide range of industries, and progressing from entry level to the highest levels of professional achievement. With over 8500 centres in 100 countries, City & Guilds is recognised by employers worldwide for providing qualifications that offer proof of the skills they need to get the job done.

City & Guilds Group
The City & Guilds Group includes City & Guilds, ILM (the Institute of Leadership & Management) which provides management qualifications, learning materials and membership services, NPTC which offers land-based qualifications and membership services, and HAB (the Hospitality Awarding Body). City & Guilds also manages the Engineering Council Examinations on behalf of the Engineering Council.

Equal opportunities
City & Guilds fully supports the principle of equal opportunities and we are committed to satisfying this principle in all our activities and published material. A copy of our equal opportunities policy statement is available on the City & Guilds website.

Level 1 IT Principles 1 (7266/7267-001)
Assignment A
Information for Candidates

About this document
This assignment comprises part of the assessment for Level 1 IT Principles 1 (7266/7267-001).

Health and safety
You are responsible for maintaining the safety of others as well as your own. You are asked to work safely at all times.

You will not be allowed to continue with an assignment if you compromise any of the Health and Safety requirements.

Time allowance
The recommended time allowance for this assignment is one and a half hours.
Time allowance: one and a half hours

Assignment set up:

This assignment is made up of three tasks

- Task A - Clean and connect computer hardware
- Task B - File management
- Task C - Using system tools

Scenario

You are working for a small company and your supervisor has put you in an office without a working computer. You have been provided with all of the hardware components and been asked to clean and connect them. When you have done this you will check that the system works as expected.

Read all of the instructions carefully and complete the tasks in the order given.

Task A - Clean and connect computer hardware

1. Clean the screen and the mouse using appropriate methods.

2. Connect up the computer hardware provided.

   (Where network printing is in use a printer cable should be supplied by your assessor and you can simulate the connection for a standalone pc).

   Observe Health & Safety guidelines at all times.

3. Ensure that the printer is loaded with paper.

4. Power up your computer and log onto the system.

   If you have any problems report these to your assessor.

   Print a printer test page and add your name, today’s date and Printout 1.

Continued over...
Task B - File management

1. Create a new folder in your work area, or on removable media, called ICT_1.

2. Search for the folder called Level 1 ICT.

3. Copy the folder Level 1 ICT and its contents to the folder called ICT_1 which you have just created.

4. Within the Folder Level 1 ICT move:
   - Banking into Accounts
   - Insurance into Home
   - Weekends into Work.

5. Using folder search tools find the file called Answers, taking a screen print before running the search showing your search criteria.

6. Open the file called Answers.

7. Save the file in your folder ICT_1 and paste your search screen print into the Answers file. Add the title Search Criteria to your pasted image.

8. Open the following folders – Accounts, Home, Weekends, Work in separate windows and then resize them so all 4 can be seen at the same time on your screen.

   Capture a screen image using the print screen facility and paste it into your Answers document (below the first image you have pasted) and add the title Screen Print 1.

9. Minimise all 5 windows and capture screen image using the print screen facility and paste it into your Answers document (below the second image) and add the title Screen Print 2.

10. Restore all 4 windows from the task bar.

11. Adjust the time on the clock to show 09.00

   Capture a screen image using the print screen facility and paste it into your Answers document (below Screen Print 2) and add the title Screen Print 3.

   **Note:** If your system does not allow you to change the time, capture the image without altering it and comment on what you would do if you were able to change it. Type your explanation into your Answers file.

Continued over ...
12 Using **Save As** save the file **Answers** and add your initials to the end of the filename eg: Answers-CG.

Save this file in the folder **Work** under the **ICT_1** folder.

13 Close all open windows except your **Answers-XX** (*XX = your initials*) document, which should be minimised.

14 Align all desktop icons in a row at the top of the screen.

Capture a screen image using the print screen facility and paste it into your **Answers-XX** document (below the **Screen Print 3**) add the title **Screen Print 4**.

Continued over ...
Task C - Using system tools

1. Access the system tools and select the Disk Defragmenter. Using the keyboard shortcuts to capture a screen image.

   Paste this image into your Answers-XX document (below Screen Print 4) and add the title Screen Print 5.

2. Exit the Disk Defragmenter and start the Task Scheduler.

   Select a suitable program to schedule eg: Virus Scan, and schedule it to run on a daily basis at 10:00 am.

   When you have selected the frequency of the task, capture a screen image of the active window using the keyboard short cuts and paste it into your Answers-XX document (below Screen Print 5) and add the title Screen Print 6.

   Exit the Task Scheduler.

3. Create a shortcut to your file Answers-XX inside your folder ICT_1.

4. Access the System Help files.

   Search for the topic Assign drive letter.

   Access the first result of your search and print this out in economy mode (if available) adding your name, today’s date and printout 2.

5. Re-save your document Answers-XX and close the file.

6. Ask your Assessor to observe you closing any open application software.

7. Correctly logoff the network and correctly shutdown the operating system.

   Power off your Computer.

When you have finished working:

- Sign each document above your name and label all removable storage media with your name.
- Hand all paperwork and removable storage media to your assessor.

If the assignment is taken over more than one period, all paperwork and removable media must be returned to the test supervisor at the end of each sitting.
