Assignment A

Introduction – Information for Candidates

About this document
This assignment comprises all of the assessment for Level 2 Working with computerised accounting software (7266-027).

Health and safety
You are responsible for maintaining the safety of others as well as your own. You are asked to work safely at all times.

You will not be allowed to continue with an assignment if you compromise any of the Health and Safety requirements.

Time allowance
The recommended time allowance for this assignment is two hours.
Time allowance: Two hours

Assignment set up:

This assignment is broken down into 10 parts:

1. A brief scenario.
2. Task A requires candidates to log onto and prepare a PC and prepare a printer and stationery.
3. Task B requires candidates to input customer and supplier invoices and credit notes.
4. Task C requires candidates to produce sales and purchase reports.
5. Task D requires candidates to enter customer receipts and supplier payments.
6. Task E requires candidates to produce customer and supplier reports.
7. Task F requires candidates to enter transactions into the nominal ledger.
8. Task G requires candidates to produce reports and transaction details.
9. Task H requires candidates to use audit tools and management controls.
10. Task I requires candidates to back up data, log off and close down the computer.
**Scenario**

It is early June.

You have recently found employment with Cellini Arts Ltd, a small specialised art dealer. You are responsible for the accounting functions of the company which sells art to individuals, large corporate and stately homes. You are also responsible for requesting any stationery supplies and consumables.

New accounting software has been purchased and installed. It is your role to use the software to record all transactions and produce reports when required.

The software has been installed and some accounting policies, including coding structures have been defined within the company. Some accounts for the nominal ledger, customers and suppliers have been set up. The financial year started on 1st May and data relating to May transactions has already been entered onto the system.

There are a number of transactions to enter on the system. Your manager has defined the tasks which he sees as a priority. He has marked these tasks as tasks A to J and he would like you to try to complete these tasks.

At the end of your assignment an additional 5 minutes will be allocated to ensure that you have time to complete Task I.

The tasks set by your line manager are as follows:-

**Task A - Log onto and prepare a PC and prepare a printer and stationery**

1. Power up the computer.
2. Access the accountancy software package.
3. Log on using the password provided.
4. Check that there is a printer available for use.
5. Check that suitable stationery is available for use with the software.
6. Ensure that you have a suitable storage medium for backup purposes.
7. Your line manager has sent to you two memos asking for information.
   
   The memos are shown over the page. Write a brief response to each of his queries in the response area.

**Note:** Throughout this assignment you will be asked to answer questions and to enter current values from the accounts. The answers and values can be entered onto this question paper or, if provided by the centre, an answer sheet. Ensure that your name is written or typed onto any documents forming the answers to this assignment.
MEMO 1

I’m meeting a printer tomorrow. Can you please list for me two or three main types of pre-printed stationery that we use for the accounting system?
RW

RESPONSE

MEMO 2

I have to meet the auditors next week. Could you please outline the main risks to and the security features found on accounting systems?

Task B - Input customer and supplier invoices and credit notes

1 You receive the memo below. Create accounts for the new customers using suitable customer codes.

You should use the existing scheme which uses the first three characters of the customers’ name followed by 001 or, if that code is already in use the next available number in the series (001...002...003 etc).

MEMO 3

Could you please set up a record for the new customers whose details are set out below.

**Task H - Use audit tools and management controls**

1 Print a first payment reminder for Newbury District Arts Society. Write your name on this report and mark it **Printout5**.

2 Print a trial Balance at 30-Jun-20XX. Write your name on this report and mark it as **Printout6**.

3 Print out a nominal ledger history report for all transactions. Write your name on this report and mark it **Printout7**.

**Task I – Back up**

1 Back up your data onto a suitable storage medium. Name the backup file **compaccountsXX** where XX are your initials eg **compaccountsCG**.

2 Close the accounting package and shut down your machine.
When you have finished working:

- Sign each document above your name and label all removable storage media with your name.
- Hand all paperwork and removable storage media to your assessor.

If the assignment is taken over more than one period, all paperwork and removable media must be returned to the test supervisor at the end of each sitting.
