Assignment guide for Candidates
Assignment B
About City & Guilds
City & Guilds is the UK’s leading provider of vocational qualifications, offering over 500 awards across a wide range of industries, and progressing from entry level to the highest levels of professional achievement. With over 8500 centres in 100 countries, City & Guilds is recognised by employers worldwide for providing qualifications that offer proof of the skills they need to get the job done.

City & Guilds Group
The City & Guilds Group includes City & Guilds, ILM (the Institute of Leadership & Management) which provides management qualifications, learning materials and membership services, NPTC which offers land-based qualifications and membership services, and HAB (the Hospitality Awarding Body). City & Guilds also manages the Engineering Council Examinations on behalf of the Engineering Council.

Equal opportunities
City & Guilds fully supports the principle of equal opportunities and we are committed to satisfying this principle in all our activities and published material. A copy of our equal opportunities policy statement is available on the City & Guilds website.

About this document
This assignment comprises all of the assessment for Level 1 Design and Imaging software (DIS 7574-120).

Health and safety
You are responsible for maintaining the safety of others as well as your own. You are asked to work safely at all times.

You will not be allowed to continue with an assignment if you compromise any of the Health and Safety requirements.

Time allowance
The recommended time allowance for this assignment is one and a half hours.
Time allowance: One and a half hours

The assignment:

This assignment is made up of three tasks

- Task A - Image layout
- Task B - Inserting information and grouping images
- Task C - Editing and save version control

Scenario

You work in the marketing department for a Californian Real Estate company who are planning a re-branding. You have been asked to create a new company logo that can be used on the company’s website, letterheads and advertising media.

The CEO of the company would like the new logo to have a standard look of a house with the company name and a new slogan above.

Read all of the instructions carefully and complete the tasks in the order given.

Task A – Image layout

1. In your work area create a folder called So Cal Real.

2. Open your design and imaging software with a blank page layout to create your logo.

3. Your completed image will look similar to the one shown:

   ![Logo Image](image.png)

   Make the right move

   Note: Your text may look slightly different depending on the font you choose.

Continued over...
Create a rectangle near the middle of the page (using AutoShapes or similar):

- Resize the rectangle AutoShape to **2cm** in height.
- Resize the rectangle AutoShape to **5cm** in width.

Apply a **Brown** fill colour to this rectangle.

Create a Trapezoid (using AutoShapes or similar) with black border on your page.

- Resize the rectangle AutoShape to **1.5cm** in height.
- Resize the rectangle AutoShape to **6cm** in width.

Apply a **Black** and **White Shingle** style fill effect pattern (or similar) to the trapezoid.

Rotate the Trapezoid **180°** and position it directly above the rectangle to act as a roof.

Create a second rectangle with a black border on your page.

- Resize the rectangle AutoShape to **1cm** in height.
- Resize the rectangle AutoShape to **0.5 cm** in width.

Apply a **Brown** fill colour to the second rectangle.

Position the second rectangle directly above the Trapezoid to act as a chimney.

Create a rectangle under larger brown rectangle (using AutoShapes or similar).

- Resize the rectangle AutoShape to **1cm** in height.
- Resize the rectangle AutoShape to **5cm** in width.

Task B – Inserting information and grouping images

1. Insert text into the larger **Brown** rectangle to say:
   
   SO CAL REAL ESTATE

2. Format this text with a font style so that it appears on two lines and is suitable for this design.

3. A new company slogan is to be inserted into the image design.
   
   Within the **White Rectangle** insert the following text:
   
   Make The Right Move
Format this text with a font style so that it appears on one line and is suitable for this design.

Group the four shapes so that they become one image.

Save your design as the default file type as So Cal Test.

Save the image design as a JPEG with the name So Cal Logo in your So Cal folder.

Task C – Editing and save version control

1 Your supervisor has reviewed your design and has suggested that the white rectangle should not have a border.

2 Un-group the image and ensure the border around the white rectangle is removed.

3 Re-group the rectangles so that they are one image again.

Save your design using the default file type as So Cal Test 2.

4 Preview and check the layout of your design.

Resave the image design as a JPEG with the name So Cal Logo 2 in your So Cal folder.

5 Your supervisor would like to use your design on the company’s website; however, he feels that it would look better with another image behind it.

6 Close your design and open a new blank page layout.

7 Choose and insert an image from those provided to you by your assessor.

Think about any copyright laws that may affect your choice.

8 Position the image to the top left of your page.

9 Resize the image as required, filling the full width of the page.
10 Insert your design image So Cal Logo 2 into the bottom right hand corner of the image you have just inserted.

Resize if necessary to make sure that all of the red stripes are clearly shown. It should look similar to the example shown:

![Inserted design image]

11 **Group** these images so that they act as one.

12 Preview and check the layout of your design.

Save the image design as a GIF with the name **Web Banner** in your **So Cal** folder.

13 Close the document and shut down your computer.

When you have finished working:

- Sign each document above your name and label all removable storage media with your name.
- Hand all paperwork and removable storage media to your assessor.

If the assignment is taken over more than one period, all paperwork and removable media must be returned to the test supervisor at the end of each sitting.

**End of assignment**
