Level 3 Using email (EML 7574-308) Assignment B
Candidate instructions

Time allowance: two and a half hours

The assignment:

This assignment is made up of three tasks

- Task A - Security
- Task B - Set up address book
- Task C - Sending and receiving emails

Scenario

You work for the Head Office of a company, Major Marketing, which produces potential customer information for its branches, as well as promotional material. There are five branches, nationwide, each of which has a Data Administrator, the five branches are as follows:

- Lincoln
- Leeds
- Glasgow
- Manchester
- London

You are required to show an in depth knowledge of safety and security processes and an advanced method of transmitting messages in the most efficient way.

You are tasked with disseminating databases of potential customers and various promotional advertising materials (both text and pictorial) to those Administrators. Each database contains personal information which must be kept confidential, and has a storage size in excess of 300mb. Every promotional package must be kept equally secret, and has a folder size between 50mb and 150mb, depending on the pictorial content. All branches are connected to Head Office on the same email system.

Read all of the instructions carefully and complete the tasks in the order given.

Task A – Security

Work safely at all times.

1 Explain ‘two-factor’ authentication.
Task B – Set up address book

1. Start up an email software application.

2. Create an address list for each of the five branches. The email address for each branch is in the following format.
   cityname@majormarketing.coz

   Save each contact as cityname branch.

3. Create a group called branches which will include all five contacts. Take a screen print and paste this into your Answers 308 B document provided by your assessor.

4. Set up a ‘Group’ folder in the ‘Sent Items’ folder.

Task C – Sending and receiving emails

1. Using your Answers 308 B document provided by your assessor research any three of following for your email application/service:
   - storage capacity of inbox
   - maximum size for file attachments
   - maximum number of file attachments
   - what password protection is available
   - what other services are available eg calendar

2. Using your Answers 308 B document provided by your assessor explain how you could rectify the issue of a full inbox.

3. Using your Answers 308 B document provided by your assessor explain how to improve message transmission when using file attachments.

4. Set the application/service to move sent messages to the ‘Group’ folder after transmission.

   Screen print the setting.

   Compose an email message to the group about a marketing promotion that will be held on the 20th of next month. Use correct netiquette throughout.

   Subject line ‘Major Marketing Promotion’
   (check for accuracy)

   Cc the assessor.
   Screen print the email.
   Send the email.

Continued over...
Refer to the company’s email policy.

Using your **Answers 308 B** document provided by your assessor provide the following:

In order to develop the policy further and to prevent common email problems, you have been asked to recommend **three** additional guidelines that could be added and an explanation of how they will help.

When finalised, using email, what method would you use to ensure that the policy has been communicated to all members of staff.

You should have now received an email from your assessor.

Create a new folder in your inbox called ‘auto replies’ then file the received email in this folder.

When you have finished working:

- Produce a printout of your ‘Answers’ document.
- Sign each document above your name and label all removable storage media with your name, ensuring that your ‘Answers’ document is included.
- Hand all paperwork and removable storage media to your assessor.

If the assignment is taken over more than one period, all paperwork and removable media must be returned to the test supervisor at the end of each sitting.

**End of assignment**
